Abstract, by States and principal cities, of the reports of national banks, from October 1, 1879, to October 1, 1881 ..... CLXXIII
Report of the condition of each national bank on October 1, 1881 ..... 1

## REPORT

# THE COMPTROLLER OF THE CURRENCY. 

## Treasury Department, Office of the Comptroller of the Currency, Washington, December 3, 1881.

I have the honor to submit for the consideration of Congress the nineteenth annual report of the Comptroller of the Currency, in compliance with section 333 of the Revised Statutes of the United States.

Eighty-six national banks were organized during the year ending November 1 last, with an aggregate authorized capital of $\$ 9,651,050$, to which $\$ 5,233,580$ in circulating notes have been issued. This is the largest number of banks organized in any year since 1872. Twentysix bauks with an aggregate capital of $\$ 2,020,000$, and circulation of $\$ 1,245,530$, have voluntarily discontinued business during the year. National banks are located in every State of the Union except Mississippi and in every Territory except Arizona, the total number in operation on October 1 last being 2,132. This is the greatest number of banks that has ever been in operation at any one time. The total number of national banks organized from the establishment of the national-banking system, February 25, 1863, to November 1 of the present year is 2,581 .

From the establishment of the system to November 1 last, 340 banks have gone into voluntary liquidation by the vote of shareholders owning two-thirds of their respective capitals, and 86 have been placed in the hands of receivers for the purpose of closiug up their affairs. The total amount of claims proved by the creditors of these insolvent banks is $\$ 25,966,602$, and the amount of dividends paid to creditors is $\$ 18,561,698$.

The estimated losses to creditors from the failures of national banks, during the eighteen years since the passage of the act, is $\$ 6,240,000$, and the average annual loss has therefore been about $\$ 346,000$, in the business of corporations having an average capital of about $\$ 450,000,000$, and deposits averaging about $\$ 800,000,000$. Twenty-one of these insolvent banks have paid their creditors in full, and forty of them have paid more than 75 per cent. each. The individual liabilities of shareholders of insolvent banks has been enforced in fifty three instances, and about $\$ 2,700,000$ has been collected from this source. During the
past year dividends have been declared in favor of the creditors of insolvent national banks, amounting to $\$ 929,059$, and the affairs of twelve such banks have been finally closed, nine of which have paid their creditors in full.

There were no failures of national banks during the period from June 19,1880 , to November 1 of the present year. Since that date the Mechanics' National Bank of Newark, and the Pacific National Bank of Boston, to which reference will be made hereafter, have suspended, and the former bank has been placed in the hands of a receiver.

The following table exhibits the resources and liabilities of the national banks, at the close of business on the 1st day of October, 1881, the returns from New York City, from Boston, Philadelphia and Baltimore, from the other reserve cities, and from the remaining banks of the country, being tabulated separately :

|  | New York City. | Boston, Philadelphia, and Baltimore. | Other reserve cities.* | Country banks. | Aggregate. |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | 48 banks. | 102 banks. | 87 banks. | 1,895 banks. | 2, 132 banks. |
| Resources. |  |  |  |  |  |
| Loans and discounts. | \$246, 757, 659 | \$211, 814, 653 | \$134, 406, 498 | \$576, 043, 493 | \$1, 169, 022, 303 |
| Overdrafts | 143, 733 | 55, 507 | 386, 397 | 4, 188, 143 | 4, 773, 780 |

Similar tables in reference to a number of the States in different sections of the country are given in the Appendix.

## EXTENSION OF THE CORPORATE EXISTENCE OF NATIONAL BANKS.

Section 11 of the National Bank Act of February 25, 1863, provided that-
Every association formed pursuant to the provisions of this act may make and use a common seal. and shall have succession by the name designated in its articles of association and for the period limited therein, not, however, exceeding twenty years from the passage of this act.

Section 8 of the act of June 3, 1864, provides that each association-
Shall have power to adopt a corporate seal, and shall have succession by the name designated in its organization certificate, for the period of twenty years from its organization, unless sooner dissolved according to the provisions of its articles of association, or by the act of its shareholders owning two-thirds of its stock, or unless the franchise shall be forfeited by a violation of this act.

The act last named, as well as that which preceded it, contains the following provision :
Copies of such [organization] certificate, duly certified by the Comptroller, and authenticated by his seal of office, shall be legal and sufficient evidence in all courts and places within the United States, or the jurisdiction of the government thereof, of the existence of such association, and of every other matter or thing which could be proved by the production of the original certificate.
Section 5136 of the Revised Statutes of the United States provides that-

Upou duly making and filing articles of association and an organization certificate the association shall become, as from the date of the execution of its organization certificate, a body corporate, and as such and in the name designated in the organization certificate, it shall have power, first, to adopt and use a corporate seal; second, to have succession for the period of twenty years from its organization, unless it is sooner dissolved according to the provisions of its articles of association, or by the act of its shareholders owning two-thirds of its stock, or unless its franchise becomes forfeited by some violation of law.

From these sections it appears that the period of existence of an association, as a body corporate, commences from the date of its organization certificate, and not from that of the certificate of the Comptroller, authorizing the association to commence business, as provided for in section 5169 of the Revised Statutes. The corporate existence of the national bank first organized will, under this limitation of law, expire on January 1, 1882, and that of the second bank on April 11 following. From the date last named to Feloruary 25, 1883, the number of banks whose corporate existence will terminate is 393 , having a capital of nearly 92 millions, and circulation of nearly 68 millions, as follows:

|  | Date. | No. of banks. | Capital. | Circulation. |
| :---: | :---: | :---: | :---: | :---: |
|  | 1882. |  |  |  |
| In May |  | 11 | \$3, 900, 000 | \$1, 781, 500 |
| In Jume |  | 16 | 4, 205,000 | 3, 452, 500 |
| In July |  | 24 | 4, 385,000 | 3, 591, 500 |
| In August. |  | 10 | 1, 205, 000 | 863,000 |
| In September |  | 11 | 3,532,500 | 1,577,500 |
| In Oetober ... |  | 5 | 550,000 | 494, 100 |
| In November. |  | $\stackrel{5}{5}$ | 850,000 | 770, 000 |
|  |  |  | 5, | 500, 000 |
|  | 1883. |  |  |  |
| In January. |  | 9 | 1, 250,000 | 1, 080,000 |
| On February 25 |  | 297 | 71,538,450 | 53, 740, 810 |
| Totals |  | 393 | 91, 985, 950 | 67, 855, 910 |

The number of national banks organized under the act of June 3, 1864, the term of whose corporate existence will cease during each year prior to 1891 , is 1,080 , with capital and circulation as follows:

Bills will undoubtedly be brought before Congress during its present sessiou for the extension of the charters of those banks whose corporate existence is soon to expire.

The principal reason urged by those who favor a discontinuance of the national banking system is, that money can be saved by authorizing the government to furnish circulation to the country; in other words, that the profit to the banks upon their circulation is excessive. Sixteen years ago the banks had on deposit, as security for circulation, 276 millions of dollars in United States bonds, of which amount nearly 200 millions was in six per cents and 76 millions in five per cents. The banks now hold 32 millions of four and a half per cents; 92 millions of four per cents; 241 millions of three and a half per cents, converted from five and six per cents; and also $3_{2} \frac{1}{2}$ millions of Pacific railroad sixes. The remaining five per cent. bonds held by them, amounting in all to $\$ 758,900$, have ceased to bear interest. The average premium borne by the four per cent. bonds during the last six months has been about sixteen per cent., and at this price they net to the holders less than three and a half per cent. interest. During the same period the three and a half per cents also have, for a considerable portion of the time, been worth a premium in the market of from one to two per cent., so that the banks do not at the present time, and it is probable that they will not, for a loug time to come, receive an annual average rate of interest as great as three and a half per cent. upon the United States bonds deposited by them as security for their circulating notes. Until the year 1877 the banks continued to receive interest upou the par value of their bonds at the rate of either five or six per cent., while the net interest now received, as already stated, does not exceed three and onehalf per cent. On ten per cent. of the amount of bonds thus deposited by the banks, amounting to 39 millions, they receive no circulation; and from this portion of their bond deposit they derive no benefit or advantage not possessed by any other class of bondholders. They pay a tax of one per cent. upon the amount of their circulating notes outstanding; keep on deposit with the Treasurer an amount of lawful money equal to five per cent. of their issues, as a permanent redemption fund; and also reimburse to the United States the expense of redeeming their notes at the Treasury. The actual net profit upon circulation, based upon a 4 and a $3 \frac{1}{2}$ per cent. bond, and with rates of interest on bauk loans varying from five to ten per cent., is estimated to be as shown in the following table:

The profit upon circulation is seen to be greatest where the rate of interest for the loan of money is least; and this arises from the fact, already stated, that the bank receives in circulating notes ten per cent. less in amount than it deposits in bouds. Thus, if the bonds deposited are three and one-half per cents, and the commercial rate of interest is ten per cent., there is a loss to the bank of six and one-half per cent. upon the ten per cent. margin of bonds deposited. If the commercial value is six per cent. only, then the loss upon the margin mentioned is two and one-half per cent., instead of six and one-half per cent., as in the previous case.

The profit on circulation varies, therefore, from one and one-eighth per cent., where the interest on loans is nine per cent., to one and one-half per cent. where the rate of interest is six per cent.

The proportion of taxation, National and State, imposed upon the banks has been shown to be much greater than that upon any other moneyed capital, being in the aggregate equal to an average rate of four per cent. upon the amount of their issues. The amount of interest received by the banks upon the United States bonds held by them has in late years gradually decreased, and the profit upon circulation has thereby been reduced almost to the minimum. Such profit camot now, at least, be said to be excessive.

But if the National Bank Act has conferred upon the associations organized thereunder the right to issue circulating notes, it has placed them all under the operation of a uniform system, and has surrounded them with numerous restrictions, among which are the following:

The capital stock must be fully paid in, and a portion of this capital, not less in any case than $\$ 50,000$, must be invested in United States bonds and deposited with the Treasurer. If the capital stock of an association becomes impaired at any time, it must be promptly restored. Their circulating notes must be redeemed at par, not ouly at the place of issue, but at the Treasury of the United States.

The banks must lend on personal security only, and not upon that of real estate, and only ten per cent. of their capital may be loaned upon accommodation notes, or other than actual business paper, to any one person, company, firm or corporation. They cannot lend money on their own circulating notes, or upon shares of their own stock, and must take the notes of every other national bank in payment of debts due to them. The rate of interest charged must not be greater than the rate provided by the laws of the several States in which they are located. They must pay taxes or duties to the government upon their capital stock, deposits and circulation, and to the States they must pay such taxes as are imposed on other moneyed capital. They are required to keep on band as a reserve, in coin or other lawful money, a certain proportion of their deposits. There must be no preference of creditors in cases of insolvency.

Shareholders are held individually responsible for all contracts, debts and engagements of the association, to the extent of the par value of their stock, in addition to the amount invested in such shares. The banks are required, before the declaration of any dividend, semi-annually to merease their surplus fund by an amount equal to one tenth of their net earnings for the preceding six months, until it shall equal twenty per cent. of their capital. Losses and bad debts must be charged to profit and loss account before dividends are paid. In other words, dividends must be earned before they are declared. Full statements, accompanied by schedules, of their resources and liabilities must be made to the Comptroller several times in each year, and must also be published at the expense of the association making the same. Other statements, showing their semi-annual profits, losses, and dividends, must also be returned, and statements in reference to the business of any association making the same may be required at any time, a penalty of $\$ 100$ per day being prescribed for each day's delay to comply with the call therefor. The banks are subject to personal examinations, and if a bank becomes insolvent a receiver may be at once appointed. If the directors knowingly violate, or permit to be violated, any of the provisions of the act, all the rights and privileges of the bank are thereby forfeited; and the di-
rectors are held personally and individually responsible for all damages sustained by any person in consequence of such violation.

It is recommended that an act be passed during the present session, anthorizing any national bank, with the approval of the Comptroller, at any time within two years prior to the date of the expiration of its corporate existence, to extend its period of succession for twenty years, by amending its articles of association. The bill may provide that such amendments must be authorized by the votes of shareholders owning not less than two-thirds of the capital of the association, the amendment to be certitied to the Comptroller of the Currency, by the president or cashier, verified by the seal of the association, and not to be valid until the Comptroller's approval thereot shall have been obtained, and he shall have given to the association a certificate anthorizing it to continue its business under such extension. Responsibility for the extension of the corporate existence of the banks will thus, in a measure, rest with the Comptroller; and hecan require such an examination of its affairs to be made, prior to granting the extension, as may seem to him proper, in order to ascertain if the capital stock is intact, and all the assets of the bank in a satisfactory condition.

It is unquestionably true that many national banks would greatly prefer the abolishment of the national system, if it were accompanied by a repeal of the provision of law imposing a tax of ten per cent. upon State bank circulation; and there is little reason to doubt that such repeal would speedily follow the abrogation of the National Bank Act. The laws in many of the States authorize the issue of State bank notes, based upon the deposit of State bonds as security therefor. The repeal of the tax law referred to would result in re-establishing the State bank systems in many parts of the country, the issues of which would be far more profitable to the banks themselves than is the circulation now issued under the national system; while in other sections circulating notes, put forth without any security whatever, would prevail as formerly. The notes of these varions systems would be redeemable, not at any common center, as at present, but at the chief city of each State or section of country issuing the same; and the price of exchange would thereby be euhanced to rates certainly not less than the cost of transporting gold from the places of redemption to the commercial center of the country. In many parts of the country these rates would necessarily be oppressive, resulting in great loss to the people, which loss would steadily increase with the growth of business.

As another consequence of the abolition of the present system, the large surplus which the national banks have now accumulated, amounting to $\$ 128,140,618$, and which adds greatly to their strength and safety, would doubtless be divided among their sharebolders; while many of the safeguards and restrictions of the present law, which experience has shown to be valuable, will be either abolished or so changed by the varying legislation of the several States, as to be practically of little value in comparison with the present homogeneous system.

If, on the other hand, the corporate existence of the national banks shall be extended, all the advantages of the existing system will be preserved, subject to such amendments as may be hereafter found necessary; while the circulation of the banks, which is the principal objection urged against the system, will, under existing laws, diminish in volume as the public debt shall be reduced.

The whole number of national banks in operation on October 1 last was 2,148. Of this number 393 were associations having a capital of $\$ 50,000$ each ; 164 had a capital of over $\$ 50,000$ and less than $\$ 100,000$, and the capital of 829 banks ranged from $\$ 100,000$ to $\$ 150,000$ each. The mini-
mum amount of bonds required to be deposited by banks of the capital named is one-third of their capital, but not less in any case than $\$ 30,000$. The minimum amount required by all other banks is $\$ 50,000$, and the least amount of bonds which, under existing laws, may be deposited by the 2,148 banks now in operation, is about $\$ 82,400,000$. It is probable that from 100 to 150 millions of United States bonds would be sufficient to supply the minimum amount necessary to be deposited with the Treasurer by all the banks which may be established during the next twenty years. It is therefore evident that the national banking system may be continued without change in this respect for many years, even if the bonded debt of the United States shall, during that time, continue to be reduced as rapidly as it has in the past year. The discussion of the question as to the kind of circulating notes which will be substituted for the national-bank notes, if the latter are retired, is postponed for the present, as it is impossible to forsee the events which may occur to affect that question within the next few years.

If, for any reason, the legislation herein proposed shall not be favorably considered by Congress, the banks can still, under the present laws, renew their existence if they so desire; and in the absence of prohibitory legislation many of them undoubtedly will, on the expiration of their present charters, organize new associations, with nearly the same stockholders as before, and will then apply for and obtain from the Comptroller certificates authorizing them to continue business for twenty years from the respective dates of their new organization certificates. Such a course of procedure will be perfectly legal, and, indeed, under the existing laws, the Comptroller has no discretionary power in the matter, but must necessarily sanction the organization, or reorganization, of such associations as shall have conformed in all respects to the legal requirements.

The passage, however, of a general act directly authorizing an extension of the corporate existence of associations whose charters are about to expire would, in many instances, relieve the banks from embarrassment. As the law now stands, if the shareholders of an association are all agreed, the process of reorganization is simple; but if any of the shareholders olject to such reorganization, they are entitled to a complete liquidation of the bank's affairs, and to a pro rata distribution of all its assets, including its surplus fund. In many instances executors and administrators of estates hold national-bank stock in trust; and while they might prefer to retain their interests in the associations which issued the stock, they would perhaps have no authority to subscribe for stock in the new organizations. While, therefore, the legislation asked for is not absolutely essential, yet its passage at an early day would be a great convenience to many of the national banks, and especially so to the class last referred to.

## SUBSTITUTES FOR MONEY.

For a long period in their early history, bills of exchange were in fact what their name implied-namely, bills drawn in one country to be paid in another. The common law of England, which inflexibly forbade the assignment of debt, was a bar to their early introduction in to that country; but they eventually forced themselves into use there, through the facilities which they afforded in the conduct of trade with other nations. It was long before the transfer of inland debts was sanctioned in England; but the practice at length prevailed, being first adopted in the intercourse between Londou and York, and London and Bristol. By the gradual striking off of one limitation after another, bills
of exchange,* after the lapse of several centuries, became what they now are, simply an order from one person to another to pay a definite sum of money. The convenience of trade gradually overpowered the narrow restrictions of the common law, until it became lawful to transfer an obligation from one person to another, in the form of a bill of exchange, while at the same time it remained unlawful to do so in other forms, such as by a simple acknowledgment of the debt by the debtor.

About the end of the sixteenth century the merchants of Amsterdam and Hamburg, and of some other places, began to use instruments of credit among themselves; and, as their intercourse increased, these instruments naturally assumed the form of an acknowledgment of the debt by the debtor, with a promise to pay to the bearer, on demand, or at a specified time. Such instruments are now called promissory notes. They first began to be used by the goldsmiths, who originated the modern system of banking soon after 1640. They were then called goldsmiths' notes, but they were not recoguized by law. The first promissory notes issued in England, under the sanction of law, were those of the Bank of England, in 1694, and which were technically bills obligatory, or bills of credit. By the act founding the bank its notes were declared to be assignable by indorsement, although this privilege was not then extended to other promissory notes. But by an act passed in 1704, promissory notes of every kind, including those of private bankers and merchants, as well as of the Bank of England, were all placed on the same footing as inland bills of exchange; that is to say, they were all made transferable, by indorsement on each separately. With respect, however, to the Bank of England notes, as these were always payable on demand, the practice of indorsing soon fell into disuse, and they passed from hand to hand like money. In the case also of the notes of private bankers of great repute, the indorsement was often omitted.

Until near the year 1772, this method of making exchanges by the issue of promissory notes, made payable to bearer on demand, was generally adhered to by bankers. But about that time the practice in this respect became changed. When the bankers made discounts for their customers, or received deposits from them, instead of giving as before promissory notes or deposit receipts, they wrote down the amount to the credit of their customers on their looks. They then gave them books containing a number of printed forms. These forms were called checks, and were really bills of exchange drawn upon the banker, payable to the bearer on demand.

Prior to the period when checks were introduced, the issue of promissory notes by the Loudon bankers was very extensive; but the method of doing business by the use of checks was found by thein to be so couvenient, and it possessed so many practical advantages over that by way of notes, that issues of the latter were soon generally discontinued, and that of checks adopted in their stead. The bankers, however, were never forbidden to issue such notes until the bank act of 1844 .

For many years the English courts held that a check is binding on the banker, having assets of the drawer, without acceptance; but more recently these earlier decisions have been overruled, and it is now the established doctrine of the highest English tribunals that a check is not binding upon a bank until accepted, notwithstanding the fact that the bank has assets of the drawer. In a case in which the First National Bank of New Orleans was defendant, where certain holders of its drafts on a Liverpool bank attempted to recover from the latter bank the amount of the drafts out of an ample balance to the credit of the New

[^1]Orleans bank after its failure, the House of Lords affirmed the decision of the Lord Chancellor, and held that the drafts were not even equitable assiguments of any part of the drawer's funds.*

PROPORTION OF BANK CHECKS, BANK NOTES, AND COIN USED IN LONDON, FROM DATA PREPARED BY SIR JOHN LUBBOCK.
The first information given to the public as to the amount and proportion of checks, bank notes, and coin used in the business of banking, was by Sir John Lubbock, an eminent scieutist and banker, and president of the London Institute of Bankers, and was based upon the business of his own bank during the last few days of 1864. His statement, given below, is copied from a paper read by him before the London Statistical Society, in June, 1865, entitled "Country Clearing," and published in the journal of that society for September, 1865, to whose tables I have added the proportions of checks, bank notes, and coin:

In order to give the proportion of the transactions of bankers which passes through the clearing house to that which does not, I took the amount of $£ 23,000,000$, which passed through our hands during the last few days of last year, and found that it was made up as follows:

| Clearing | £16,346, 000 | 70.8 | cent. |
| :---: | :---: | :---: | :---: |
| Cheques and |  |  |  |
| ing. | 5, 394, 000 | 23.4 | '6 |
| Bank notes | 1, 137,000 | 4.9 | ، |
| Coin | 139,000 | 0.6 |  |
| Country notes. | 79,000 | 0.3 | 6 |
| Total. | $23,095,000$ | 100.0 | '6 |

It wonld appear from this that out of each $£ 1,000,000$, rather more than $£ 700,000$ passes throngh the clearing. The second amount given above, £5,394,000, includes, of course, the transfers made in our own books from the account of one customer to
 ing the cheques and bills on banks which did not clear.

In order to ascertain the proportion of payments made in bank notes and coin, in town, I have taken an amount, $£ 17,000,000$, paid in by our London customers. This was made up as follows:

| Cheques and bills on clearing bankers | £13,000,000 | 77.4 per cent. |  |
| :---: | :---: | :---: | :---: |
| Cheques and bills on ourselves | 1,600,000 | 9.5 |  |
| Cheques and bills on other bankers | 1,400, 000 | 8.3 | " |
| Bank of England notes | 674, 470 | 4.0 | " |
| Country bank notes | 9,570 | 0.1 | " |
| Coin | 117, 960 | 0.7 | '6 |
| Total. | 16, 802, 000 | 100.0 | " |

The above amount of bank notes, small as it is, must, I think, be still farther reduced. All the clearing bankers have accounts at the Bank of England, and, as we require notes to supply our till, we draw them from the Bank of England, crediting the bank in our books. Ont of the above amount of $£ 674,470, £ 266,000$ were notes thus drawn by us from the bank to replenish our till, and did not represent an amount paid in by our customers to their credit. This amount must, therefore, I think, be deducted from both sides of the account. On the other hand we must add the amount of notes paid in for collection and discount, and loans on security, which pass through a different set of books and which represented a sum of $£ 2,460,686$.
Making these alterations we find that out of $£ 19,000,000$ credited to our town customers, $£ 408,000$ consisted of bank notes, $£ 79,000$ of country bank notes, and $£ 118,000$ of coin :

| Cheques and bills | £18, 395, 000 | 96.8 per cent. |
| :---: | :---: | :---: |
| Bauk notes | 408,000 | 2.2 " |
| Country notes | 79,000 | 0.4 |
| Coin. | 118, 000 | 0.6 |
| Total | 19, 000, 000 | 100.0 |

In an article on bank notes, published in the Journal of the Institute of Bankers, London, for March, 1880, Mr. John B. Martin gives a table showing the percentage of bank notes, coin and checks used in bauking transactions, which was compiled by him from several sources. This table is given below :

|  | Robarts, Lubbock \& Co. |  | Morrison, Dillon \& Co. |  | Manchester and Salford Bank and another local bank. |  |  | Martin \& Co. |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Received 1864 London. | Received 1864, general. | Received. | Paid. | 1859. | 1864. | 1872. | $\begin{aligned} & \text { Received } \\ & 1878-79 . \end{aligned}$ | Paid 1878'79. |
| Bills and cheques Notes <br> Coin. | $\begin{array}{r} \text { Per cent. } \\ 96.8 \\ 2.6 \\ .6 \end{array}$ | Percent. 94.1 5. 3 .6 | Per cent. 90 7 3 | Per et. 97 2 1 | $\begin{gathered} \text { Per ct. } \\ 37 \\ \} \quad 53 \end{gathered}$ | Perct. $\left\{\begin{array}{r} 58 \\ 38 \\ 4 \end{array}\right.$ | Per ct. 68 27 5 | Per cent. 96.5 2.6 .9 | P. ct. 96.9 2.1 1.0 |
|  | 100 | 100 | 100 | 100 | 100 | 100 | 100 | 100 | 100 |

The first two columns of percentages are obtained from the data contained in the table previously given, and show the ratio of checks, notes, and coin received by the firm of Robarts, Lubbock \& Co., in payments made to them during the last few days of 1864; the first columu showing the percentages of the items named above, in the receipts from London bankers alone, and the second, the percentages in the receipts from all sources. The next two columns are derived from an analysis of the receipts and payments of the firm of Messrs. Morrison, Dilon \& Co. The next three columns show, for the years 1859,1864 , and 1872 , respectively, the percentages of checks and cash derived from an estimate made of the total transactions of the Manchester and Salford Bank, and published in the Journal of the Statistical Society for March, 1873, at page 86. In reference to these transactions of the Manchester banks, it is stated that the amount of cash shown is very remarkable, and that it is believed the proportion of coin in it very largely exceeds that of England, taken as a whole, because the statement proceeds from a great wage-paying district. The last two columns of the table show the results of an analysis of the receipts and payments of Martin \& Co. To obtain these percentages, the transactions of Mr. Martin's own firm were observed for six working days in each month, from the 20th to the 26th, for a period of several months, covering the latter part of 1878 and the first part of 1879.

In each instance in this table, it is to be observed, the transactions are those of one bank or firm only, and in making up the aggregate, from which the percentages are calculated, the business for several days has been taken; differing in these respects from the returns hereafter given from the national banks in this country, which are results obtained from combining the transactions upon one day, and for the most part of the same day, of a large number of banks doing business in widely different sections of the country.
PROPORTION OF BANK CHECKS USED, FROM DATA PRESENTED BY PRESIDENT GARFIELD.
The first information ever given upon this subject in this country was compiled by the late President Garfield, who was well known as a careful investigator of economic subjects.

In his speech on resumption, delivered in the House of Representatives on November 16, 1877, he said:

In 1871, when I was chairman of the Committee on Banking and Currency, I asked the Comptroller of the Currency to issue an order, naming fifty-two banks which were
to make an analysis of their receipts. I selected three groups. The first was the city banks. The second consisted of banks in cities of the size of Toledo and Dayton, in the State of Ohio. In the third group, if I may coin a word, I selected the "conntriest" banks, the smallest that could be found, at points away from railroads and telegraphs. The order was that those banks should analyze all their receipts for six consecutive days, putting into one list all that can be called cash-either coiv, greenbacks, bank notes or coupons, and into the other list all drafts, checks, or commercial bills. What was the result? During those six days $\$ 157,000,000$ were received over the counters of the fifty-two banks; and of that amount, $\$ 19,370,000-12$ per cent. only-in cash, and eighty-eight per cent., that vast amount representing every grade of business, was in checks, drafts, and commercial bills.
receipts in money and checks of all the national banks.
In order to obtain the fullest possible information on this subject the Comptroller recently issued two circular letters to the national banks, asking for classified returns of their receipts and payments at different dates. The first circular requested a return to be made for June 30, which date marked the close of the fiscal year; and the second one asked for a return on September 17, which was the middle of the third month following. It was believed that a comparison of returus made for dates so dissimilar would be a substantial test of their accuracy, and would present a fair average of their operations for the current year. Returns for June 30, were received from 1,966 of the 2,106 national banks then in operation, and in response to the request for statements for the date of September 17, returns were received from 2,132 banks, being all of the banks in operation at that date. A few of these later returns, about fifty in number, were for a day subsequent to September 17, but their relative number being small they have been tabulated as being of that date

The total receipts of the 1,966 banks, on June 30 last, were 284 millions of dollars ( $\$ 284,714,017$ ). Of this amount there was less than two millions $(\$ 1,864,105$ ) in gold coin, about half a million ( $\$ 440,997$ ) in silver coin, and eleven and one-half millions ( $\$ 11,554,747$ ) in paper money; the remainder, amounting to 270 millions ( $\$ 270,854,165$ ), being in checks and drafts, including nine millions ( $\$ 9,582,500$ ) of clearing-house certificates. The gold coin equaled 0.65 of one per cent. of the total receipts; the silver coin was 0.16 of one per cent.; the paper money 4.6 per cent.; while the checks and drafts constituted 91.77 per cent. of the whole amount; or, including the clearing-house certificates, they were equal to 95.13 per cent. In other words, the total percentage of coin and paper money received was 4.87 per cent. only, while that of checks and drafts was 95.13.

The receipts of all of the national banks, 2,132 in number, on September 17, were $\$ 295,233,779$. Of this sum $\$ 4,078,044$ consisted of gold coin, $\$ 500,301$ of silver coin, and $\$ 13,026,570$ of paper money. The remainder, amounting to $\$ 277,628,862$, consisted of checks and drafts, and $\$ 6,592,337$ of clearing-house certificates. The gold coin equaled 1.38 per cent. of the total receipts; the silver coin 0.17 of one per cent.; the paper money 4.36 per cent., and the checks and drafts 91.85 per cent., while the checks, drafts and clearing-house certificates, together, were equal to 94.09 per cent. of the whole. On September 17, therefore, the total percentage of cash was 5.91 per cent. only.
total receipts of money and checks by the banks in new york city and in fifteen other principal cities, and by the remaining banks.
The receipts of the forty-eight national banks in New York City, on June 30, were 167 millions ( $\$ 167,437,759$ ), of which less than one-
half million ( $\$ 460,993.67$ ) was in gold coin, $\$ 15,996.95$ in silver coin, and $\$ 1.706,604.06$ in paper money; the remaining 165 millions ( $\$ 165,254,164$ ) being in checks and drafts, including nearly four millions ( $\$ 3,835,500$ ) of clearing-house certificates.

The banks in New York City, on September 17, reported receipts amounting to $\$ 165,193,347$, of which $\$ 805,588$ was in gold coin, $\$ 7,857$ in silver coin, and $\$ 1,071,315$ in paper money, the remainder, $\$ 163$,308,587 , being in checks and drafts, including $\$ 3,792,000$ of clearinghouse certificates.

The receipts of the 187 banks in the fifteen reserve cities, exclusive of New York, on June 30, were seventy-seven millions ( $\$ 77,100,705$ ), of which $\$ 581,070$ was in gold, $\$ 114,485$ in silver, $\$ 3,631,710$ in paper money, and seventy-two millions ( $\$ 72,773,450$ ) in checks and drafts, including $\$ 5,747,000$ of gold clearing-house certificates.

On September 17 the receipts of 189 banks in fifteen reserve cities, exclusive of New York, were $\$ 77,922,246$, of which $\$ 1,448,415$ was in gold, $\$ 138,248$ in silver, $\$ 4,486,045$ in paper money, and $\$ 71,849,538$ in checks and drafts, including $\$ 2,734,378$ in clearing-house certificates.

The total receipts of the banks outside of the cities, 1,731 in number, on June 30, were forty millions ( $\$ 40,175,542$ ), of which $\$ 822,041$ was in gold coin, $\$ 310,516$ in silver coin, six millions $(\$ 6,216,433$ ) in paper money, and nearly thirty-three millions ( $\$ 32,826,552$ ) in checks and drafts.

On September 17 these banks, 1,895 in number, received $\$ 52,118,185$, of which $\$ 1,724,040$ was in gold coin, $\$ 354,197$ in silver coin, $\$ 7,469,210$ in paper currency, and $\$ 42,570,738$ in checks and drafts.

TOTAL RECEIPTS AND PROPORTIONS OF GOLD. COIN, SILVER COIN, PAPER MONEY, AND CHECKS AND DRAFTS.

In the following tables are shown, both for June 30 and for September 17, the proportions of gold coin, silver coin, paper money, and checks and drafts, including clearing-house certificates, to the total receipts, in New York City, in the other reserve cities, and in banks elsewhere, separately, and also the same proportions for the United States:

JUNE 30, 1881.

| Localities. | Number of banks. | Receipts. | Proportions. |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  | Gold coin. | Silver coin. | Paper currency. | Checks, drafts, \&e |
|  |  |  | Percent. | Per cent. | Percent. | Per cent. |
| New Fork City.... | 48 | \$167, 437, 759 | 0.27 | 0.01 | 1.02 | 98.70 |
| Other reserve cities | 1 187 | 77, 100,715 | 0.76 | 0.15 | 4.71 | 94.38 |
| Banks elsewhere.. | 1,731 | 40, 175, 542 | 2.04 | 0.77 | 15.47 | 81. 72 |
| United States. | 1,966 | 284, 714, 016 | 0.65 | 0.16 | 4. 06 | 95.13 |

SEPTEMBER 17, 1881.

| New York City | 48 | \$165, 193, 347 | 0.54 | 0.01 | 0. 65 | 98.80 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Other reserve citie | 189 | 77, 922, 247 | 1.86 | 0.18 | 5. 61 | 92.35 |
| Banks elsewhere | 1,895 | 52, 118, 185 | 3.31 | 0.08 | 14.27 | 81: 74 |
| United States | 2,132 | 295, 233, 779 | 1.38 | 0.17 | 4.36 | 94.09 |

On June 30 the proportion of gold coin to the whole receipts in New York City was 0.27 of one per cent.; of silver coin, 0.01 of one per cent.; of paper money, 1.02 per cent.; and of checks and drafts, including clearing-house certificates, 98.7 per cent.
The percentage of gold coin received in the fifteen other cities was 0.76 ; of silver coin, 0.15 ; of paper currency, 4.71 ; and of checks and drafts, 94.38 . The percentage of gold coin received by the banks not included in these cities was 2.05 ; of silver coin, 0.77 ; of paper currency, 15.47; and of checks and drafts, 81.71.

Taking all the banks together, the relative proportion of gold coin received was 0.65 , of silver coin 0.16 , of paper currency 4.06 , and of checks and drafts 95.13 per cent.

On September 17 the proportion of gold coin to the whole receipts in New York City was 0.545 of one per cent., and of silver coin, 0.005 of one per cent.; of paper money, $\mathbf{0 . 6 5}$ of one per cent., and of checks and drafts, including clearing-house certificates, 98.8 per cent.

The percentage of gold coin received in 15 other cities was 1.86 ; of silver coin, 0.18 ; of paper currency, 5.61 ; and of checks and drafts, 92.35. The percentage of gold coin by the remaining banks in the comtry was 3.31 ; of silver coin, 0.68 ; of paper currency, 14.27; and of checks. and drafts, 81.74 . The receipts of the 2,132 banks together show a relative proportion of gold coin, 1.38 ; of silver coin, 0.17 ; of paper currency, 4.36 ; and of checks and drafts, 94.09.

## CIIECKS AND DRAVTS IN TILE PRINCIPAL CITIES.

The following table shows, for June 30 and September 17, the number of banks, the total receipts, and the ratio to such total of the checks and drafts received, in New York City and in fifteen of the other principal cities:

The table below exhibits the total receipts, on June 30 and September 17, of the 48 banks in New York City, the 54 in Boston, the 32 in Philadelphia, and the 9 in Chicago, and the proportion which the receipts in each city, and the aggregate of all of them, bear to the receipts of all the banks in the United States on the same dates. It also shows the receipts, and proportion to the whole, of the banks in twelve other cities, and the same as to the remaining banks of the country:

From an examination of this table it will be seen that the receipts of the 48 bauks in New York City on June 30 were nearly three-fifths ( 58.81 per cent.) of the whole, and on September 17 about 56 per cent. This fact shows how closely comected is the business of all the national banks with the great commercial center of the country, nearly every bank and banker in the Union having deposits, subject to sight-drafts, at that point. The receipts of the Boston banks on June 30 were nearly 12 per cent. of the whole, and were 8 per cent. on September 17; while those of Philadelphia were about 6 per cent. at the latter date, and of the banks in Chicago about 4.5 per cent. The receipts in these four great cities comprised nearly four-fifths of the total receipts on June 30 , and nearly three fourths of the total on September 17; while the receipts of the sixteen reserve cities on June 30 were more than 85 per cent., and on September 17 more than 82 per cent., of the whole amount. The receipts of 1,731 banks located in the districts ontside of these cities on June 30 were but 14.11 per cent., and of the 1,895 banks on September 17 but 17.66 per cent, of the whole.
 TORIES.

The table next given shows, for the same dates, the receipts of the banks in each state and Territory, exclusive of those located in the cities named in the previous table, with similar percentages. Attention is called to the remarkable coincidence shown in this table, in the percentage of checks and drafts for the two dates named, it being 81.7 per cent. in each instance. The percentages of the cities for the same dates, as given in the next preceding table, also correspond very nearly, the small difference between them being principally due to the change in the city of Boston from 96.5 , on June 30 , to 93.7 per cent.
on September 17. The slight variation in the average ratios for the two dates is evidence of the gencral accuracy of the returns:

| States and Teritories. | June 30, 1881. |  |  | September 17, 1881. |  |  |

If all of these receipts represented legitimate business, the means for merchandising and for manufacturing would be most abundant. It would be an interesting subject for investigation to determine what proportion of the checks received by the banks in New York City, on any given day, represent operations at the Stock Exchange, and what proportions of these operations represent legitimate and what speculative transactions. In taking as a basis for such an estimate the posted sales of the Stock Exchange, a difficulty arises from the fact that these sales on any one day do not by any means include all the transactions at the board. In the opinion of the most experienced brokers, not more than onethird of the purchases and sales are recorded in the printed list. Ereu in the case of those recorded. the number of shares bought or sold, assumedly at par, is not an indication of the money value of the transactions as they appear in the bank clearings, on account of the different
par value of the various shares dealt in. The par is usually one hundred dollars per share, but the average price of sales would not probably exceed sixty dollars per share.

The checks received by the banks in New York City, including both State and National, on the 30th of June, 1881, and which were cleared on the following day, amonted to 141 millions. Of this amount, 113 millions were cleared by twenty-three banks, all of which have relations to a greater or less extent with brokers. From an examination of the clearings of each of these twenty-three banks, it was found that the total of certified checks on that day amounted to about 80 millions, of which it is probable that at least 90 per cent., or 72 millions, represented stock transactions. About ten per cent. of this amount should be allowed for the daily payment and reborrowing of loans by brokers, which is accomplished by means of certified checks. It is therefore estimated by those who are conversant with these subjects, that of the 141 millions of exchanges, about 65 millions represent stock exchange transactions.

There are really no data upon which a conclusion can be obtained as to what proportion of these large stock transactions are speculative, and what legitimate, or for investment. It is estimated, however, by those who have had long experience in the bnsiness, that not more than five per cent. of all purchases and sales at the stock board are for investment account. Assuming that these estimates are reasonable, it would follow that about 60 millions of the 141 millions of clearings upon June 30 , or about three-sevenths of the whole, represent the speculative transactions of the stock board, and that 81 millions, or four-sevenths, represent legitimate business transactions.

PROPORTION OF CHECKS WHICH PASS THROLGH THE CLEARING HOLSE.
The checks, drafts and certificates received by the national banks in New York City on June 30 amounted, as has been seen, to $\$ 165,233,164$. The gold clearing-house certificates amounted to $\$ 3,814,500$, which were received by the banks in payment of balances due them on the morning of June 30. The remainder consisted of checks and drafts alone. The clear-ing-house statement shows that ou the morning of July $1 \$ 126,937,110$ of the before-mentioned checks and drafts were paid through the clearinghouse. The remaining $\$ 34,381,554$, which did not pass through the clearing-house, consisted probably of checks, which had been used in payments made by one depositor to another, in the same bank, and were consequently settled by simple transfers of accounts on the books of such banks. On Saturday, September 17, the total amount received by the banks in checks, drafts, and certificates was $\$ 163,208,586$; of which $\$ 3,792,000$ were in gold clearing-house certificates, received by the banks in payment of the balances due them at the clearing-house on the same day, leaving $\$ 159,416,586$ of checks and drafts received. Of this latter sum, $\$ 139,881,760$ consisted of checks, \&c., which were paid through the clearing-house on the morning of Monday, September 19 (the next business day), by the same banks, as shown by the clearing-housestatements of that day. Of the checks and drafts received by the national banks of New York City on September 17, about 20 millions were settled without passing through the clearing-house; and, as was remarked in refereuce to similar checks and drafts shown by the statement of June 30, they were probably settled by transfers of accounts on the books of the banks on which they were drawn.

It was about eighty years after the first issue of promissory notes by
the Bank of England that the London clearing-house was established, and the organization of the New York clearing-house dates eighty years still later, in 1853; so that it may be said that the clearing arrangement now in use in this country, and so familiar to all bankers, has been in operation but twenty-eight years. The assistant treasurer in New York has been a member of the clearing-house but three years, and the large payments to the clearing-house banks, averaging two and a quarter tons of gold coin daily during the past year, which would be about thirty-six tons daily if paid in silver, are transferred in bags, or upon drays from the Treasury to the banks. If these balances could be paid in gold certificates instead of coin, the system of bank machinery in New York would be complete.

Checks, certificates of deposit, and drafts, or bills of exchange, which are now ased so largely as substitutes for money, are the most important and useful parts of the machinery of the bank. The issue of circulating notes is not an essential feature of banking, for there are many banks in this country, chiefly incorporated under State laws, which do not issue such notes. But checks and drafts are almost as indispensable to the successful conduct of the business of banking as capital or deposits.

USE OF CIECKS IN FRANCE, ENGLAND, GCOTLAND, AND IRELAND, AND IN TILE CNITED sTATES.

In England, banks and bankers are numerous, and large numbers of such instruments of exchange are used, particularly in the principal cities. In France, on the other hand, their use is much more infrequent, for except the Bank of France, with its 90 lranches, there are no incorporated banks in that sountry, and thirteen of these branches were conducted in 1880 at a loss of more than $\$ 30,000$.

Victor Bonnet, a well-known French writer, says:
The use of deposits, bank accounts, and checks is still in its infancy in this country. They are very little used, even in the great cities, while in the rest of France they are completely unknown. It is, however, to be hoped that they will be more employed hereafter, and that here, as in England and the United States, payments will be more generally made through the mediam of bankers, and by transfers in accounts current. If this should be the case, we shall economize both in the use of specie and of bank notes; for it is to be observed that the use of bank notes does not reach its fullest development, except in countries where the keeping of bank accounts is unusual, as is evident by comparing France in this respeet with England. M. Pinard, manager of the Comptoir d'Escompte, testified before the commission of iuquiry, that the greatest efforts had been made by that institution to induce French merchants and shopkeepers to adopt English habits in respect to the use of checks and the keeping of bank accounts, but in vain; their prejudices were invincible; it was no use reasoning with them, they would not do it, becanse they would not.

It would seem, however, from the following extract from the report of the Bank of France for 1880 , that an effort is being made to overcome this prejudice:

[^2]tions, and which will probably reduce, in considerable proportion, the need for the nate circulation. In addition to this we have authorized the use of cheques within the town itself for the withdrawal of funds which do not require the displacement of capital. We are certain that when the nse of cheques is thoronghly understood it will be of great service to commerce.

There are now in this country 6,796 banks and bankers located in all its principal cities and villages, and the number of checks and drafts in daily use by our own people is consequently larger, in fact, far greater, than anywhere else in the world. In some countries a charge is made to the depositor for keeping his account. In others, bank accounts are refused unless the depositor comes well introduced and it is believed that his account will be of considerable pecuniary benefit to the bank. In this country the bank is in many instances a convenience to the depositor, rather than the depositor of benefit to the bank; for the latter keeps the cash account of the depositor, and pays out amounts upon his order, and at his request returns to him his checks properly indorsed, which are then held by the depositor as vouchers or receipts for the payment of his debts.

It is evident that the amount of coin and paper currency used in any country depends largely upon the number of banks and bankers it contains, and upon the method of doing business; and no theory is more absurd than that which has been so frequently urged during the currency discussions of the past few years, that the amount of money required is in proportion to population. Tables showing the per capita of coin and currency in use in any country are curions and interesting, but almost valueless in determining the amount of paper money required. Through the machinery of the bank, with its system of checks, bills of exchange and clearing-houses, large amounts of business may be settled without the use of coin or circulating notes. Coin and currency are but the small change used in trade. Checks and drafts are substitutes for money, and in every case, if these were not used, the latter would be required. Yet, notwithstanding the almost exclusive use of these substitutes for money in large business transactions, all payments, great and small, depend for their integrity upon a true measure of value, and that measure is a piece of gold coin of standard weight and fineness. All other coins, not subsidiary and intrinsically worth less than the general standard recognized at commercial centers, and all kinds of paper money which are not immediately redeemable in gold coin, are not only not needed, but are worse thạn useless, for they disturb values.

The London Bankers' Magazine for November, which has just been received, contains an abstract of a paper recently read by Mr. Pownall before the London Bankers' Institute, from which the following table has been compiled. The percentages of the receipts in the city of New York on September 17 have also been added to the table:

It will be seen that the proportion of checks and drafts used in London does not vary greatly from that of the same items shown in the receipts of the banks in New York City. The proportions used in the banking business of the country districts is less, as in the United States it is less in the banks outside the cities; but the use of checks and drafts in the country districts in the United States is nearly nine per cent. greater than in the corresponding districts in England.

Through the courtesy of Mr. E. Dayrell Reed, secretary of the Institute of Bankers, London, the Comptroller acknowledges the receipt of a "rough proot" of an important paper read by Mr. George H. Pownall before the Institute, on October 19 last, on "The proportional use of credit documents and metallic money in English banks," and regrets that it was received too late for use in the preparation of this part of the report. The paper is elaborate, and gives, in addition to the table already quoted, many others; among which are tables showing the proportion of gold coin, silver coin, bank notes and checks used by banks located in agricultural places, in the metropolitan area, and in the cotton, woolen, iron, pottery, and silk manufacturing districts. The entire paper will greatly interest the economic student; but under the circumstances the Comptroller is compelled to content himself with the following extracts:

There is a certain grim satire in those figures, when one thinks of the libraries filled with blue books full of weighty argunents, all curiously wrought out, to help in the settlement of the great note question. It is clear that the cheque and the clearing system are the main lines upon which banking is destined to run. Dead theories respecting notes and the right of issue belong to the generation to which they were liring verities. To us the living fact is the sulostitution of a new instrument of eredit. For the present generation the improvement of the cheque and the clearing system, the mechanical details of oflice organization, those details of bookkeeping which save time. are, from the enormous number of documents passing throngh the hands of bankers, of more weight than the most learned treatise on notes and note makers.
Banking statisties, gathered with due patience, would play a great part in industrial statistics. They represent trading totals, they rise and fall with prices, they expand with commercial prosperity, they contract in the day of bad trade. Systematically collected, they would furnish constant lessons. From no other source could we gain so much and so valuable information as to trading currents as from bankers. In their books the trading world is photographed. It has been calculated that 97 per cent. of the transactions of British wholesale commerce pass through the hands of the bankers of the United Kingdom. The sources of that commerce and its distribution must in the broadest way be marked in the totals of the banking world. The cottons of Lancashire, the woolens of Yorkshice, the shipping of Liverpool, the commerce and finance of London, are all represented there.

The tendency of this generation is to seek to place its theories upon an exact basis. How much would the social and trading life of England be illustrated if we could mark ont, though only at intervals, or even for a single day, the magnitude of onr great industries as they are represented in the books of bankers.

The conversion of the mode of settlement of claims from payment by coin and notes into payment by cheque and clearing is not merely a local, or even a national, movement. The Americanstatistics, so opportunely pablished, demonstrate the wide-reaching influence of the canses working in that direction.

Wherever the English race has planted itself and founded a commnuity, there the tendency towards a common financial organization has shown itself. We see this at home, we see this in America, it is repeated in Australia. There is, therefore, in despite of much diversity, much that is common to all these systems.

In the Appendix will be found tables giving the amounts and ratios of gold and silver coin and paper money, as well as that of checks and drafts, in each of the cities, States, and Territories of the Union.

## TRANSAOTIONS OF THE NEW TORK CLEARING HOUSE.

The New York Clearing Honse Association is composed of forty-five national and twelve State banks, and the assistant treasurer of the United States at New York.
Through the courtesy of Mr. W. A. Camp, its manager, a statement of the transactions during the year ending October 1, 1881, has been obtained, which shows that the total exchanges were more than $\$ 48,000,000,000$, while the balances paid in money were less than $\$ 1,800,000,000$. The daily average balances paid were nearly $\$ 6,000,000$, or about 3.5 per cent. of the amount of the settlements. The balances paid in money during the year consisted of $\$ 1,394,966,000$ in clearing house certificates of the Bank of America, legal-tenders amounting to over $\$ 8,63: 3,161$, and $\$ 3 i 2,419,000$ in gold coin, weighing 6862 tons. If,
instead of gold coin, silver had been used, the weight would have been nearly 11,000 tons. The largest transactions for any one day were on the 28 th of November, and amounted to $\$ 295,821,422.37$. The total transactions for the year exceed that of any previous year, by $\$ 11,643$,$269,121.43$. The following table shows the yearly transactions of the New York clearing house for the twenty-eight years since its organization in 1853, and the amounts and ratios of currency required for the payment of daily balances:

| Years. | No. of banks. | Capital. | Exchanges. | Palances paid in money. | Averagedaily exchanges. | Average daily balances paid in mony. | Ratios. |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |  |  | Ir.ct. |
| 1854 | 50 | \$47, 044, 900 | \$5, 750, 455, 987 | \$297, 411, 494 | \$19, 104, 505 | \$988, 078 | 5.9 |

| 1869 | 59 | 82, 720, 200 | 37, 407, 028, 987 | 1, 120,318, 308 | 121, 451, 393 | 3, 637, 397 | 3.0 |
| 1870 | 61 | 83, 620, 200 | $27,804,539,406$ | 1,036, 484, 822 | 90, 274, 479 | 3,365, 210 | 3.7 |
| 1871 | 62 | 84, 420, 200 | $29,340,986,682$ | 1,209, 721, 029 | $9 \overline{0}, 133,074$ | 3,927, 666 | 4.1 |
| 1872 | 61 | 84, 420, 200 | 32, 636, 997, 404 | 1, 213, 293,827 | 105, 964, 277 | 3,939, 266 | 3.7 |
| 1873 | 59 | 83, 370, 200 | 33, 972, 773, 943 | 1, 1.52, 372, 108 | 111, 022, 137 | 3,765, 922 | 3.4 |
| 1874 | 59 | $81,635,200$ | 20, 850, 681, 963 | 971,231, 281 | 68, 139, 484 | 3,173, 958 | 4.7 |
| 1875 | 59 | $80,435,200$ | 28, 042, 276, 858 | 1,104, 346, 845 | 75, 301, 558 | 3, 608, 977 | 4.8 |
| 1876 | 59 | 81, 731, 200 | 19,874, 815, 361 | 1,009, 532, 037 | 64, 738, 812 | 3, 288, 381 | 5.1 |
| 1877 | 58 | 71, 085, 200 | 20, 876, 555, 937 | 1, 015, 256, 483 | 68, 447, 794 | 3, 328, 710 | 4.9 |
| 1878 | 57 | 63, 611, 500 | 19, 922, 733, 947 | 951, 970, 454 | 65, 106, 974 | 3, 111, 015 | 4. 8 |
| 1879 | 59 | $60,800,200$ | $24,553,196,689$ | 1, $321,119,298$ | 79, 977, 839 | 4,303, 320 | 5.4 |
| 1880 | 57 | 60, 475, 200 | 37, 182, 128, 621 | 1, 516, 538, 631 | 121, 510, 224 | 4,956, 009 | 4.1 |
| 1881 | 60 | 61, 162, 700 | 48,565, 818, 212 | 1, 776, 018, 162 | 165, 055, 201 | 5, 823, 010 | 3.5 |
|  |  | f71, 403, 745 | $\ddagger \pm 84,440,115,759$ | 24, 448, 833, ${ }^{2} 04$ | $68,181,783$ | $\dagger 2,843,647$ | 4.2 |

The total amount of transactions for the twenty-eight years given in the table is $\$ 584,440,115,759$, and the annual average is $\$ 20,872,861,277$.

The clearing-house transactions of the assistant treasurer of the United States at New York, for the year ending November 1, 1881, were as follows:
Exchanges received from clearing-honse .................................... $\$ 358,193,774$
Exchanges delivered to clearing-house ................................................. 92, 748, 620
Balances pard to clearing-house................................................... $270,966,495$
Balances received from clearing-honse ........................................ 5,521, 341
Showing that the amount paid ly the assistant treasurer to the clearing-
house was in excess of the amount received by him ................... 265, 445, 154
A table compiled from staterhents made by the New York clearinghouse, giving the clearings and balances weekly for the months of September, October, and Novenber, of the year from 1872 to 1880 , will be found in the appendix, and may be valuable for purposes of comparison.

## DISTRIBUTION OF COIN AND PAPER CURRENCY.

The reports for 1879 and 1880 gave valuable tables of the amount of coin and paper money in the country on January 1, 1879 (the date of resumption), and on November 1 in 1879 and 1880.

[^3]The imports of gold in excess of exports, from the date of resumption to November 1, 1881, have been $\$ 197,434,114$, and the estimated gold production of the mines is $\$ 104,150,000$. The amount received from these two sources during the year ending November 1, 1881, has been *114,749,390.

The stock of standard silver dollars is also increasing at the rate of about two millions three hundred thousand monthly, the amount coined during the year having been $\$ 27,824,955$. Tables are again given herewith showing the amount of coin and currency in the country on January 1, 1879, and on November 1, 1879, 1880 and 1881 :

|  | $\begin{gathered} \text { January } 1, \\ 1879 . \end{gathered}$ | $\begin{gathered} \text { No rember } 1, \\ 1879 . \end{gathered}$ | $\begin{gathered} \text { November } 1, \\ 1880 . \end{gathered}$ | $\begin{gathered} \text { November } 1 . \\ 1881 . \end{gathered}$ |
| :---: | :---: | :---: | :---: | :---: |
| Gold coin* | \$278, 310, 126 | \$355, 681, $53 \%$ | \$453, 882, 60\% | \$562, 568, 971 |
| Silver coin*. | 106.573, 803 | 126, 609, 537 | 156, 320, 911 | 186, 057, 36\% |
| Legal tender notes | 346, 681, 016 | 346, 681, 016 | 346, 681, 016 | 346,681, 016 |
| Natioual bank notes | 323, 791, 674 | 337, 187, 418 | 343, 834, 107 | 360, 344, 250 |
| 'Totals | 1, 055, 356, 619 | 1,165, 553, 503 | 1,302,718,726 | 1, 455, 631, 60 |

The amount of legal-tender notes has remained the same since May 31, 1878, in accordance with law. The increase of national-bank notes during the year ending November 1 last was $\$ 16,510,143$. This, together with the increase of the gold coin, $\$ 108,686,279$, and of silver coin, $\$ 27,716,454$, makes a total increase of coin and bank notes of $\$ 152,912,876$. The statement below gives the amount of coin and currency in the Treasury at the same dates as in the previous tables, and the amount in the national banks on the dates of their returns nearest thereto-viz, January 1 and October 2, 1879, and October 1, 1880 and 1881, respectively. The amounts given for the State banks, trust companies and savings banks, are for the nearest comparative dates of their official reports:

|  | $\begin{gathered} \text { Jan } 1 \text { ary } 1, \\ 1879 . \end{gathered}$ | $\begin{gathered} \text { November } 1 . \\ 1849 . \end{gathered}$ | $\begin{gathered} \text { November } 1, \\ 1880 . \end{gathered}$ | $\begin{gathered} \text { November } 1, \\ 1881 . \end{gathered}$ |

| Total currency | 211, 375, 639 | 181, 693, 946 | 147, 563, 225 | 139, 579,307 |
| Grand totals | 408, 935,902 | 446, 741, 285 | 485, 668, 362 | 537, 583. 083 |

[^4]If the amount of coin and currency in the Treasury and in the banks be deducted from the total amount estimated to be in the country, the remainder will be the amount then in the hands of the people outside of these depositories, as follows:

The gold in the Treasury, including bullion in process of coinage, has increased during the year $\$ 34,102,560$, and in the banks $\$ 7,170,498$. The paper currency in the Treasury has increased $\$ 4,553,004$, and in the banks it has decreased $\$ 13,727,914$. The increase of gold, outside of the Treasury and the banks, is $\$ 67,413,221$, and of paper currency $\$ 241,494,061$.

In the foregoing tables the silver certificates issued by the Treasury have not been included, but the standard silver dollars kept to redeem them on presentation form a portion of the silver coin in the Treasury. The silver certificates in the hands of the people and the banks, at dates corresponding with those given in the preceding tables, were as follows:

It will be seen that the amount of these certificates in circulation has increased $\$ 39,058,530$ during the past year. Of the $\$ 58,838,770$ crenlating on November 1, 1881, a large portion are constantly in the hands of the people, being paid out by the banks in preference to gold coin or legal-tender notes.

The total amount of silver dollars coined up to November 1, 1881, was $\$ 100,672,705$, of which, as stated in one of the foregoing tables, $\$ 66,576,378$ was then in the Treasury, although an amount equal to $\$ 58,838,769$ was represented by certificates in the hands of the people and the banks, leaving ouly $\$ 7,737,609$ actually belonging to the Treasury. Of the $\$ 100,672,705$ coined, $\$ 34,096,327$ were therefore circulating in the form of coin and $\$ 58,838,769$ in the form of certificates. The remainder of the silver, $\$ 85,364,660$, is in subsidiary and trade dollars and bullion, of which $\$ 29,409,262$ is in the Treasury, and $\$ 55,955,398$ is in use in place of the previous fractional paper carrency, which, on March 23,1874 , was at its highest point, and amounted to $\$ 49,566,760$. The increase since the date of resumption of gold and silver coin and paper currency outside of the Treasury and the banks, is thus estimated to be $\$ 271,627,80 \%$, and the increase during the year ending November $1, \$ 100,998,254$. Or, if the amount of silver certificates in circulation be added, the total increase in the circulating medinm since resumption would be $\$ 330,0 \tilde{0} 3,217$, and during the past year, $\$ 140,056,782$.

## AMOUNT OF INTEREST-BEARING FUNDED DEB'T OF THE UNITED STATES AND THE AMOUNT HELD BY THE NATIONAL BANKS.

The report for 1880 contained tables exhibiting a classification of the interest-bearing bonded debt of the United States, and of the bonds held by the national banks, for a series of years. These tables are again presented, and now exhibit also the amount of the outstanding bonds of the government, and the amount hohd by the banks, on November 1 of the present year.

The operations of the Secretary of the Treasury, in continuing the 5 aud 6 per cent. bonds which matured during the year 1881, give them increasing interest. Ou March 1, 1881, 5 per cent. bonds amounting to $\$ 469,320,650$ were outstanding, redeemable at the option of the government after May 1, 1881, and 6 per cent. bonds amounting to $\$ 202,266,550$ were then outstanding similarly redeemable after July 1,1881 . The refunding bill, authorizing the sale of 3 per cent. bonds, with the proceeds of which, if sold, the maturing bonds would have been paid, did not receive the signature of the President, and failed to become a law. On April 11, the whole amount of 6 per cent. bonds were called for payment on July 1, 1881; but to the holders of all the 6 per cent. loans (except the Oregon war debt, amounting to $\$ 688,200$ ) permission was given to have their bonds continued, at the pleasure of the government, with interest at $3 \frac{1}{2}$ per cent. perammm, provided they should so request and the bonds should be received by the Treasury for that purpose on or before May 10, 1881, which time was afterwards extended to May 20. Of these bonds there were presented for contintance the amount of $\$ 178,055,150$, and the remainder, amounting to $\$ 24,211,400$, has, since March 1, 1881, been either paid from the surplus revennes or has ceased to bear interest.

On May 12, a like privilege (for continomee at $3 \frac{1}{2}$ per cent.) was given to the holders of the five per cent. bonds, if presented on or before July 1, 1881; and on the latter date notice was given for the payment on October 1, 1881, of the registered fives not continued. The total amount of five per cent. bonds continued under this arrangement was $\$ 401,504,900$, and of 6 per cent. bonds $\$ 178,055,150$. The remaining 5 and 6 per cent. bonds outstanding March 1, 1881, amounting to $\$ 92,027,150$, were paid upon presentation, or now remain outstanding without interest. There has also been paid daring the year ending November $1, \$ 123,969,650$ of interest-bearing bonds, making a saving in interest of $\$ 6,352,240$. The total interest saved during the year, by continuance and payment of the bonds, was $\$ 16,826,192$.

The following table exhibits the classification of the unmatured, in-terest-bearing, bonded debt of the United States* on August 31, 186\%, when the public debt reached its maximum, and on the 1st day of July in each year thereafter, together with the amount outstanding on November 1 of the present year:

| Date. | 6 per cont. bonds. | 5 per cent. bonds. | $4 \frac{1}{2}$ per cent. bonds. | 4 per cent. bonds. | Total. |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Ang | \$908, 518, 091 | \$199, 792, 100 |  |  | \$1, 108, 310, 191 |

| July 1, 1877 | 854, 621, 850 | 703, 266, 650 | \$140, 000, 000 |  | 1, 696, 888,500 |
| July 1, 1878 | 738, 619,000 | 703, 266, 650 | 240, 000,000 | \$98, 850, 000 | 1, $780,735,650$ |
| July 1, 1879 | 310, 932,500 | 646, 905, 500 | 250, 000, 000 | 679, 878, 110 | 1, 887, 716, 110 |
| Iuly 1, 1880 | 235, 780,400 | 484, 864, 900 | 250,000, 000 | 739, 347, 800 | 1, 709, 993, 100 |
| Jaly 1, 1881 | $196,378,600$ Continued at | 489,841, 350 Continued at | 250, 000, 000 | 789, 347, 800 | ], 685, 5674.75 |
|  | Continued at $3 \frac{1}{2}$ per cent. | Continued at $3 \frac{1}{2}$ per cent. |  |  |  |
| Norember 1,1881 | $161,876,050$ | 401, 504, 900 | 250, 000, 000 | 739,347, 800 | 1,552,728, 7.6 |

[^5]These operations of the Secretary during the present year have largely reduced the amount of interest receivable by the national banks upon the bonds held by them.

During the year 1871 , and previous thereto, a large portion of the bonds bore interest at the rate of 6 per cent.; and until the year 1877 all of the bonds bore interest at either five or six per cent. At the present time, more than 65 per cent. of the amount pledged for circulation consists of bonds learing interest at the low rate of 32 per cent., and nearly 35 per cent. of them bear interest at the rate of 4 and $4 \frac{1}{2}$ per cent. This will be seen from the following table, which exhibits the amounts and classes of United States bonds owned by the banks, including those pledged as security for circulation and for public deposits, on the first day of July in each year since 1865, and upon Novmeber 1 of the present year:

The banks also held $\$ 3,486,000$ of P'acific Railroad 6 per cents., and $\$ 738,900$ of 5 per cents., upon which interest had ceased, which latter amount has since been reduced to $\$ 229,000$.

AMOUNT OF UNITED NTATES BONDS IMELD BY COMMERCLAL BANKS, TRUST COMPANIES, AND SAVINGS BANKS ORGANIZED UNDER STATE LAWS.

The amount of United States bonds held by banks organized under State laws is ascertained from such reports as have been received by the Comptroller, through the courtesy of State officers who have responded to his request for copies of their official returns at the latest dates. From such returns it is found that these institutions held, at different dates during the year 1881, the following amount of United States bonds:

| Held by State banks in twenty-one Stat | \$12, 048, 452 |
| :---: | :---: |
| Held by trust companies in five States. | 15, 631,573 |
| Held by savings banks in fifteen States | 210, 845, 514 |
| Total | $238,525,539$ |

The amount held by geographical divisions in 1880 and 1881 was as follows:

|  | Geographical divisions. | 1880. | 1881. |
| :---: | :---: | :---: | :---: |
| Eastern States. |  | \$45, 230, 098 | \$40, 468, 340 |
| Middle States. |  | 157, 563, 757 | 176,373, 889 |
| Southern States.. |  | 958, 470 | 1, 073,460 |
| Western States |  | 2,672, 212 | 5, 735, 518 |
| Pacific States |  | 7, 240, 835 | 14, 874, 332 |
| Totals |  | 213, 665, 402 | 238,525,539 |

This amount is $\$ 3,201,340$ less than that returned to the Commissioner of Internal Revenue, who receives semi-annual reports, for purposes of ${ }^{+}$ taxation, not only from banks organized under State laws, but also from private bankers, giving their average capital and deposits, and the amount of such capital invested in United States bonds. From these returns the following table has been compiled, showing, by geographical divisions, the average amount of capital invested in United States bourls for the six months ending May 31, in the years 1879, 1880, and 1881:

| Geographical divisions. | Capital invester in United States louls. |  |  |
| :---: | :---: | :---: | :---: |
|  | Capital invest <br> - By State banks. private bankers, and trust companies. | By savings banks. | tes bouls. <br> Total. |
| May 31, 1879: |  |  |  |
| New England States | \$3, 669, 967 | 34, 941, 378 | 38,611,345 |
| Middle States | 25, 686,469 | 123, 818, 148 | 149,504, 617 |
| Southern States | 3, 593, 179 | 86, 021 | 3, 679, 200 |
| Western States | 8, 320,402 | 2, 164, 668 | 10, 491, 070 |
| Pacific States and Territories | 5, 015,948 | 1, 372, 845 | 6, 388,793 |
| United States. | 46, 291, 965 | 162, 388, 060 | 208, 675, 025 |
| May 31, 1880: |  |  |  |
| New England States | 3,737, 093 | 37, 693, 200 | 41, 490, 293 $160.865,989$ |
| Midde States.. | $\stackrel{\text { 20, }}{26464184}$ | $146,301,159$ 1,000 | $166,865,989$ $2,542,991$ |
| Western States | 8, 137, 554 | 2, 474, 557 | 10,612, 111 |
| Pacific States and Territories | 3, 883, 816 | 2, 717, 904 | 6, 601, 720 |
| United States. | 38,865, 288 | 189, 187, 816 | 228, 053, 104 |
| May 31, 1881: |  |  |  |
| New England States. | 2, 985, 496 | 36,640,795 | 39, 626, 291 |
| Middle States | 21, 908,703 | 168, 617, 049 | 190, 525, 752 |
| Southern States | 1,707, 702 | 21, 689 | 1, 729, 391 |
| Western States | 6, 714, 948 | 2, 689, 447 | 9, 404, 39\% |
| Pacific States and Territorie | 5, 004, 313 | 6, 911, 198 | 11, 915, 511 |
| United States | 38,321,162 | 214, 880, 178 | 253, 201, 340 |

The above table gives the average amount of capital invested in United States bonds, from which should be deducted the amount of premium paid at the time of purchase, which cannot be ascerta.ued.

The amount of United States bonds held by the national banks on October 1, 1881, was $\$ 426,120,950$, and the average amount held by the other banks and bankers of the country, during the six months ending May 31 last, was $\$ 253,201,340$. The total amount held by all the banks and bankers during the last two years is thas shown to be considerably
more than one-third of the whole interest-bearing funded debt of the United States, as follows:

|  | 1880. | 1881. |
| :---: | :---: | :---: |
| National banks | \$403, 369, 350 | \$426, 120, 950 |
| Savings banks | 189, 187, 816 | 214, 880, 178 |
| State banks and | 24, 498, 604 | 21, 650, 668 |
| Private bankers | 14, 366, 684 | 16, 670, 494 |
| Totals | 631, 422,454 | 679, 322,290 |

## LOANS AND RATLS OF INTEREST.

The following table gives the classification of the loans of the banks in the city of New York, iu Boston, Philadelphia, and Baltimore, and in the other reserve cities, at corresponding dates in each of the last three years:

| Net deposits | 268, 769, 373 | $335,669,226$ | 507, 200, 770 | 1, 111, 639, 369 |
| Specie ...................... | 50, 627, 368 | 34, 535, 367 | $27,509,821$ | 112, 672, 556 |
| Legal tender notes and Uniterl vertificates | 10,808,371 | 21; 890, 231 | 27, 003, 002 | $59,890,604$ |

The loans of the banks on October 1 were $\$ 1,169,022,304$, which is an increase of $\$ 132,000,000$ over the corresponding date in last year. The total individual and bank deposits, not deducting the amount due from banks and the clearing-house exchanges, have increased $\$ 225,725,496$, and amount to the unprecedented sum of $\$ 1,381,852,887$. The ratio of the total loans to capital, surplus, and net deposits was then 68.9 per cent.; in 1880 it was 67.3 per cent.; in 187965.3 per cent. The proportion of cash to net deposits was 15.5 per cent. on October 1, 1881, and for the corresponding dates in 1880 and 1879 it was 17.9 and 18.0.

In his report for last year the Comptroller gave tables showing the ratios of loans to capital, surplas and net deposits, and of cash to net deposits, of the banks in New York City, in other reserve cities, and of those elsewhere, on or near October 1 of each year, from 1870 to 1880, inclusive, and he then remarked as follows in reference thereto:

[^6]
## XXXII REPORT OF THE (OMPTROLLER OF THE CURRENCY.

7.3 per cent. less than at the corresponding dates in 1875 , and 5.2 per cent. less than in 1877 . The opportunities for using money in this group of banks are not in proportion to the increase of deposits, and their balances in other banks have by no means diminished.
It will surprise those whose attontion has not heretofore been called to the subject to find how closely the means of the banks in the commercial cities have been employed during the last eleven years, notwithstanding the variations in rates of interest, and particularly during the last two years, when money has been so abundant and the deposits have so rapidly increased. It will be seen that prior to 1876 , with the exception of a single year, the loans in New York exceeded the net deposits, while since that time, though there has been considerable variation, the net deposits have been somewhat in excess of the loans at the dates given. In the other principal cities, which continually keep large amounts of money in New York subject to ilemand, and thus diminish their own net deposits, as given in the above table, the loans have always largely exceeded their deposits. The same remark is true of the banks in the country districts which have in New York, as well as in other cities, large amounts of money on deposits subject to call. The capital of this class of banks is also much larger as compared with their deposits than is that of the hanks in the large cities, and their loans therefore relatively greater.
The same comments apply with equal force to the ratios shown by the returns for October 1 of the present year, as may be seen from the following table:

The ratios of cash to net deposits for the same dates were as follows:

In reference to reserves the Comptroller last year remarked as follows:

The amount of legal cash reserve required of the banks in Now York City is 25 per cent. of their deposits, of the banks in the other reserve cities one-half of this ratio, and of the banks in the comntry districts 6 per cent. of their deposits.
The banks in the interior, if we consider their large deposits elsewhere, are as a rule found to be much stronger in a vailable means than the banks in New York City; while the reverse of this shonld always be true when such large balances, amounting to more than 100 millions of the funds of other banks, are constantly on deposit in the latter city subject to demand.
The amount of legal reserve reguired to be held by the banks was largely reduced by the act of June 20 , 1874, the provision requiring reserve ou circulation laving been repealed, and the percentage held in the larger cities has been greatly diminished during the past few years. The sudden and enormous increase of individual and bank deposits in the commercial centers should be accompanied, not only by the reserve required by law, but by a much greater percentage of coin and a much smaller expansion of loans, if the bauks would check unlealthy speculation, and keep themselves in condition for an alverse balance of trade and for the legitimate demands of the depositors and correspondents who confide in them.

On October 1 of the present year the aggregate reserve held by the New York City banks, including the five per cent. redemption fund,
was 23.3 per cent. only, falling below the amount required by law, and similar deficiencies were shown by previous statements of the clearinghouse; but the returns of the banks to the clearing-honse for the weeks ending October 27 and 29 following, show a contraction of loans and reduction of liabilities, and a slight excess of reserve over the amount required by law. The reserves in the other reserve cities, which include the amount held by agents in New York, were considerably less than at the corresponding date last year, although still in excess of the amount required by law, being 30 per cent. of deposits; while the total reserves of the banks in other localities were, as usmal, very strong, amounting to 31.2 per cent. of the net deposits.

The loans and deposits for each year since resumption day, on January 1, 1879, have increased largely in each group of banks, while the cash reserves in each are being gradually reduced. It is evident that these deposits cousist, to a much greater extent than usual, of the avails of loans placed to the credit of dealers. This exhibit shows that the banks are rapidly expanding; and there are many indications that this rapid increase is not the result of legitimate business, but of venturesome speculation, largely consequent upon the importation of coin and increased issues of silver certificates and bank notes. The increase in the amount of United States bonds held by the banks has been 13 millions during the last year, but it is 15 millions less than at a corresponding date in 1879. This is somewhat surprising, when it is considered that $3 \frac{1}{2}$ per cent. bonds can be purchased at about par, and that the rate of interest paid on deposits in New York City is from two to three per cent. only.

The attention of Congress has previously been called to section 5200 of the Revised Statutes, which places restrictions upon loans, and to the difficulty of enforcing its provisions. In cities where large amounts of produce are received and stored, it is represented that it is impossible for the banks to transact this class of business, if restricted to loans for an amount not exceeding in any instance one-tenth of their capital. It is true that the limitation does not apply to loans upon produce in transit, where the drafts are drawn on existing values; but if produce is stored instead of being shipped, large loans cannot be made except in violation of law. In such case the Comptroller has no means of enforcing the law, except by bringing a suit for forfeiture of charter, and this course might result in great embarrassment to business, as well as loss to many innocent stockholders of the banks. It is evident that the law should be so amended as to exclude from the limitation mentioned legitimate loans upon produce or warehouse receipts, as well as loans upon Cnited States bonds.

Large loans are also continually being made upon other stocks and bonds, and these loans are largely made to stock-brokers, the result being to assist and promote speculative operations upon the stock board. The provision of law mentioned is valuable, so far as it affects bauks outside of the large commercial centers, as it provides for a just distribution of loans; but it is recommended that the limit be increased to ten per cent. upon the combined capital and surplus, and that loans upon United States bonds be not limited in amount. It is also recommended that the limit for loans upon stocks and bonds be increased to fifteen per cent. upon capital and surplus, and that such penalty be then imposed for ex. ceeding this limit as would make a violation of the provision unprofita. ble if the penalty were collected. It is important that some amendment of this kind be enacted, or that means be provided for enforcing the provisions of the section as it now stands.

The average rate of interest in New York City for each of the iscal years from 1874 to 1881, as ascertained from data derived from the Journal of Commerce and The Commercial and Financial Chronicle, was as follows:

1874 , call loans, 3.8 per cent. ; commercial paper, 6.4 per cent.
1875, call loans, 3.0 per cent. ; commercial paper, 5.6 per cent.
1876, call loans, 3.3 per cent. ; commercial paper, 5.3 per cent.
1877, call loans, 3.0 per cent.; commercial paper, 5.2 per cent.
1878, call loans, 4.4 per cent. ; commexcial pauer, 5.1 per cent.
1879, call loans, 4.4 per cent. ; commercial paper, 4.4 per cent.
1880, call loans, 4.9 per cent.; commercial paper, 5.3 per cent.
1881, call Joans, 3.8 per cent.; commercial paper, 5.0 per ceut.
The average rate of discount of the Bank of England for the same years was as follows:
During the calendar year ending December 31, 1-74, 3.69 per cent.
Dming the calewdar year ending December $31,1505,3.2: 3$ per cent.
During the calendar year ending December :31, $1 \times 76,2.61$ per cent.
During the calendar year ending December $31,1 \times 7 \pi, 0.91$ per cent.
During the calemar year ending December 31,1 an $3: 58$ per cent.
buring the calendar year ending December 31, 1 - $-9,9,50$ per cent.

During the fiscal year ending June $20,18 * 1,9.54$ per ement.
The rate of interest in the city of New Fork on Decembere, as derived from the Daily Bulletiu, was. on call loans, from 4 to 6 per cent., and on commercial paper from 6 to 7 per ceut.

解畐:
During the present year the rate of discount of the Bank of England has been changed six times, as follows: On January 13, increased from 3 to $3 \frac{1}{2}$ per cent.; February 17 reduced to 3 per cent., and on April 28 further reduced to $2 \frac{1}{2}$ per cent.; on August 18 increased to $3 \frac{1}{2}$ per cent.; August 25 to 4 per cent. ; and again increased on October 6 to 5 per cent.

The rate of the Bank of France has been changed but twice during the present year, and in each instance there was an increase, as follows: On Angust 25 from $3 \frac{1}{2}$ to 4 per cent., and on October 20 from 4 to 5 per cent., which is the rate at the present time. The bank rates of discount for the week ending November 12 were, in Berlin, $5 \frac{1}{2}$ per cent., Amsterdam, 4 per cent., Brussels, $5 \frac{1}{2}$ per cent., Vienna, 4 per cent., and St. Petersburg 6 per cent.*

## DUTIES OF DIRECTORS AND EXAMINERS.

The recent failure of The Mechanics' National Bank of Newark has called the attention of the public directly to the duties of bank directors and of examiners of national banks.

Section 5147 of the Revised Statutes provides that each director, when appointed or elected, shall take an oath that he will, so far as the duty devolves on him, diligently and honestly administer the affairs of such association, and will not knowingly violate or permit to be violated any of the provisions of this act. Section 5136 also provides that the association shall have power to prescribe, by its board of directors, by-laws not inconsistent with law, regulating the manner in which its stock shall be transferred, its directors clected or appointed, its officers appointed, its property transterred, its general business conducted, and the privileges granted to it by law exercised and enjoyed.

[^7]In accordance with the provisions of this last named section, by-laws are generally adopted by national banks soon after their organization, which usually contain, among other provisions, sections similar to the following:

#### Abstract

There shall be a standing committee, to lee known as the "Exchange Committee," appointed by the board, every six months, to continue to act until succeeded, who shall have power to discount and purchase notes and bills and other evidence of debts, and to buy and sell bills of exchange, and who shall, at each regular meeting, make a report of the notes and bills disconnted and purchased by them since their last previous report.

There shall be appointed by the board every three months a committee, whose duty it shall be to examine into the affairs of the bank, to count its cash, and to compare its assets and liabilities with the halances on the general ledger for the purpose of ascertaining that the books are correctly kept and the condition of the bank corresponds therewith, and that the baok is in a sound and solvent condition; the result of which examination shall le reported to the board at its next regular meeting.

The object of these by-laws is, first, to keep the board of directors continuonsly informed what notes and bills are discounted, and to furnish them with a detailed account thereof; and secondly to establish a cheek by the directors upon the cashier, teller and bookkeeper of the bank, to whose immediate custody and control the assets and accounts of the bank are committed. A method is thas provided by which the diligent and contimous administration of the directors, which is required by their oaths, shall be performed.

It is thus seen that both the laws of the Cnited States and the by-laws adopted by the directors themselves, under the law, in clear terms define their duties. The men employed by them in the banks are under their supervision, the law providins-

That the bank shall have power to elect or appoint directors, and by this board of dimectors to appoint a president, vice-president, cashier, and other officers, define their dutics, require bonds of them and fix the penalty thereof, dismiss such officers or any of them at pleasure, and appoint others to fill their places.

The duties of the board of directors are plainly defined, and however innocent they may be of any intention of wrong, they are responsible for the safety of funds committed to their care. If it can be shown that any of them had notice of illegal transactions, it is a serious question whether they are not legally bound to make good the loss which may occur; and it is a question whether they are not also liable for losses which may occur from neglect of duty, even without notice. If this is not the just and proper construction of the present law, then it becomes a subject for the consideration of Congress, whether additional legislation upon this point is not required. The National Bank Act is full of restrictions, to which reference has already been made in another portion of this report, such as those requiring an adequate reserve; the enforced accumulation of the surplus; the method of increasing and reducing the capital stock and its prompt restoration if impaired; the prohibition against making loans on real estate and on the security of their own shares of stock, or of accommodation or other loans than business paper in excess of one-tenth of the capital of the bank; the prohibition against the declaration of dividends unless earned; against certifying checks without the necessary deposit; and many other similar provisions. These restrictions are intended to protect these institutions, by imposing upon them general rules, which experience has shown may he properly done by the goverument without its thereby becoming the guardian of the bank, or of the moneys of its depositors or stockholders, or being in any way responsible for the management of its funds. It is the duty of the examiner to ascertain whether the officers of the bank and its directors are complying with the requirements of the law
and whether they are in any way violating any of its provisions, to the end that in such case they may be enforced by the proper authority.

The stockholders elect the directors, who are usually men not only of high character and well known in the community where the bank is located, but are generally also large stockholders in the bank, and having therefore each a personal interest in its prosperity and good management. The depositors confide in the bauk because they believe the directors will manage its affairs honestly and diligently, and will employ honest and faithful servants for that purpose. They know that the bank is organized under laws which contain wholesome restrictions, and that it is the duty of the Comptroller, so far as he can through his corps of examiners, to inform himself of the condition of the bank, and to require that its business shall be conducted in conformity with law.

The examiner can have but a limited knowledge of the habits and character of those employed in the bank. If the teller is making false entries, and daily abstracting the funds of the bank; if the bookkeeper is keeping false accounts and rendering untrue statements; if the cashier is placing forged paper among the bills receivable and upon the register book, and transmitting such paper to distant places where it is purported to be payable, it is not possible for an examiner, in a day or two, to unravel this evil work, which may have continued for months, and obtain a correct balance sheet. A full and complete examination of the bank necessitates not only counting the cash, proving the bills receivable and stock ledger, comparing the iudividual deposit accounts with the general ledger, and ascertaining if the business of the bank is conducted in accordance with law; but, also, the thorongh examination of all accounts, the verifying of accountscurrent, and ascertaining by telegraph or letter the correctness of such verification, the calling in of every depositor's book, and correspondence with every bank or bauker doing business with the bank.

Examinations should be periodically made by a competent committee, selected from the board. The directors have abundant means at their command, and if they have any reason to suspect dishonesty or fraud, it is their business to investigate thoroughly, and they should employ experts to assist them in so doing. The national bank examiners have, in fact, been frequently called upon by the directors of both national and State banks for this purpose; and if it is the intent of the law that the national banks shall be thus searchingly examined, it should be so amended as to make this intent clear, and should also make provision for the necessary compensation for such service. The small compensation now provided does not contemplate a yearly anditing of all the accounts of a bank by the examiner, as the pay is entirely inadequate for such a work-the amount allowed for the examination of banks of like capital being the same, without reference to the differeuce in the volume of their business. The inspection by an examiner of a small bank is usually completed in a day; of larger banks, through the aid of an assistant, in two or three days. But a thorough analyzing and scrutiny of everything would require one or two weeks; and if fraud were suspected it might continue for months without entirely satisfactory results.

The reports of the bank, as made to the Comptroller five times in each year, are each published in a newspaper where the bank is located, and every stockholder has, therefore, an opportunity to scrutinize these statements, and to make inquiry of the directors in reference to the affairs of the association.
The detection of embezzlement may occur as an incident, but it is not
the principal object, of the system of bank examinations. It is peculiarly the business of the directors, who are daily or weekly in session, to keep themselves informed of the habits and characters of their employes, to see that their time is given to the service of the bank, and that they are not engaged in speculations, and thus, by continuous watchfulness, to prevent defalcations on the part of their servants; while it is the business of the examiner to detect frauds so far as in his porrer, and in his occasional risits to see that the directors are loaning the funds, and, with the other ofticers, managing the affairs of the bank strictly according to the provisions of the law. The examiner's visits are usually made about once a year, while the directors are at hand at all times. Faithful performance of the duties of each gives assurance of almost absolute safety. Lax performance of duty on the part of either invites disaster. The directory must continuously look after its own servants. The exami11 er looks after the acts of the directors.
The report of the examiner is confidential. It is for the use of the Comptroller's office only, and is in no sense a certificate of the good condition of the bank. In many instances the capital stock of a bank has thus been found to be impaired, and the deficiency las been made good without the knowledge of the general public. In other instances hanks have been obliged to pass their usual dividends, using their earnings to liquidate all bad and doubtful debts-the number of banks passing dividends during the present year being 175; in 1880, 230; in 1879, 304; and in 1878, 343.

Hundreds of instances have occurred annually, and many are occurring daily, wherein the banks, under the reports of the examiner, are notified of violations of the act and are brought under the discipline of the law. The betterment of the condition of the banks, and the enforcement of the requirements of the law, are part of the continual and ordinary supervision exercised by this Office. It is a supervision and labor not seen or known of by the general public, whose attention is only arrested when some sudden or unexpected failure occurs; and this simply illustrates the fact that, with the best endeavors, and the most careful supervision by this Office, such disasters may happen in the many contingencies of administering difficult and extensive duties, if directors neglect to exercise that continuous vigilance for which they were elected, and which they have sworn to perform.

The Mechanics' National Bank of Newark was placed in the hands of the receiver on November 2 last. It had a capital of $\$ 500,000$, a surplus of $\$ 400,000$, and deposits of over $\$ 2,500,000$. The capital and surplus are lost, through the criminal conduct of the cashier, and the stockholders are personally liable for an amount equal to the capital stock. The depositors will, it is estimated, receive at the outcome from 60 to 80 per cent. of their claims, depending upon the amount collected from the stockholders and that received from the estate for whose benefit the funds of the bank are alleged to have been abstracted, which estate is also now in the hands of a receiver appointed by the court. This bank was many times examined by skilled accountants of great experience, but it cannot be denied that some of them were misled by the criminal cashier, who, throngh his apparently high character and standing, so long deceived not only the tirectors, but every one with whom he had business relations. The examination of August 14, 1879, was conducted by two experienced experts, but was, as I am informed, rendered aseless by a forged telegram purporting to be from the correspondent of the bank in New York. The examiner, on Augast 16, 1880, verified the accounts of correspondents, as he was specially instructed to
do in a letter from the Comptroller in June previous; but he also was deceived by a forged letter from the New York correspondent, skillfully planned for this purpose, addressed to the examiner, received through the mail, and bearing the New York post-mark. Either of these examinations would have disclosed the robbery of the cashier, if the examiners had not been deceived by forgeries which would have been likely to mislead the most thorough expert.

It is, however, far from correct to represent that similar defalcations in national banks have not been previonsly discovered. The greatest defalcation in the history of the govermment, of eleven hundred thousand dollars, in the olfice of the assistant treasurer of New Orleans, which had certainly existed, in whole or in part, for more than a year, was discovered nearly fifteen years ago by an officer of this bureau, which discovery also resulted in the disclosure of a large deficiency in the First National Bank of New Orleans, and the placing of that bank in the hands of a receiver. Since that time many of the other banks which have failed have been placed in the hands of receivers through the vigilance of bank examiners; aud in many other instances officers of solvent and insolvent banks have, through the same means, been indicted and convicted for criminal acts. The bank examiners in New York City and Boston are nominated by the clearing-houses of those cities, and many other examiners now employed are men of the highest character, who have for years rendered excellent service. It is of the greatest importance that all men employed in this branch of the public service shall be well-trained and fitted for their work. It is not claimed that every examiner employed is a first-class expert-the compensation authorized is not sufficient for that purpose in many small districts. If State lines can be disregarded in the appointment of examiners, and men be selected for these positions upon merit alone, and kept well employed, a corps of skilled examiners would soon be engaged in this work, who would reflect the highest credit upon this branch of the public service. The records of this office show, however, that only one among all the examiners ever appointed has been found guilty of wrongdoing, while in no branch of the govermment service have men performed more faithful duty than those who have been engaged in the examinations of the national banks.

Such disasters do not exhibit the weakness of the banking system, but ratber the weakness and wickeduess of human nature. The system is strong, and carefully and elaborately guarded. Private companies and individuals are continuously suffering from embezzlements and forgeries. It is scarcely to be expected, if a robber or a forger is placed in control of all of its assets, that a national bank can be saved from disaster by the occasional visits of an examiner. Some additional legislation will be required; but there is not so much necessity for additional restrictions as there is for increased care upon the part of examiners, and increased diligence and sagacity on the part of directors who are in charge of great trusts.

The Pacific National Bank of Boston suspended on November 18 ultimo. The last report of the examination of this bank gave what seemed to be a thorough exhibit of its affairs. A long communication was addressed by the Comptroller to the directors of the bank on February 19 last informing them of such irregularities as then existed in the conduct of its business. They were specially informed that the irregular and illegal practice of loaning the credit of the bank ly the issue of certiticates must be discontinued. In reply to this communication a letter from the president of the association was received on February 28, explaining the irregulari-
ties referred to. In regard to the issuing of the certificates he said that "never in a single instance has any stipulation been made by us in regard to any certificate issued to any party. They are issued in regular form, and are payable at any moment upon presentation." To this it was replied by the Comptroller on Marel 3 that-

The examiner distinctly stated in his recent report that "loans are sometimes made by the issuing of demand certiticates, and parties ohtaining loans in this way indorse the certificates and plerge them as collateral, or stipulating the time of payment for them, have them regularly disconnted, and thus raise money indirectly from other parties and banks." If this statement be correct, the bank is lending its credit, which it is not anthorized by law to do, and the practice must, as stated in my letter of the 19 th ultimo, be discontinued.

That this information was brought to the attention of the directors is evident from a letter received since the date of suspension, ou the 25th instant, from the person who made the examination, which says:

Had your letter, which you wrote after my last examination, which was read by Mr. Benyon, the president, to the board as you requested, been heedel, the present condition of things wonld have been avoided.

Such a letter, in any properly-conducted bank, addressed by the Comptroller to a board of directors composed, as was the case in this instance, of prominent merchants and business men, should have been sufficient to correct the abuse and sare the bank from the disaster which has occurred.

The examiner also informs me that during the examination, and subsequent thereto, he called special attention of the directors to the hazardous manuer of doing business, and urged them to follow closely the president and examine loans made by him and the way in which his business was conducted, and was promised by more than one director that close attention would be given to the whole matter. The directors thus had full information in reference to the irregular and illegal methods of the bank which have since caused its ruin.

The law should certainly be so amended as to make it a criminal offense for an officer of a bank clandestinely to make loans, either by the use of certificates, as in this case, or otherwise.

## RETIREMENT OF NATIONAL-BANK NOTES AND WITHDRAWAL OF BONDS HELD AS SECURITY THEREFOR.

The only legislation in reference to the national banks during the last session of Congress was containerl in section 5 of "the funding act of 1881," which was as follows:

Sec. 5. From and after the first day of Jaly, eighteen hundred and eighty-one, the three per centum bonds authorized by the first section of this act shall be the only bonds receivable as security for national-bank circulation, or as security for the safekeeping and prompt payment of the public money deposited with such banks; but when any such bouds deposited for the purposes aforesaid shall be designated for purchase or redemption by the Secretary of the Treasury, the banking association depositing the same shall have the right to sulstitute other issues of the bonds of the United States in lieu thereof: Provided, That no bond upon which interest has ceased shall be accepted or shall be contimed on deposit as security for circulation or for the safekeeping of the public money; and in case bonds so deposited shall not be withdrawn, as provided by law, within thirty days after interest has ceased thereon, the banking association depositing the same shall be subject to the liabilities and proceedings on the part of the Comptroller provided for in section 5234 of the Revised Statutes of the United States: And providel further, That section four of the act of June twentieth, eighteen humdred and seventy-four, entitled "An act fixing the amount of United States notes, providing for a redistribution of the national-bank currency, and for other purposes," be, ant the same is hereby, repealed; and sections 5159 and 5160 of the Revised Statutes of the United States be, and the same are hereby, re-enacted.

This act was vetoed by the President.
The number of national banks, which deposited legal tender notes for
the purpose of obtaining possession of their bonds, in anticipation of the passage of this bill, was 141. These banks were located in twenty-four States, and the amount of legal tember motes deposited by them was $\$ 18,764,434$, as follows:

| States and cities. | No. of lanks. | Amonnt. | Statesaml cities. | No. of banks. | Amount. |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Philatelphia | 6 | \$2, 590, 800 | New Yohk City | 9 | \$2, 843, 849 |
| Pennsylvania | 14 | 2, 083, 300 | New York | 23 | 1,934, 600 |
| Bostor | 4 | 1, 034, 100 | Nıw Jersey | 5 | 837, 000 |
| Massuchnsette | $\because$ | 81, 000 | Indiama | 10 | 1, 080,000 |
| Connecticut | 10 | 1, 6.5, 400 | Missom ${ }^{\text {; }}$ | 3 | 164,745 |
| Montana | 1 | 36,000 | Virginia. | 1 | 45,000 |
| District of Columbia | 1 | \%2, 000 | Ohio | 19 | 1,402,630 |
| Phode Island | $\because$ | 385, 200 | Minnesota | 3 | 135, 000 |
| Nebraska | $\underline{2}$ | 171,900 | Kentucky | 1 | 310, 900 |
| Kansas | 2 | 81,000 | Mieligat | 1 | 27,000 |
| Tllinois | 10 | 845,900 | Iowa.... | 4 | 100, 460 |
| Maine | 2 | 13.5, 000 | Vermiont | 3 | 463,560 |
| North Carolina | ] | 135, 000 | Wiscrnsin | 1 | 21, 150 |
| May yland | 1 | 72, 000 | Totilis. | 141 | 18,764, 484 |

Only about one-third of the bonds which were thus released were subseruently redeposited, and for some months thereafter the total amount of bonds redeposited by the 141 banks which reduced their circulation was less than 7 millions. The Third National Bank of New York, which withdrew $\$ 840,000$ of bonds, soon thereafter disposed of the same to the Government, and has not since made any deposit whatever. The same statement may be made in reference to eight other large banks, which withdrew bonds amonnting to orer two millions of dollars, and also to many other smaller banks-thus showing that they withdrew their bonds because they desired control of them, and not for the purpose of arbitrarily reducing circulation. The Comptroller has been unable to obtain auy evidence that there was a combination on the part of the banks to deposit legal-tender notes and withdraw bonds for the purpose of deranging the money market.

Since the adjournment of Congress, only $\$^{2}, 394,545$ of legal-tender notes have been deposited under the act of June 20,1874 , for the purpose of retiring circulation, and these notes have been redeemed without any expense whatever to the Government of the United States-the cost thereof having been paid from the five per cent. redemption fund. The bonds now held are chiefly $3 \frac{1}{2}$ and 4 per cents, there being 241 millions of the former and 92 millions of the latter. The amount of interest received from an iurestment in either class of these bonds is nearly the same, and there is but little disposition to deposit legal-tender notes for the purpose of withdrawing them. Some banks take occasion to withdraw their 4 per cents, for the purpose of realizing the large preminm of 16 per cent., which they now hear, as this premium can be used for the purpose of liquidating any losses which may occur in their business. The 31 per cent. bonds are being frequently called by the Secretary, and the banks may therefore have occasion to withdraw them after interest has ceased, and it is important that they continne to have this privilege, upon a deposit of lawful moner as now provided by law.

The amount of loans of the national banks in New York City on October 1, 1881, was 946 millions, and 97 millions of this amount was payable on demand; the total amount of loans of all the banks was 1,169 millions, of which 196 millions was demand loans. It is probable that the proportion of demand loans held by the State banks is fully as great. Any proceeding which would tend to bring on a panic, or erange the money market in New York, woull, first of all, affect the
value of the stocks and bonds held by the banks as securities for these loans. It would be directly against the interest of the bank to pursue such a course, and it is a new principle in banking to assume that banking institutions will so conduct their business as to depress the value of securities which they themselves hold. If the banks, however, either National or State, or prisate bankers, should at any time desire to derange the market, they could do so, independently of any legislation by Congress, hy calling in their demand loans. Such a conrse would be much more simple and easy of accomplishment than the depositing of legal-tender notes in the Treasury, and it would be much more effective. If, however, Congress shall consider it advisable to prevent the banks from depositing in the Treasury for this purpose large amounts of coin or other lawful money, then section 4 of the act of June 20, 1874, may be so amended as to require those desiring to withdraw bonds to give a reasonable notice of their intention to do so, before completing the transaction.

When bonds deposited to secure the circulation of the national banks are called for payment by the government, it is necessary that the banks should withdraw them for redemption. This they can do, either by substituting other bonds or by depositing, under section 4 of the act of June 20, 1874, lawful money, to retire the circulation secured by the bonds which they desire to withdraw. The most convenient method for the banks is to arail themselves of the provision of section 4 referred to, as in many cases they desire permanently to withdraw bonds, without substitution. Prior to May 23 last, the Treasurer of the United States, and his predecessors in office, had, as a matter of convenience both to the banks and the government, permitted the redemption of called bonds by the following method: The banks sent a power of attorner, authorizing the Comptroller to withdraw the bonds, and the Treasurer of the United States to assign them to the Secretary of the Treasury for redemption on account of the bank, as much of the proceeds as might be necessary being used to retire the circulation secured by the bonds. The bonds were never out of the hands of the officers of the Treasury Department. The banks were thats relieved from the necessity of first sending in the money to retire their circulation, and the Government was enabled to get in its called bonds with more promptitude. On May 23, however, the Treasurer declined longer to allow this method of withdrawal and redemption, alleging that the proceeds of these bonds were coin, and not legal-tender notes, and that section 4 of the act of June 20 requires deposits for the retirement of circulation to be made in legal-tender notes only.

On June 1 the Comptroller addressed a letter to the Secretary of the Treasury, in which he stated the position taken by the Treasurer, and "that he declined to receive gold coin, which is a legal tender in payment of all debts, and insisted upon a deposit of United States notes, which are but promises to pay coin on demand." The Comptroller dissented from this ruling of the Treasurer, and beld that the act, properly construed, authorized the receipt of "lawful money," which includes gold and silver coin as well as United States notes, and requested that the question be referred to the Attorney-General for his construction of section 4 of the act of June $-20,1874$.

On the 6th of June the Secretary referred the matter to the AttorneyGeneral, and on the 14th of the same month the latter officer decided that "the banks may withdraw their bonds upon the deposit of the requisite amount of any kind of lawful money." He said, further, that-

The language of section 4 is almost too numbiguous for construction, as it expressly confers upon national banking associations the right to deposit sums of not less than
$\$ 9,000$ in lawful moner, aud to take up the bonds leposited for semuity of circulating notes; and that these words, as here used, possess their ordinary signification is apparent from the phraseology of concomitant and other provisions of law, and from considerations touching the general subject.

He also quoted a decision of his prelecessor on a similar point, in, confirmation thereof. On the same date that this decision was rendered by the Attorney-General, the Secretary of the Treasury addressed another letter to him, in which two additional questions in reference to this matter were asked: First, whether, under section 3 of the act approved June 20, 1874, chapter 343, a national banking association may deposit any lawful money other than United States notes for redemption of its circulating notes; and, second, whether the holders of the notes of any solvent national banking association may demand of the Treasurer, under the provision of sections 3 and 4 of that act, redemption of such notes in United States notes?

On June 30, 1881, the Attorney-General replied, and, as to the first question, decided that a bank may deposit coin for the purpose mentioned in the 3 section as abore quoted. In answer to the second question, he said:

I think the Treasurer, while having the privilege, under sections 3 and 4 of said act, to redeem bank circulation in United States notes, has the right to pay them in coin. The government notes are promises to pay dollars, and for such promises the thing promised may properly be substituted by the promiser, and that the act of June 20, 1874, chapter 343, was not intended to repeal or aftect the general provisions of the law (Revised Statutes, section 3585 , et seq.) making the coin of the United States legal tenders in all payments.

This decision removed all the distinctions which had been previously insisted upon by the Treasurer of the Cnited States, as to the kind of lawful money that might be received or paid in these transactions.

## NUMBER, CAPITAL AND DEPOSITS OF NATIONAL BANKS, STATE AND SAVINGS-BANES, AND 1RIVATE BANKERS.

The capital of the 2,115 national banks in operation on June 30, 1881, as will be seen by a table in the Appendix, was $\$ 460,227,835$, not including surplus, which fund at that date amounted to more than 126 millions of dollars; while the average capital of all the State banks, private bankers and savings banks, for the six mouths ending May 31, 1880, was but $\$ 210,738,203$. The latter amount is but little more than one-third of the combined capital and.surplus of the national banks.

The following table exhibits in a concise form, by geographical divisions, the total average capital and deposits of all State and savingsbanks and private bankers in the country, for the six months ending May 31, 1881 :

| Geographical divisions: | State banks and trust companies. |  |  | Private bankers. |  |  | Savings banks with capital. |  |  | Sarings banks with out capital. |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Middle States .. | 218 | 39. 98 | 189.78 | 938 | 53.40 | 9.4.11 | 7 | . 61 | 4.68 | 174 | 428.40 |
| Sonthern States ....... |  | 24.71 | 42.45 | 2.58 | 5.59 | 17.32 | 6 | . 44 | . 84 | 3 | 1. 94 |
| Western States and Tre ritories. $\qquad$ | $479$ | 41.94 | 132. 44 | 1,762 | 27.64 | 125.26 | 22 | 3.15 | 31.90 | 28 | 29.86 |
| United States | 978 | 113.19 | 385.69 | 3,038 | 93.33 | 241.85 | 36 | 4.22 | 37.61 | 629 | 862.36 |

The table below exhibits the capital and net deposits of the national banks on June 30, 1881, together with the aggregate average capital and deposits of all classes of banlis other than national. for the six months ending May 31, 1881 :

From this table it will be seen that the total number of banks and bankers in the country at the date named was 6,796 , with a total banking capital of $\$ 670,966,043$, and total deposits of $\$ 2,667,343,595$.

In the Appendix will be found similar tables for various periods, from 1875 to 1881, where will also be found other tables giving the assets and liabilities of State institutions during the past year, so far as they could be obtained from the othicial reports of the several State ofticers.

A table arranged by States and principal cities, giving the number, capital and deposits, and the tax thereon, of all banking institutions other than national, for the six months ending May 31, 1881, and for previons years, will also be found in the Appendix.

The following table exhibits, for corresponding dates nearest to May 31 in each of the last six years, the aggregate amounts of the capital and deposits of each of the classes of banks given in the foregoing table:

PRIVATE BANKERS.
In the Appendix will be found a table giving by geographical divisions, and by States, Territories and principal cities, the number of State banks, saviugs banks, trust and loan companies and private bankers of the country, together with the amount of their capital aud deposits, and the amount invested by them in United States bonds. The first ofticial information of this character ever published in regard to the private bankers of the country was contained in a table in the Comptroller's report for 1880. From the table in the Appendix, mentioned above, the following information in reference to the private bankers in
sixteen of the priucipal cities has been separated, it being thought that it will prove of special interest :

| Cities. | Number of banks. | Cunital. | Deprosits. | Invested in T. S. bonds. |
| :---: | :---: | :---: | :---: | :---: |

| Totals. | 717 | -5, 544,300 | 89, 996, 445 | 12,370, 022 |

The following table gives similar informatiou for the thirty-one States and Territories, exclusive of the cities in the above table, having an amount of capital in excess of $\$ 100,000$. In this table the number of private bankers is 2,255 ; the aggregate amount of capital, $\$ 34,169,435$; and of deposits, $\$ 148,178,652$, the average capital being $\$ 15,152$, and the a verage deposits \$65,711:

| States and Territories. | Number of banks. | Capital. | Deposits. | Invested in U. S. bonds. |

The remaining fifteen States and Teritories, not enumerated in the above table, contain 66 private bankers, with an aggregate capital of $\$ 620,120$, and aggregate deposits of $\$ 3,670,35 \overline{7}$. Massachusetts has only three private bankers, outside the city of Boston, with an aggregate capital of $\$ 50,000$, and aggregate deposits of $\$ 339,028$. Maryland has but two private bankers, outside of the city of Baltimore. The State
of Maine has but seven private bankers, North Carolina four, New Hampshire four, New Jersey five, Dela ware and Vermont only one each, Florida six, and Arizona five. The average amount of capital held by each of these 66 private bankers is $\$ 9,244$, and of deposits $\$ 57,127$.

The total number of private bankers in the foregoing cities is 717 , with an aggregate capitai of $\$ 58,534,300$, and aggregate deposits of $\$ 89,996,545$ -the average capital being $\$ 81,637$, and the average deposits $\$ 125,518$. About 70 per cent. of these private banks are located in New York City, representing nearly four-fifths of the aggregate capital and more than one-half of the aggregate deposits. The average amount of capital and deposits of each private banker in the city of New York is about $\$ 89,000$; and the bankers in that city also held $\$ 9,670,751$ of United States bonds, which is more than one-half of the amount of such bonds held by all of the private bankers of the country.

The following table shows, by geographical divisions, the number of private bankers in the ITnited States, with the aggregate amount of their capital, deposits, and investments in Cnited States bouds, for the six months ended May 31, 1881:

The table below is a recapitulation of the foregoing, showing by groups the aggregates for the bankers in the sixteen principal cities, in the thirty-one States and Territories having a private banking capital in excess of $\$ 100,000$, and in the fifteen remaining States and Territories: RECAPITULATION.

|  | Number of banks. | Capital. | Deposits. | Invested in U.S. bonds. |
| :---: | :---: | :---: | :---: | :---: |
| Principal cities | 717 | \$58, 234.300 | \$89, 996, 445 | \$12, 370, 019 |
| Principal States and Territorits | 2, 955 | 34, 169,435 | 148, 178, 652 | 4, 227,815 |
| Remaining States and Territories | 60 | 620,120 | 3, 670, 357 | 72, 667 |
| United States. | 3,038 | 98, 329,855 | $241,845,554$ | 16, 670,494 |

STATE BANKS, SAVINGS BANKS, AND TRUST COMPANIES.
The act of Congress of February 19, 1873, section 333 of the Revised Statutes, requires the Comptroller to obtain from authentic sources, and to report to Congress, statements exhibiting under appropriate heads the resources and liabilities of such banks and savings banks as are organized under the laws of the several States and Territories. In compliance with this act he has presented annually in the appendices to his reports the resources and liabilities of these corporations, so far as it has been possible to obtain them.

Through the courtesy of State officers, returns of State banks, savings banks, and trust and loan companies have during the past year been received from twenty-three States. Many of the States and Territories, including Illinois, Nebraska, Dakota, Oregon, Virginia, and Tennessee, do not require periodical returns of the condition of the different classes of banks organized under their laws.

STATE BANKS AND TRUST COMPANIES.
From these returns the following abstract has been compiled, showing the resources and liabilities of State banks and trust companies for the last two years, the number reporting in 1880 being 650, and in 1881683 :

The foregoing table was prepared from returns trom five New England States, exclusive of Maine, which has but one State bank in operation; from four Middle States, not including Delaware; and from all the Western States excepting Illinois, Kansas, and Nebraska. The only Southern States represented therein are South Carolina, Georgia, Louisiana, Texas, and Kentucky. The only Pacific State is California. There is but one State bank in New Hampshire, six in Vermont, and none in Massachusetts. There are, however, five trust and loan companies in the latter State, and ten in Connecticut.

## SAVINGS BANKS.

The following table exhibits the aggregate resources and liabilities of 629 savings banks in 1880 and in 1881:

|  | 1880. | 1581. |
| :---: | :---: | :---: |
| hesolmees. |  |  |
| Loans on real estate | \$315, 273, 232 | \$ $\$ 307,096,158$ |
| Loans on personal and collateral security | 70, 175, 090 | $95,817,641$ |
| United States bonds. | 187, 413, 220 | 210, 845,514 |
| State, municipal, and other bonds and stock: | 150, 440, 359 | 159, 819,942 |
| Railroad bonds and stocks | 20,705,378 | 27, 069, 048 |
| Bank stock | 32, 225, 923 | 33, 249,203 |
| Real estate | 39, 088,502 | 41, 987, 674 |
| Other assets | 27, 053, 452 | 37, 408, 163 |
| Expenses. | 216, 423 | 135, 57: |
| Ine froma banks | 22, 063, 091 | 40, 603,641 |
| Cash. | 17, 072, 680 | 13, 758,106 |
| Total | 881, 677,350 | 967, 790, 602 |
| teposits habihaties. |  |  |
| Deposits..... | 819, 106, 973 | 891, 961, 142 |
| Surplus fund..... | 51, 226,472 | 60, 289,905 |
| Undivided profits. | 4,740, 861 | 10, 525,800 |
| Other liabilities.. | 6, 003, 044 | 5, 213, 815 |
| Total | 881, 677, 3.50 | 967, 790,662 |

The foregoing table includes the returns from the six New England States, from four Middle States, not including Delaware, from the State of California, and from three other States and the District of Columbia. The aggregate of loans in the New England States is \$230,239,027, and of deposits $\$ 403,304,135$. In the Middle States the aggregate of loans is $\$ 130,204,828$, and of deposits $\$ 424,212,944$.
Some of the largest savings banks in the city of Philadelphia, organized under old charters, are not required to make reports to any State officer. Returns received directly from four of these banks, having deposits amounting to $\$ 26,895,295$, are included in the returns for the State of Pennsylvania.

The savings-bank deposits given in the foregoing table for 1881, based on reports made to the State authorities, are $\$ 891,961,142$, and the deposits of the State banks and trust companies were $\$ 373,032,632$. These deposits do not include bank deposits. The deposits of the national banks on October 1, 1881, exclusive of those due to banks, were $\$ 1,080,942,470$. These deposits of the national banks bear to those of the savings banks the proportion, nearly, of 55 to 45, to those of the State banks and trust companies the proportion of it to 26 , and to the combined deposits of both the proportion of 46 to 54 .

The total population of New England, according to the census of 1880, is $4,010,209$, and the number of open deposit accounts in the savings banks is $1,227,599$; which is equal to 30.6 accounts to each one hundred of the entire popnlation. The average amount of each account is $\$ 323.45$; and if the total deposits were divided among the entire population, the average sum of $\$ 100.56$ could be given to each individial.

The deposits of the savings banks in the State of New York were $\$ 353,629,657$, while the population is $5,082,871$; showing that an equal distribution of the sarings-bank deposits among the entire population of the State would give $\$ 69.57$ to each individual.

Tables showing the aggregate resources and liabilities of State banks, trust companies and savings banks, in each State from which returns turns have been received from the State authorities, appear in the adpendix.

## SECURITY FOR CIRCULATING NOTES.

During the past year there has been much change in the classes of United States bonds which the national banks have on deposit to secure their circulation, owing to the redemption or continuation of the five and six per cent. bonds of 1881. The classes and amount of these bonds held by the Treasurer on the 1st day of November, 1881, are exhibited in the following table:

| Class of bonds. | Authoriziug ant. |
| :---: | :---: |

The total amount of bonds held for the purpose of securing circulation on October 1, 1865, was $\$ 276,260,550$, of which $\$ 199,397,950$ was in 6 per cent. and $\$ 76,852,600$ in 5 per cent. bonds. On November 1, 1880, the banks held $\$ 56,605,150$ of six per cents, and $\$ 147,079,750$ of 5 per cents.

On November 1, 1881, all of these bonds had been called, and, with the exception of $\$ 7.5,900$, on which interest hat ceased, had been redeemed, or extended at the rate of $3 \frac{1}{2}$ per cent. The banks now hold $\$ 31,981,650$ of $4 \frac{1}{2}$ per cents, and $\$ 92,00 \overline{5}, 800$ of 4 per cent. bonds. They hold also $\$ 3,486,000$ of Pacitic Railroad bonds, and $\$ 75 \times, 90$ called bonds on which interest has ceased. The remainder, $\$ 245.001,050$, consists of bonds bearing interest at the rate of $3 \frac{1}{2}$ per cent. The average rate of interest now paid by the United States upon the bonds deposited as security for circulating notes is about 3.7 per cent. upon their par value. The amount of interest paid is equal to about $3 \frac{1}{2}$ per cent. only of the current market value of the bouds.

## SPECIE IN BANK AND IN THE TREASURY OF THE UNITED STATES, AND ESTLMATED AMOUNT IN THE COUNTRY-SPECIE IN THE BANK OF ENGLAND, AND IN THE BANK OF FRANCE.

The following table exhibits the amounts of specie held by the national banks at the dates of their reports for the last eight years, the coin and coin certificates held by the New York City banks being stated separately:

The issue of gold certificates was authorized by the fifth section of the act March 3, 1863, and they were used for clearing-house purposes soon after the passage of the National Bank Act. The first issue was made on November 13, 1865. On June 30, 1875, there were outstanding $\$ 21,796,300$, of which the national banks in New York City held $\$ 12,642,180$. The issue of these certificates was discontinued on December 1, 1878, and the amount outstanding had decreased on June 30,1879 , to $\$ 15,413,700$, and on October 1, 1880 , to $\$ 7,480,100$. The issue of these certificates having been discontinued by the government, and the amount of gold coin having rapidly increased, the banks in New York found it necessary to establish a depository of gold coin, for the convenience of the clearing-house. This depository, at the present time, is the Bank of America, by which bank certificates of deposit were first issued on October 14, 1879. The amount of such certificates outstanding on November 1, 1879, was $\$ 9,155,000$, on Jannary 1, 1880, $\$ 25,610,000$, and on June 1 following, $\$ 39,550,000$. The amount held by the national banks in New York City on June 30, 1881, was $\$ 41,858,000$; and on October 1, $\$ 31,721,000$.
The clearing-houses of Boston, Philadelphia and Baltimore have organized similar depositories, in order to utilize their gold coin, and to save the risk and inconvenience of handling and transporting it. The total amount of such certificates held by the national banks in New York ou October 1 was $\$ 31,721,000$; bv those in Philadelphia, $\$ 5,325,000$; in Boston, $\$ 4,919,000$; and in Baltimore, $\$ 1,095,000$; total, $\$ 43,090,000$.
The national banks held silver coin amounting, on October 1, 1877, to $\$ 3,700,703$, and on October 1, 1878, to $\$ 5,392,628$. On October 2, 1879, the amount held was $\$ 4,986,493$, and on October 1,1880 , it was $\$ 6,495,477$, including $\$ 1,165,120$ in silver treasury certificates. On October 1, of the present year, the official reports of the State banks in New England, New York, New Jersey, Pennsylvania, Maryland, Louisiana, Ohio, Indiana, Iowa, Wisconsin, Missouri, and Minnesota, show that these banks then held specie amounting to $\$ 9,019,500$, of which the banks in New York City held $\$ 4,985,820$. The official returns from the State banks of California do not give separately the amount of coin held by them; but the bank commissioners of that State estimate that of the total cash reported, amounting to $\$ 11,276,000, \$ 10,846,672$ cousisted of coin. The amount of coin held by State banks in the States before mentioned, including California, was, therefore, $\$ 19,866,172$.

The Director of the Mint, in his report for 1880, estimates the amount of coin in the country on June 30, 1880, at $\$ 501,555,711$, of which $\$ 358,958,691$ was gold and $\$ 142,597,020$ was silver. His estimate for the fiscal year ending June 30, 1881, is as follows:

| Amount of coin in the country June 30, 1880 | \$501, 555, 711 |
| :---: | :---: |
| Net gold coinage for the year | 78,293, 087 |
| Net silver coiuage for the year | 27, 642, 660 |
| Net importation of gold for the year | 5, 824, 975 |
| Net importation of silver for the year | 1,295, 086 |

## Total amount of coin June 30, 1881

614, 611,519
Of this amount the Director estimates that there was used in the arts $\$ 3,300,000$ of gold, and $\$ 75,000$ of silver, making a total of $\$ 3,375,000$. If this be deducted from the total given above, it will make the mount in circulation on July $1,1881, \$ 611,236,519$, of which $\$ 439,776,753$ was in gold, and $\$ 171,459,766$ in silver. From July 1, 1881, to November 1, the Director estimates that there was added to the coin $\$ 28,716,474$ of gold
and $\$ 9,610,858$ of silver, making the stock of coin in the country at the latter date $\$ 649,563,851$, of which $\$ 168,493,227$ was gold and $\$ 181,070,624$ was silver.

The amount of bullion in the mint and in the New York assay office on November 1 is stated to have been $\$ 94,075,744$ of gold and $\$ 4,966,741$ of silver, making in all $\$ 99,042,485$; which, added to the estimated amount of coin stated above, gives $\$ 748,606,336$, of which amount $\$ 562,568,971$ was gold and $\$ 186.037,365$ was silver.

The following table shows the amount of gold and silver, including the amount held to protect gold and silver certificates, and the percentage of each, in the Treasury of the United States, on September 30 of each year from 1876 to 1881, and on November 1, 1881 :

| Period. | Silver. |  |  | Gold coin and bullion. | Total coin and bullion. | Per cent. of- |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Standard dollars. | Other coin and bullion | Total sil ver. |  |  | Silver. | Gold. |
| September 30, 1876. |  | \$6, 029.367 | \$6, 029, 367 | \$55, 423, 059 | \$61,452, 426 | 9.8 | 90. 2 |
| September 30, 1877. |  | 7, 425, 454 | 7, 425, 454 | 107.089 529 | 114, 464, 983 | 6.5 | 93.5 |
| September 30, 1878. | \$12, 155, 205 | 15, 777, 937 | 27, 933, 142 | 136, 036,312 | 163,969, 444 | 17.0 | 83.0 |
| September 30, 1879 | 31, 806, 774 | 21, 173, 023 | 52, 979,797 | 169, 827,571 | 22, 207,368 | 23.8 | 76.2 |
| September 30, 1880. | 47, 784, 744 | 30, 878, 286 | 78, 663, 030 | 135, 641, 459 | 214, 304, 480 | 36.7 | 63.3 |
| September 30, 1881. | 66, 092, 667 | 28, 915, 297 | 96, 037, 904 | 174, 301, 313 | 2ti9, 399, 307 | 35.3 | 64.7 |
| November 1, 1881... | 66, 576, 378 | 29,409,262 | 95, 085, 640 | 172, 989, 8:9 | 268,975, 469 | 35.7 | 64.3 |

The bullion in the Bank of England for each year from 1870 to 1881 is shown in the following table, the pound sterling being estimated at five dollars:

| 1870 | \$103, 900, 000 | 1876 | \$143, 500, 000 |
| :---: | :---: | :---: | :---: |
| 1871 | 117, 950,000 | 1877 | 126,850,000 |
| 1872 | 112,900, 000 | 1878 | 119, 200, 600 |
| 1873 | 113, 500, 000 | 1879* | 150,942,980 |
| 1874 | 111, 450, 000 | $1880 \dagger$ | 141, 63\%, 000 |
| 1875 | 119, 600, 000 | 1881 † | 115,221, 870 |

Below is a similar table, giving the amount of gold and silver, and the percentage of each, in the Bank of France, on December 31 of each year $\ddagger$ from 1870 to 1880, and on November 10, 1881, five francs being estimated at one dollar:

[^8]
## NATMONAL-BANK FAILURES AND DIVIDENDS TO CREDITORS.

During the year ending November 1, 1881, no national banks have failed; but since that date, the Mechanic's National Bank of Newark, N. J., and the Pacific National Bank of Boston, Mass., have suspended, and the former bank has been placed in the hands of a receiver.

The affairs of twelve banks which failed prior to November 1, 1880, have, during the year, been finally closed, and final dividends have been paid to creditors. These banks with the total dividends paid, are given below:

## Total dividends.

Bethel, Conn., First National Bank 100 per cent. and interest.
Brattleboro', Vt., First Nationai Bank................. . . 100 per cent. and interest in full.
Delphi, Ind., First National Bank............ . . . . . . . . . 100 per cent. and interest in full.
Dnluth, Minn., First National Bank. . . . . . . . . . . . . . 100 per cent. and interest in full.
Fort Scott, Kans., Merehant's National Bank .................................... 60 per cent.
Franklin, Ind., First National Bank ................. . . 100 per cent. andinterest in full.
Kansas City, Mo., First National Bank........................................... 100 per cent.
New Orleans, La., Crescent City National Bank............................ . . . 84.83 per cent.
Poultney, Vt., National Bank......... ............. 100 per cent. and interest in full.
Saratoga, N. Y., Commercial National Bank. . . . . . . 100 per cent. and interest in finll.
Warrensburir, Mo., First National Bank................ 100 per cent. and interest in full.
Winchester, Ill., First National Bauk .63 .6 per cent.
Attention is called to the fact that nine of the twelve foregoing insolvent national banks, whose affairs have been closed during the past year, have $p^{1+i d}$ in full the principal of the claims proved against them, and that eight of the nine have paid principal and interest, seven of them paying interest in full.

The following banks whose affairs are still in the hands of recenvers paid dividends during the past year, as follows, the total dividends paid by them up to November 1 being also given:

[^9]It will be noticed that three of the above banks have already paid the principal of their claims to creditors, and it is believed that they will also pay interest, either in part or in full. Of the banks given which have not paid 100 per cent., it is expected that many will do so, and they will perhaps pay interest, in addition.

The total amount of dividends paid by the Comptroller to the creditors of insolvent national banks during the year ending November 1, 1881, was $\$ 929,059.16$. The total dividends paid to creditors of the 86 banks placed in the hands of receivers prior to November 1 amount to $\$ 18,561,698$, upon approved claims amounting to $\$ 25,966,602$. The dividends paid equal about 70 per cent. of the proved claims. Assessments amounting to $\$ 7,601,750$ have been made upon the sharenolders of insolvent national banks, for the purpose of enforcing their individual liability, of which
about $\$ 3,000,000$ has been collected, and nearly $\$ 400,000$ of it within the past year.

A table showing the national banks which have been placed in the hands of receivers, the amount of their capital, of claims proved, and the rates of dividends paid, and, also, one showing the amount of circulation of such banks issued, redeemed, and outstanding, will be found in the Appendix.

## TAXATION OF NATIONAL BANKS.

The Comptroller again respectfully repeats his recommendation for the repeal of the law imposing a tax upon bank capital and deposits, and the two-cent stamp upon bank checks.

The receipts of internal revenue show an increase of $\$ 10,447,763$ for the fiscal year 1880, and a still further increase of $\$ 11,447,996$ for 1881 , the total increase during the whole period being more than twenty-one and a half millions. The increase of the receipts of the government from customs, internal revenne, and other sources during the year 1880 was $\$ 59,699,426$, and for the two years named it was nearly 87 millions $(\$ 86,955,108)$. The expenditures of the goverument during the last fiscal year were less than for either of the two previous years, and the surphus revenue during the same period was more than 100 millions. The receipts for the four months ending Noveuber 1 last show a still further increase, and it is probable that the surplus revenne for the present year will be much greater than for any one that has preceded it. The whole amount of internal revenue collected by the Commissioner during the last fiscal year was $\$ 135,299,912$, all of which, with the exception of $\$ 11,520,704$, was derived from the tax on spirits, beer, and tobacco.

The amount paid by the national banks to the Treasurer of the United States, for taxes on capital and deposits, during the year euding June 30,1881 , was $\$ 5,372,178.22$, and the amount paid by banks, other than national, to the Commissioner of Internal Revente, under the law taxing bank capital and deposits, was $\$ 3,757,912$. The value of the twocent check stamps issued during the fiscal vear was $\$ 2,366,081$. The total amount of bank taxes which it is recommended should be abated is $\$ 11,496,171$, which amount is much less than the annual increase of the internal revenue daring the past two years. The receipts from taxes are Jargely increasing, while the expenditures of the government are largely decreasing, through the reduction of the public debt and of the interest thereon. The reason that has heretofore been urged against the abrogation of these laws-namely, that the anount produced was necessary for the support of the government and for the payment of the public debt-has long since lost its force. Their repeal has already been recommended, both by the Secretary of the Treasury and the Commissioner of Internal Revenue.

While in many of the States there may be a necessity for taxing banking capital and deposits, for purposes of revenue, this reason for retaining a war tax, in the case of the United States Government, has passed away. The rates of interest for money are gradually lessening, and the State taxes which the banks are compelled to pay are as much as should be imposed upon these great agencies for developing the manufacturing and commercial interests of the country. The Comptroller herewith presents tables which give, as far as can be ascertained, the amount of the banking capital of the country, the amount of United States and State taxes, and the rate of taxation paid by the national banks in every State and principal city in the Union for the yo ar 1880.

The following table shows the amount of United States and State
taxes, and the rate of taxation paid by the national banks, in every State and principal city of the Union for the year 1880:

| States and Territories. | Capital.* | Amount of taxes. |  |  | Ratios to capital. |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | United States. | State. | Total. | United States. | State. | Total. |
|  |  |  |  |  | Per ct. | Per ct. | Perct. |
| Maine | \$10, 435, 000 | \$124, 884 | \$228,263 | \$353, 147 | 1.2 | 2.2 | 3.4 |
| New Hampshi | 5, 827, 830 | 70, 523 | 97,720 | 168, 243 | 1.2 | 1. 7 | 2. 9 |
| Vermont | 8,355, 683 | 93,745 | 141,678 | 235, 423 | 1.1 | 1.8 | 2.9 |
| Massachusetts | 44, 995, 010 | 569, 299 | 819,389 | 1, 388, 688 | 1.3 | 1. 8 | 3. 1. |
| Boston | 50, 500,000 | 813, 080 | 943, 219 | 1,756, 299 | 1.6 | 1.9 | 3.5 |

[^10]Like tables for the years 1867 and 1869, and for the years 1874 to 1879, inclusive, may be found in the Appendix.
In order that the great inequality of the percentage of the United States and State taxes to the capital of national banks in the differ ent geographical divisions of the country may be seen, tables have been prepared for the years 1879 and 1880, in which the capital stock invested and the percentage thereto of taxes paid is given, as follows:
1879.

| Geographical divisions. | Capital. | Amount of taxes. |  |  | Ratios to capital. |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | United States. | State. | Total. | United States. | State. | Total. |

| United States...... | $457,266,545$ | $8,118,103$ | $7,876,822$ | $15,994,925$ | 1.8 | 1.8 | 3.6 |

The inequality in the percentages in United States taxes, which appears in the foregoing tables, arises from the fact that, while the United States tax is imposed on the three items of circulation, deposits, and capital, the percentages given in the tables are those of the total tax, derived from these three sources, to capital only. Where deposits and circulation are large in proportion to capital, the percentage of United States tax in the table is therefore greater; where the deposits and circulation are proportionately smaller, the percentage is less. The inequality in State taxes originates in an actual difference in the rates. The table below shows for the years 1878,1879 , and 1880 the great inequality in the rates in State taxation paid in the principal States in the country.

| Cities. | 1878. |  |  | 1879. |  |  | 1880. |  |  |

|  |  |  |  |  |  |  |  |  |  |

The national banks, under present law, pay to the United States a tax of one per cent. upon the amount of their notes in circulation, onehalf of one per cent. upon the amount of their deposits, and the same rate upon the average amount of capital beyoud the amount invested in United States bonds. These taxes are paid semi-annually by the national banks to Treasurer the of the United States.

The following table shows the amount annually paid under this law, from the commencement of the natioual banking system to July 1, 1881, showing an aggregate of taxes paid to the United States, by national banks, of $\$ 108,855,021.90$ :

| Years. | On circulation. | On deposits. | On capital. | Total. |
| :---: | :---: | :---: | :---: | :---: |

The amount of tax paid upon circulation alone is $\$ 49,062,536$, while the whole cost to the government of the national system, since its establishment in 1863 , has been but $\$ 5,148,649.01$.

The banks, other than national, pay taxes to the United States on account of their circulation, deposits and capital, at the same rates as are paid by the national banks; but these taxes, instead of being paid to the Treasurer, are collected by the Commissioner of Internal Revenne.

The table below exhibits the taxes which have been paid by these banks for the years from 1864 to 1881 , inclusive. The amounts given
under the head of tax on circulation have, for a number of years, been principally derived from the tax of ten per cent. upon State bank circulation paid out. The whole amount of tax paid by these banks is \$61,540,471.63:

| Years. | On circulation. | On deposits. | On capital. | Totals. |
| :---: | :---: | :---: | :---: | :---: |

| 1872 | 472, 956, 958 | 6,703, 910 | 8,343, 772 | 15, 047, 682 | 1.4 | 1.8 | 3.2 |
| 1873 | 488, 778, 418 | 7,004, 646 | 8, 499, 748 | 15, 504, 394 | 1.4 | 1. 8 | 3.2 |
| 1874 | 493, 751, 679 | 7, 256, 083 | 9,620,326 | 16, 876,409 | 1.5 | 2. 0 | 3.5 |
| 1875 | 503, 687, 911 | 7, 317, 531 | 10, 058, 122 | 17, 375, 653 | 1.5 | 2.0 | 3.5 |
| 1876 | 501, 788, 079 | 7, 076, 087 | 9, 701, 732 | 16, 777, 819 | 1.4 | 2. 0 | 3. 4 |
| 1877 | 485, 250, 694 | 6, 902, 573 | 8, 829, 304 | 15,781, 877 | 1.4 | 1.9 | 3.3 |
| 1878 | -471, 064, 238 | 6, 727, 232 | 8, 056, 533 | 14,783, 765 | 1. 4 | 1.7 | 3.1 |
| 1879 | 456, 968, 504 | 7, 016, 131 | 7, 603, 232 | 14, 619, 363 | 1. 5 | 1. 7 | 3.2 |
| 1880 | 457, 266, 545 | $8,118,103$ | 7,876,822 | 1.5, 994, 925 | 1.8 | 1.8 | 3.6 |

These statistics show that during the fifteen years covered by the table the average amount annually paid by the national banks to the States and to the United States was $\$ 16,589,199$, or more than $3 \frac{1}{2}$ per cent. upon their capital stock; during the last year given, the total amount paid was $\$ 15,994,925$, or more than 4 per cent. upon the amount of the average circulation of the banks then in operation.

```
STATE TAXATION OF NATIONAL BANKS.
```

The United States Supreme Court, in the case of The People ex rel. Williams vs. Weaver, at the October term in 1879, decided that the States have no right to assess the shares of national banks located within their borders, for purposes or taxation, at a greater rate or valuation than other moneyed capital in the hands of individuals is assessed; and that an individual in New York, holding bank shares, has the same right to deduct his just debts from the amount of his bank shares as he would have to deduct them from his personal property, including his
moneyed capital. The Supreme Court also pointed out the method of relief for national banks to pursue when taxes are assessed upou them at a greater rate than is assessed upon other moneyed capital in the same State, such method being to enjoin the collection of excessive taxes.

In November, 1880, it was decided by the United States circuit court of the northern district of the State of New York, in the case of the Albany Exchange Bank vs. Charles A. Hills et al., that the law of the State of New York, under anthority of which taxes had been assessed for fourteen years upon bank shares, was void and invalid, for the reason that this act did not permit the owners of bank shares to reduce their assessment by the amount of their debts, while owners of other moneyed capital possessed that privilege under the general statutes of the State. As soou as this decision was known, injunctions were obtained by nearly every bank in New York City, restraining the collection of taxes imposed by State authority upon the shareholders of those banks. The collection of over $\$ 1,700,000$ was thus enjoined. The question involved was appealed to the Supreme Court of the United States.

Since my last annual report, two acts have been passed by the New York State legislature, to establish a system of taxation. One of them expressly permitted the deduction of debts, in the assessment of shares of banks organized under the authority of the State or of the United States. In the second act the taxation of corporations generally was provided for, excluding banks and some other corporations.

Although the first act apparently removed the objection which existed to the former State law taxing National and State banks, yet it did not provide against the unjust and discriminating valuation of the shares of banks, as compared with the valuation of real estate and of other personal property. After considerable discussion the majority of the banks in the Clearing-House Association of New York have decided to pay the tax imposed under this law for the year 1881, notwithstanding this objection to it.

During the year there have been two important decisions in reference to taxation of national-bank shares rendered in the United States circuit court for the northern district of the State of New York. The first was in the case of the New York State National Bank of Albany vs. W. J. Maher, where the court held that the assessments against the shareholders of the bank were absolutely void, for the reason that the assessors did not place the names of the shareholders, with the number of their shares and the assessable value of the same, upon the regular assessment-roll, but upon a list separate therefrom.

The second decision was in a suit brought by the First National Bank of Utica against the State tax-collector, to test the effect of the acts which provided for the taxation of corporations generally.

The amount of the tax imposed by the law mentioned, in all cases other than those of banks and certain specified corporations, was at a rate much less than the rates of local taxation in many parts of the State, and less than that imposed upon the shares of banks. In this suit it was decided that Congress did not intend to prohibit the State from taxing its own corporations more lightly than shares in national banks, provided that the latter class of property was not assessed more heavily than other moneyed capital in the hands of individuals.

A suit was brought by the Evansville National Bank, in the United States circuit court of the State of Indiana, in order to test the validity of the statutes of that State, directing the assessment of bank shares. It was held by the bank that these statutes are void, because they do not grant to the owners of bank shares the privilege of deducting their
just debts from the assessed valuation of such shares, while under the general statutes of the State that right was granted to the owners of other moneyed capital. Justice Harlan, of the United States Supreme Court, recently decided in this suit that the law of Indiana "enforces in certain cases a rule of taxation inconsistent with the principle of equality underlying the legislation of Congress, and conformity to which is essential to the validity of State taxation of national bank shares." He decides that every shareholler of a national bank, who, at the time of assessment, had debts, and no credits from which he could deduct the same, except national bank shares, from which the State laws did not permit him to make such deduction, is entitled, through the bank, to an injunction against the tax assessed upon the shares.

As it is in the power of the States, under the present law of Congress, so to legislate that through unequal valuations bank shares may be discriminated against as compared with other moneyed capital in the hands of corporations or individuals, a necessity appears to exist that, in order to avoid protracted and expensive litigation, Congress shall so amend the present law that there can be no doubt as to the precise amount of taxation which may be imposed by the States on national bank shares.

In my last annual report a suggestion was made in reference to the ameudment of section 5219, Revised Statutes of the United States. It is now again recommended that the section named shall be amended to read as follows:

But the legislature of each State may determine and direct the manner and place of taxing the shares of national banking associations located within the State, subject to the following restrictions, namely: That the maximum rate of tax shall not exceed ——per cent.; that the rate, and the valuation npon which such rate is calculated shall not exceed the least rate and valuation to which other moneyed capital, in the hands of individuals, or of corporations of auy class, in such State is subjected, and that the shares of any national banking association, owned by a non-resident of any State, shall be taxed in the State or town in which the bank is located, and not elsewhere.

If such an amendment becomes a law it will, in a great measure, prevent the various forms of discrimination which have been exercised in the imposition and collection of taxes upon national-bank shares, under State authority. The Supreme Court of the United States has decided that, without the permission of Congress, the States would have no right to impose any taxes whatever upon natioual banks, and that in enacting the law under which the States now exercise this right, Congress was conferring a power on the States which they would not otherwise have had. This court also decided that it was the evident intention of Congress to protect the banks from anything beyond their equal share of the public burdens. Congress has therefore the power wholly to rescind the right granted to the States to tax national banking associations. This, however, is not asked or desired. But, inasmuch as it has been the tendency of legislation in different States to disregard, or render inoperative, the provisions of the act of Congress permitting and restricting State taxation of national bank shares, it is certainly not too much to expect that Congress will regard it as due to themselves to pass such amendments as will carry out the intention of their original act, clearly defined and sustained as it has been by the decisions of the Supreme Court of the United States.

LOSSES, SURPLUS, EARNINGS AND DIVIDENDS OF THE NATIONAL BANKS.
During the year ending September 1, 1881, the national banks charged off lossesamounting to $\$ 12,691,349.75$. Of this, $\$ 5,889,761.19$ was charged
off during the six months ending March 1, 1881, and $\$ 6,801,588.56$ during the similar period ending September 1, 1881. The following table shows the number of banks that charged off these losses, and the amount so charged off by them, in each State and reserve city throughout the United States, for the two semi-annual periods ending March 1 and September 1, 1881, respectively. The total losses charged off in each of the four preceding years have been added to the table. Full tables for the five previous years may be found in the Appendix:

| States and Territories. | March 1, 1881. |  | September 1, 1881. |  | A ggregate. |

| Total, 1881 |  | 3, 292, 013 |  | 5,523, 313 |  | 1,181, 840 |  | 2, 694, 184 |  | 12, 691, 350 |
| Total for five years....... |  | 29, 047, 315 |  | 36, 864, 963 |  | 7,319, 812 |  | 20, 291, 708 |  | 93, 523, 798 |

Of the losses given in the foregoing tables, a portion is on account of the depreciation in the premium on United States bonds held by the banks. The amount of premium thus charged off during the past year was $\$ 2,271,339.50$; and, during the last four and a half years, it amounted to $\$ 13,107,099$. The total losses, shown in the above table, extending over a period of five years, are equal to 24.5 per cent. of the entire capital of the banks, and 19.1 per cent. of their combined capital and surplus.

In order further to illustrate this subject, several of the principal cities of the United States have been selected, and the losses sustained during the past five years by the national banks located in each are given in the following table:

| Cities. | 1877. | 1878. | 1879. | 1880. | 1881. | Total. |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| New York | \$4, 247, 94166 | \$5, 147, 31998 | \$3, 135, 55737 | \$2, 054, 38152 | \$2, 321, 00262 | \$16, 906, 20315 |
| Boston | 2, 192, 05381 | 2, 490, 19746 | 2, 655, 39058 | 1, 110, 83172 | 701, 05473 | 9, 149, 52830 |
| Philadelphia | 333, 24847 | 561, 67630 | 491, 55836 | 399,943 74 | 406, 24916 | 2,192, 67603 |
| Pittsburgh | 289, 46659 | 419, 03651 | 339,02299 | 258, 12815 | 258, 08809 | 1, 557, 74233 |
| Baltimore. | 200, 59774 | 368,91599 | 294, 50700 | 211, 32901 | 99, 17976 | 1, 174, 52950 |
| New Orleans. | 286, 25947 | 338,496 90 | 272,889 87 | 118,080 38 | 74,920 25 | 1,090, 64687 |

The losses charged off by the banks during the last year are about $\$ 2,000,000$ less than those experienced during the previous year. A part of the losses charged off, as shown by the preceding tables, consisted of bad debts as defined in the law-viz, debts on which interest was due and unpaid for a period of six months, and which were neither secured nor in process of collection. The bad debts so charged off consisted of other stocks and bonds on which interest had ceased, as well as of bills receivable. Since the resumption of specie payments, the value of a
portion of these bad assets has been realized; and it is estimated that in this way about 25 per cent. of these losses has since been recovered.

DIVIDENDS AND EARNINGS.
From the semi-annual returns made by the banks to this Office, tables have been prepared, showing the dividends and profits, and the ratios of each to capital, and to capital and surplus combined. The following table shows the capital, surplus, dividends, and total earnings of all the national banks, for each half year, from March 1, 1869, to September 1, 1881, with the ratios, as before specified :

| Period of six months, ending- | No. of banks. | Capital. | Surplus. | Total dividends. | Total net earnings. | Ratios. |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |  | PDividends to capital. | Dividends to capital and surplus. | Earnings to capital and surplus. |
|  |  |  |  |  |  | Percent. | Per cent. | Percent. |

| United States.- | 7.6 | 6.1 | 5.5 | 8.0 | 6.4 | 7.9 | 8.4 | 6.6 | 9.2 |

Under the law requiring the national banks to carry to surplus fund, before declaring dividends, a certain proportion of their earnings, the national banks of the country have accumulated a fund, in addition to their capital, which now amounts to $\$ 128,140,618$. This surplus is not infringed upon, except in case of extraordinary losses, such as cannot be paid from the current earnings of the banks, and consequently forms, with the capital, the working fund of the banks. In the following table the gradnal accumulation of this fund, from the commencement of the system to the present time, is shown, as nearly as possible, by semi. annual periods. The increase or decrease for each period is also given :

| Dates. | Amount. | Semi-annual increase or decrease. | Dates. | Amount. | Semi-annual increase or deerease. |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Increase. |  |  | Increase. |

From December, 1875, to June, 1879 there was a constant decrease in this fund. In all other cases a gradual increase is to be noted.

## UNITED STATES LEGAL-TENDER NOTES AND NAIIONAL-BANK CLRCULATION.

The acts of February 25, 1862, July 11, 1862, and March 3, 1863, each authorized the issue of 150 millions of dollars of legal-tender notes, making an aggregate of 450 millions of dollars. On January 30,1864 , the amount of such notes outstanding was $\$ 449,338,902$, which was the highest amount outstanding at any one time. The act of June 30, 1864,
provided that the total amount of United States notes issued or to be issued should not exceed 400 millons of dollars, and such additional sum, not exceeding 50 millions, as may be temporarily required for the redemption of temporary loans. By the act of June 20, 1874, the maximum amount was fixed at $\$ 382,000,000$.

Section 3 of the act of January 14, 1875, authorized an increase of the circulation of national banks in accordance with existing law, without respect to the limit previously existing, and required the Secretary of the Treasury to retire legal-tender notes to an amount equal to 80 per cent. of the national-bank notes thereater issued, until the amount of such legal-tender notes outstanding should be 300 millions, and no more. Under the operation of this act $\$ 35,318,984$ of legal-tender notes were retired, leaving the amount in circulation on May 31, 1878, the date of the repeal of the act, $\$ 346,681,016$, which is the amount now outstanding.
The act of July 12, 1870, provided that no national banking association organized after that date should have circulation in excess of $\$ 500,000$. As this restriction was enacted at a time when a limit existed as to the aggregate amount of circulation which could be issued to national banking associations, the necessity for it ceased after the passage of the act of January 14, 1875, which, as stated, removed all limit upon the aggregate amount of circulating notes, and a repeal of the restriction is recommended by the Comptroller. A billwas, at the last session of Congress, reported from the finance committee, authorizing all banks to receive circulation equal to the full amount of their capital, as was the case in the original bank act. The passage of this bill would give the banks dhe privilege of increasing their circulation up to the limit of their capital, if at certain seasons of the year such an increase shonld be desirable. This increase would not probably be great, for the amount of circulation outstanding is now much less than that anthorized by law.
Since the passage of the act of June :0, 1874, \$127,923,596 of legaltender notes have been deposited in the Treasury by the national banks, for the purpose of reducing their circulation, and $\$ 101,034,675$ of bank notes have been redeemed, destroyed, and retired. In the following table are given the amounts and kinds of the outstanding currency of the United States and of the national banks, on January 1 of each year, from I 866 to 1880, and on November 1, 1881; to which is added the amount on August 31, 1865, when the public delot reached its maximum:

| Date. | United States issues. |  |  | Notes of natioual banks, including gold notes. | A ggregate. | Currency price of $\$ 100$ gold. | Gold price of $\$ 100$ currency. |

| Previously surrendered, under same act...... |  |  |  | 11, 794, 880 |
| Grand totals | 122, 727, 905 | $83,438,594$ | 17, 596, 080 | 113, 240, 429 |

The amount of circulation issued to national banks for the year ending November 1, 1881, was $\$ 30,979,630$, including $\$ 5,233,580$ issued to banks organized during the year. The amount retired during the year was $\$ 14,075,054$, and the actual increase for the same period was therefore $\$ 16,904,576$, making the total on November $1, \$ 359,422,738$, which is the largest amount outstanding at any one time.

During the year ending November 1, 1881, lawfal money to the amount of $\$ 23,847,844$ was deposited with the Treasurer to retire circulation, of which amount $\$ 1,554,790$ was deposited by banks in liquidation. The amount previously deposited under the act of June 20,1874 , was $\$ 85$,684,998 ; by banks in liquidation, $\$ 18,390,555$, to which is to be added a balance of $\$ 3,813,675$, remaining from deposits made by liquidating
banks prior to the passage of that act. Deducting from the total the amount of circulating notes redeemed and destroyed without reissue, $\$ 101,034,675$, there remained in the hands of the Treasurer on November $1,1881, \$ 30,702,596$ of lawful money for the redemption and retirement of bank circulation.

CIRCULATING NOTES OF THE BANK OF FRANCE AND MMPERIAL BANK OF GERMANY, BY DENOMINATIONS-NATIONAL-BANK AND LEGALTENDER NOTES, BY DENOMINATIONS.

The following table* exhibits by denominations the circulation of the Imperial Bank of Germany, on January 1, 1881, in thalers and marks, which are here converted into our currency:

| Thalers. |  |  |  | Marks. |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Number of pieces. | Denominations. | Value of each piece in dollars. | Amonntin dollars. (Thaler= 75 cents.) | Number of pieces. | Denominatious. | Value of each piece in dollars. | Amount in dollars. (Marks= 25 cent.) |
| 81 | 500 thalers. | 37500 | 30, 375 | 260, 582 | 1,000 marks. | 250 | 65, 145,500 |
| 2, 246 | 100 thalers. | 7500 | 168, 450 | 217, 449 | 500 marks. | 125 | 27, 181, 125 |
| 1, $690 \frac{1}{2}$ | 50 thalers. | 3750 | 63, 394 | 4, 348, 3821 | 100 marks. | 25 | 108, 709, 562 |
| 8,726 | 25 thalers. | 1875 | 163, 612 |  |  | ......... |  |
| 9, $026 \frac{1}{2}$ | 10 thalers. | 750 | 67, 699 |  |  |  |  |
| 21, 770 |  | ............. | 493, 530 | 4, 826, 413 $\frac{1}{2}$ |  |  | 201, 036, 187 |

The circulation of the Imperial Bank of Germany, on January 1, 1879, was $\$ 165,933,942$; its circulation on January 1,1880 , was $\$ 198,201,144$; showing an increase of $\$ 32,267,202$ during that year.

The following table $\dagger$ gives the circulation of the Bank of France and its branches, with the number of pieces, and the denominations in francs and in dollars, on Jauuary 27, 1881:

| Number of pieces. | Denominations. | Value of each piece in dollars. | Amount in francs. | Amount in dollars. (Franc $=20$ cents.) |
| :---: | :---: | :---: | :---: | :---: |
| 5 | 5,000 francs. | 1,000 | 25,000 | 5, 000 |
| 1,370,596 | 1, 000 franes. | 200 | 1,370,596,000 | 274, 119, 200 |
| 712,243 | 500 francs. | 100 | 356, 121, 500 | 71, 224, 300 |
| 2, 889 | 200 francs. | 40 | 577, 800 | -115,560 |
| 7, 555, 345 | 100 francs. | 20 | $755,534,500$ | 151, 106,900 |
| 671, 119 | 50 francs. | 10 | 33, 555, 950 | 6, 711, 190 |
| 25,587 | 25 fraucs. | 5 | 6 639,675 | 127,935 |
| 282, 999 | 20 francs. | 4 | $5,659,980$ | 1, 131,996 |
| $\begin{array}{r} 189,095 \\ 1,224 \end{array}$ | 5 franes. <br> Forms ont of date. | 1 | 945,475 485,900 | $\begin{array}{r} 189,095 \\ 85,180 \end{array}$ |
| 10,811, 102 |  |  | 2,524, 081, 780 | 504, 816, 356 |

The amount of circulation of the Bank of France on Jannary 29, 1880, was $2,321,474,365$ francs, or, say, $\$ 464,294,873$, showing an increase between that time and January 27, 1881, the date of the foregoing table, of $202,607,415$ francs, or $\$ 40,521,483$.

[^11]It will be seen that the Imperial Bank of Germany issues no notes of a less denomination than \$7.50, and that the Bank of France issues less than two milfions of dollars in notes of a less denomination than five dollars. The Bank of England issues no notes of less than twentyfive dollars, and the Banks of Ireland and Scotland none of less than five dollars.

The amount of circulation in this country in denominations of flve dollars and under, on November 1,1880 , was $\$ 214,326,838$. In the foreign countries named a large amount of silver and gold coin of the lower denominations enters into general circulation. It will be impossible to keep in circulation here any large amount of small gold coins or silver dollars, unless the coinage of the latter is restricted and the small notes withdrawn.

In accordance with law, no national-bank notes of denominations less than five dollars have been issued since the 1st of January, 1879. Since that date the amount of ones and twos has been reduced $\$ 5,867,465$, and during the same period the amount of legal-tender notes of these denominations has been increased $\$ 7,903,621$. During the last year the amount of national-bank notes of these denominations has decreased $\$ 1,648,440$. The total increase, therefore, of the amount of one and two dollar bills outstauding, in national-bank and legal-tender notes, is $\$ 6,255,181$.

The following table slows, by denominations, the amount of nationalbank and legal-tender notes outstanding on November 1, 1881, and the aggregate amounts of both kinds of notes at the same date in 1879 and 1880 :

| Denominations. | 1881. |  |  | 1880. | 1879. |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | National. bank notes. | Legal-tender notes. | Aggregate. | Aggregate. | Aggregate. |
| Ones. | \$1, 329, 112 | \$24, 464, 059 | \$25, 793, 171 | \$24, 247, 362 | \$22, 887. 502 |
| Twos | 522, 170 | 23, 732, 196 |  | 23, 036,578 | 21, 030, 863 |
| Fires | 100, 480, 080 | 67, 899, 98. | 165, 380, 062 | 167, 042, 898 | 159, 522, 853 |
| Tens | 121, 308, 840 | 75, 408, 831 | 196, 717, 671 | 189, 655,588 | 181, 447, 558 |

| Ten thousands.. |  | 260, 000 | $\underline{260,000}$ | 820,000 | 2, 500,000 |
| Add for unredeemed fragments of national-bank notes. | $+16,586$ |  | + $+16,586$ | +15, 129 | +13,586 |
| Deduct for legal-tender notes destroyed in Chicago fire... |  | -1,000, 000 | $-1,000,000$ | -1,000,000 | $-1,000,000$ |
| Totals | 358, 941, 488 | 346,681, 016 | 705, 622, 504 | 688, 744,467 | 681, 815,520 |

The written signatures of the officers of the banks are necessary as an additional precaution against counterfeiting. It is recommended that a bill for preventing the lithographing or printing of the signatures of officers of banks, now required by law to be written on the notes, be passed by Congress, imposing a penalty of twenty dollars for a violation thereof.

## HEDEMPTIONS.

Section 3 of the act of Jume $-0,1874$, provides that every national bank - shall at all times keep and have on deposit in the Treasury of the

United States, in lawful money of the United States, a sum equal to five per centum of its circulation, to be held and used for the redemption of such circulation." Since the passage of this act the banks have, as a rule, maintained their redemption fund, and their circulating notes have been promptly redeemed at the Treasury, without expense to the government.

The following table exhibits the amount of national-bank notes received for redemption monthly, by the Comptroller of the Currency, for the year ending October 31, 1881, and the amount received for the same period at the redemption agency of the Treasury, together with the total amount received since the passage of the act of June 20, 1874:

From the passage of the act of June 20, 1874, to October 31, 1881, there was received at the redemption agency of the Treasury $\$ 1,100,523,269$ of national-bank currency. During the year ending October 31, 1881, there was received $\$ 62,510,225$; of which amount $\$ 23,923,000$, or about 38 per cent., was received from banks in New York City, and $\$ 5,679,000$, or about 9 per cent., was received from banks in the city of Boston. The amount received from Philadelphia was $\$ 5,169,000$; from Baltimore, $\$ 723,000$; Pittsburgh, $\$ 624,000$; Cincinnati, $\$ 1,023,000$; Chicago, $\$ 2,777,000$; Saint Louis, $\$ 732,000$; Providence, $\$ 1,415,000$. The amount of circulating notes fit for circulation returned by the redemption agency to the bauks of issue during the year was $\$ 4,536,200$.

The total amount received by the Comptroller of the Currency for destruction, from the redemption agency and from the national banks direct, was $\$ 50,727,417$. Of this amount, $\$ 5,836,203$ were issues of banks in the city of New York, $\$ 5,819,519$ of Boston, $\$ 2,275,055$ of Philadelphia, $\$ 912,700$ of Baltimore, $\$ 971,483$ of Pittsburgh, $\$ 409,300$ of Cincinhati, $\$ 138,330$ of Chicago, $\$ 105,800$ of Saint Louis, $\$ 1,786,791$ of Provilence, and of each of the other principal cities less than $\$ 400,000$.

The following table exhibits the number and amount of national-bank motes, of each denomination. which have been issued and redeemed since
the organization of the system, and the number and amount outstanding on November 1, 1881 :

| Denominations. | Number. |  |  | Amount. |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Totals | 145, 292, 425 | 106, 652, 644 | 38, 639, 781 | 1,062, 290, 165 | 703, 348, 677 | 358, 941, 488 |

A table showing the numbers and denominations of national-bank notes issued and redeemed, and the number of each denomination outstanding on November 1 for the last thirteen years, will be found in the Appendix.

The following table shows the amount of national-bank notes received at this office and destroyed yearly since the establishment of the system:

| Prior to November 1, 1 | \$175, 490 |
| :---: | :---: |
| During the year ending October 31 | 1, 050, 382 |
| During the year ending October 31, 1867 | 3, 401, 423 |
| During the year ending October 31, 136 | 4, 602, 825 |
| Daring the year ending October 31, $1 \times 0$ | 8,603,729 |
| During the year ending October 31, 1870 | 14, 305,689 |
| During the year ending October 31, 1871 | 24, 344, 047 |
| During the year ending October 31, 1872 | 30, 211,720 |
| Dnring the year ending October 31, 1873 | 36, 433, 171 |
| During the year ending October 31, 1874 | 49, 939,741 |
| During the year ending October 31, 1275 | 137, 697, 696 |
| During the year ending October 31, 1876 | 98,672,716 |
| During the year ending October 31, 1877 | 76, 918,963 |
| During the year ending October 31, 1578 | 57, 381, 249 |
| During the year ending October 31, 1879 | 41, 101,830 |
| During the year ending October 31, 1<80 | 35, 539, 660 |
| During the year ending October 31, 1881 | 54, 941, 130 |
| Additional amount of notes of national banks in liquidation | 28, 027,215 |
| Total | 703, 348,676 |

The amount of one and two dollar notes outstanding is but one-half of one per cent. of the whole circulation of the banks, the fives constitute 28 per cent., the tens 33.8 per cent., the twenties 22.6 per cent., while the fifties and over are ouly 15.1 per cent. of the entire circulation. While the amount of ones and twos of the national bank circulation is steadily diminishing, the legal-tender notes of these denominations are as steadily increasing. Of the entire amount of nationalbank and legal-tender notes outstanding, nearly 7.1 per cent. consists of one and two dollar notes, more than 30.9 per cent of ones, twos, and fives, more than 58.8 per cent. is in notes of a less denomination than
twenty dollars, while about 80.4 per cent. is in notes of a lower denomination than fifty dollars. Of the entire issue, about 19.4 per cent. is in denominations of fifties, one hundreds, five hundreds, and one thousands. There are also outstanding 486 legal-tender notes of the denomination of five thousand, and 26 notes of the denomination of ten thonsand.

## RESERVE.

The following table exhibits the amount of net deposits, and the reserve required thereon by the act of June 20, 1874, together with the amount and classification of reserve held by the national banks in New York City, in the other reserve cities, and by the remaining banks, at the dates of their reports in October of each year from 1875 to 1881:

NHW YORK CITY.

|  | Number of banks | Net deposits. | Reserve required. | Reserve held. |  | Classification of reserve. |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  | Amount. | Ratio to deposits. | Specie. | Other law ful money. | Dae from agents. | Redemption fund. |

## APPENDIX.

Tables will be found in the appendix, exhibiting the reserve of the national banks as shown by their reports, from October 2, 1874, to October 1, 1881; the reserve by States and principal cities for October 1, 1881; and in the States and Territories, in New York City, and in the other reserve cities, separately, at three dates in each year, from 1878 to 1881.

Special attention is called to the synopsis of judicial decisions contained in the appendix, to the numerous and carefully prepared tables in both report and appendix, and to the index of subjects and list of tables to be found at the close of the appendix. At the end of the full volume of more than seven hundred pages is an alphabetical list of the cities and villages in which the national banks are situated.

In concluding this report the Comptroller gratefully acknowledges the zeal and efficiency of the officers and clerks associated with him in the discharge of official duties.

JOHN JAY KNOX, Comptroller of the Currency.

Hon. Joseph Warren Keifer, Speaker of the House of Representatires.

## APPENDIX.

Expenses of the office of Comptroller of the Currency for the fiscal year ending June 30, 1881.
For special dies, plates, printing, \&c $\$ 112,73480$
For salaries 101,383 64

## Total

214,11850
Total expenses of the office of the Comptroller of the Currency from its organization to June 30, 1881, ${ }^{4} 5,148,649.01$.
The contingent expenses of the office are not pail by the Comptroller, but from the general appropriation for contingent expenses of the Treasury Department; and as separate accounts are not kept for the different bureans, the amount cannot be stated.

# SFNOPSIS of DECISIONS of the SUPREME and CIRCUIT COURTS of the UNITED STATES and of STATE COURTS of LAST RESORT, upon questions arising under the National Bank Act, and upon cognate points of interest to banks and to parties having dealings with them.* 

Abatement.
I. An action brought by a creditor of a national bank is abated by a decree of a district or circuit court dissolving the corporation and forfeiting its franchises. (First National Bank of Selma vs. Colby, 21 Wallace, p. 609.)
II. Suit by the receiver of the New Orleans National Banking Association (formerly a State organization called the Bank of New Orleans) against a shareholder to enforce his personal liability. Plea in abatement that "at the date of the appointment of said receiver there was not, nor has there since been, nor is there now, any such corporation as said New Orleans National Banking Association, because said Bank of New Orleans had no power by its charter, nor authority otherwise from the State of Louisana, to changeits organization to that of a national association under the laws of the United States."
On general demurrer this plea was held bad, because no authority from the State was necessary to enable the bank to make such change. The option "to do so was given by the forty-fourth section of the banking act of Congress, 13 Statutes, 112. "The power there conferred was ample, and its validity cannot be doubted." (Casey, Receiver, \&c., vs. Galli, 4 Otto, p. 673.)

This plea was also held bad upon the additional ground that "where a shareholder of a corporation is called upon to respond to a liability as such, and where a party has contracted with a corporation, and is sued on his contract, neither is permitted to deny the existence and legal validity of such corporation." (lbid.)
"To hold otherwise," says Mr. Justice Swayne (p. 680), " would be contrary to the plainest principles of reason and good faith, and involve a mockery of justice. Parties must take the consequences of the positions they assume." "They are estopped to deny the reality of the state of things which they have made to appear to exist, and upon which others have been led to rely. Sound ethics require that the apparent, in its effects and consequences, shonld be as if it were real, and the law properly so regards it."

## Accommodation acceptances, indorsements and notes.

I. Where bills, indorsed by a national bank for accommodation only, had been negotiated by the bank through its usual channels of communication with its correspondents as its own bills, and the proceeds thereof have been placed to the credit of the bank, which thereupon gave the same credit to the parties for whom it had thus indorsed, and received no benefit therefrom: Held, that although an accommodation indorsement by a national bank, in such cases, was void in the hands of holders against whom notice of the character of the indorsement conld be concluded, yet that the bank was liable for the same to holders, for value, without notice. (Blair vs. First National Bank of Mansfield, Ohio. United States circuit court for Ohio, at Cleveland, November term, 1875, Emmons, J. Reported in Bankers' Magazine for March, 1878, pp. 721-5.) Quere, whether under the provisions of section 5202 of the Revised Statutes of the United States, any indorsement by a national bank is not ultra vires. (Johnston.)
II. It is no defense to a suit against the acceptor of a draft which has been discounted, and upon which money has been advanced by plaintiff, that the draft was accepted for the accommodation of thedrawer. (Davis vs. Randall, 115 Mass., p. 547.)
III. A national bank discounted a note made by the defendant for the benefit of the payee, and which the payee agreed to take care of at maturity: Held, that the bank could recover the note although it had, when it took the note, full notice of the circumstances under which it was given. (Thatcher vs. West River National Bank, 19 Mich., p. 196.)
(See, also, Title "Evidence.")
IV. That the accommodation acceptance, indorsement, bill, or note of a corporation is ultra vires. (See Bank of Genesee vs. Patchin Bank, 13 N. Y., p. 309, and 19 N. Y., p. 312; Bank of Aubum $\uparrow$ s. Putnam, jr., 1 Abb. App. Decisions, p. 80 ; Monfords vs. Farmers $\&$ Mechanics' Bank, 26 Barb., p. 568̈; Farmers \& Mechamies' Bank vs. Troy City Bank, 1 Doug. [Mich.], p. 45.)

[^12]Accommodation acceptances, indorsements and notes-Continued.
[Note.-In the United States circhit court, western district Virginia, Judge Bond has recently decided the cases of Seligman \& Co. vs. The Charlottesville National Bank, and Johnston Brothers \& Co. against the same bank. The first was an action of covenant upon a letter of credit for $£ 5,000$, issued under the seal of the bank, pursuant to a resolution of the board of directors, guaranteeing the drafts of Flunnagan \& Son to the amount of said letter. The latter was assimpsit upon five bills of exchange for $\$ 5,000$ each, dated April 16, 1875, each drawn by said Charlottesville Bank upon the Citizens' National Bank of Baltimore, payable to the order of Flannagan \& Son, acceptance waived, maturing upon days "fixed" within five days of each other, the first, November 20, and the last, December 10 of same year. Said bills were not drawn against funds due or to become due from the said Citizens' to said Charlottesville Bank, but were a mere loan of the credit of the latter bank (it being without funds) to the said Flannagan \& Son, and drawn to be used by the latter, as they were used, as collateral security in part for a loan of $\$ 25,000$, made by said Johnston Brothers $\mathcal{\&}$ Co. to said Flannagan $\mathcal{\&}$ Son. Said plaintiffs took said bills as such collateral security, and with full notice of all the facts aforesaid. Held, I. That said letter of credit and said bills of exchauge were only the accommodation paper of said Charlottesville National Bank, and, as such, void in the hands of the plaintiffs, holding with full notice of their character. II. That the incidental powers conferred upon national banks are not such as are conferred upon banks generally, butonly such as are necessary to carry on the specific banking business prescribed by the National-Bank Act. Hence, though such banks may borrow money for certain purposes, they have no power to loan their credit to customers. These cases were reported in the Bankers' Magazine for December, 1879.]

## Actions.

I. A national bank may be sued in the proper State court. (Bank of Bethel vs. Pahquioque Bank, 14 Wall., pp. 383, 395.)
II. Such banks may sue in Federal courts. The word "by" was omitted in section 57 of act of 1864 by mistake. (Kennedly vs. Gibson, 8 Wall., pp. 506-7.)
III. Receivers may also sue in United States courts. (Ibid.)
IV. When the full personal liability of shareholders is to be enforced the action must be at law. (Kemedy vs, Gibson, ४ Wall., p. 505; see also Casey, fe., vs. Galli, supra.)
V. But if contribution only is sought, the proceedings may be in equity, joining all the shareholders within the jurisdiction of the conrt. (Ibid, pp. 505-6.) (See, also, Title "Silameholders, individual mabilities of," VI, post.)
VI. Butin Bailey, Receiver, S'o., Vs. First National Bank of Duluth, U. S. circuit court for Minnesota, Nelson, J.-Held, that evenowhere less than the par value was assessed the suit might be at law; and this would seem to be the true theory. (See Bankers' Magazine, April, 1877, p. 793.)
[Note.-In Stanton, Receiver, \&o., vs. Willieson, 8 Ben., 357, the point was distinctly made before Judge Blatchford. The suit was brought to enforce an assessment of sixty per centum, and defendant insisted that plaintift should have proceeded by bill in equity; but the court held that the action at law was the proper remedy, at the option of the receiver.]
VII. A national bank located in one State may bring action in the circuit court of the United States sitting within another State against a citizen thereof. (Manufacturers' National Bank vs. Baach, 8 Blatch., p. 147.)
VIII. In such action it will be presumed, so far as the question of jurisdiction is concerned, that the stockholders of such bank are citizens of the State where the bank is located. (Ibid.) But in case of Commercial Bank of Clevelandvs. Simmons, decided in the United States circuit court northern district of Ohio, it was held that a national bank does not sue in the Federal court by virtue of any right conferred by the judiciary act of 1789 , but by virtue of the right conferred by its charter, the national-bank act, and this would seem to be the true doctrine. (See Thomp. Nutional Bank Cases, p. 295. Also First National Bank of Omaha vs. County of Douglas, 3 Dillon, p. 298, decided by Mr. Justice Miller of the United States Supreme Court.)
IX. National bankscan be sued only in the courts designated in the National-Bank Act. Therefore a State court of New York has no jurisdiction of an action against a national bank located in Alabama. (Cadle vs. Tracy, 11 Blatoh., p. 101.) To the contrary of this, see Cooke vs. State National Bank, 52 N. Y., p. 96.
X. Actions in their nature local, in the technical legal meaning of that word, may be brought against a national bank in the State court of the proper county. (Casey vs. Adams, 102 U. S., p. 66.)
(See, also, Title "JURisdiction," post.)

## ATtachments of assets.

I. When a creditor attaches the property of an insolvent national bank, he cannot hold such property against the claim of a receiver appointed after the attachment suit was commenced. Such ereditor must share pro rata with all others. (Bank of Selma vs. Colby, 21 Wall., p. 609; see, also, Harvey vs. Allen, 16 Blatchf., $p .29$.)
(See, also, Title "‘ Jurisdictiox," II, post.)
II. Section 5242 Revised Statutes United States prohibits the issuing of an attachment against a national bank by any state, connty, or municipal court. before final judgment. (Central National Bank vs. Richland National Bank, 52 Howard [ $N . Y_{1}$. , p. 136.)
III. In Robinson vs. National Bank of New Berne, 58 How., p. 306, the court of appeals decides that a State court can issue attachment process against a solvent national bank, located in another State, upon which its funds within the jurisdiction of such court can be seized and subjected to the satisfaction of any claim established by the judgment of such tribunal. But in the supreme court of New York, in Rhoner vs. First National Bank of Allentown, 14 Hun., p. 126, the contrary doctrine is held, in accordance with the ruling in Central National Bank vs. Richland National Bank, 52 How., p 136, heretofore cited.
[Note.-It is submitted that the latter is the correct rule. The Currency Act favors the policy, on the part of country banks, of keeping a large portion of their reserve in certain cities. But if such banks are advised that such reserve funds are there subject, at any moment, to be seized by process of a State court, at the instance or caprice of any resident who may think himself a creditor, such deposits will be made with more or less hesitation, or not at all. $]$
Attorneys.
I. Section 56 of Currency Act is directory ouly, and it cannot be objected by defense that a suit is brought by private attorney instead of United States district attorney. (Kennedy vs. Gibson, 8 Wall., p. 504.)
By-laws.
I. A national bank cannot by its by-laws create a lien on the shares of a stockholder who is a debtor of the association. (Bullard vs. National Bank, fc., 18 Hall., p. 589.)
(See, also, case of Bank vs. Lanier, 11 Wall., p. 369, cited under "Loans on shares," post.)
[Note.-In Young vs. Vough. 23 N. J. Equity R., p. 325, it was held that a national bank could by its by-laws prohibit the transfer of shares by a shareholder while indebted to the bank, and that transfers, in violation of such by-laws were void. As it is held by the Supreme Court of the United States that such by-laws can create no lien for indebtedness, it wonld seem that a regulation prohibting such transfers can be of little practical use, even if the power exists.]

## Checks.

I. The holder of a check on a national bank cannot sue the bank for refusing payment, in the absence of proof that it was accepted by the bank. (National Bank of the Republic vs. Millard, 10 Wall., p. 452.)
II. The relation of banker aud customer is that of debtor and creditor. Receiving deposits is an important part of the business of banking, but the moment they are received they become the moneys of the bank, may be loaned as a part of its general fund, and the check of the depositor gives no lien upon them. (Ibid., p. 155.)
III. Perhaps, on proof that check had been charged to the drawer, and that the bank had settled with him on that basis, the holder or payee could recover on account for " money had and received." (Ibid., pp. 155-6.)
IV. The facts that the bank was a United States depositary and the check was drawn by a United States officer to a United States creditor do not vary the rule. (ibid., pp. 155-6.)
V. Where a bank pays a check drawu on it in favor of a party whose indorsement thereon is forged, and the same has passed through several hands, only reasonable diligence is required to be exercised in giving notice to prior holders of the forgery, after its discovery, in order to hold them liable. (Shroeder vs. Harvey, 75, Ill., p. 638.)
VI. A clerk of plaintifts received from their debtors checks, payable to their (plaintifts) order, in payment of sums due. The clerk, wrongfully and without anthority, indorsed the names of the plaintiffs on these checks

Checks-Continued.
and transferred them to other persons, appropriating the proceeds to his own use. Subsequently these checks were deposited with a bank, which in good faith collected them and paid over the proceeds to the depositors. In a suit by plaintifts against the bank to recover the amounts so collected by it: Held, that the bank was liable. (Johnson vs. First National Bank, 13 N. Y. Sup. Cowrt.)
VII. Bankers are presumed to know the siguatures of their enstomers, and pay checks purporting to be drawn by them, at their peril. (Weisser vs. Denmison, 10 N. Y., J. 68 ; National Bunk of the Commonucalth vs. Grocers' National Bank, 35 Howard [V. Y. Pr.], p. 412.) This last case holds that if the bank, the drawee, pays the forged check to the holder, it cannot recover back the money so paid. The same doctrine was held in case of First National Bank of quincy vs. Ricker, 71 Ill., p. 439; but qualified by holding that it applied only where the presumed negligence was all on the side of the bank, and where the holder or payee had been guilty of no frand or act to throw the luank off its guard.
VIII. Certifying.-National banks have the power to certify checks; and this power may be exercised by the cashier withont any special authorization. The directors can limit this power, but such limitation will be no defense as to parties having no notice. (Merchants' National Bank vs. State National Bank, 10 Wall., p. 604.)
IX. A certificate of a bank that a check is good is equivalent to an acceptance, implying that the bank has the funds to pay it, and that they are set apart for that purpose. (Ibil., p. 604.)
X. A national bank is liable on a check certitied by its cashier to the holder in good faith, althongh the drawer has no funds in the bank when it was certified. (Coole vs. State National Bank, 52 N. Y., p. 96.)
XI. The act of Congress of March 3, 1869, making it unlawful for a national bank to certify checks unless the drawer has at the time funds on deposit to an amount equal to the amonnt specified in the check, does not invalidate a conditional acceptance of a cheek by such bank, having no funds of the drawer in its hands at the time, but engaging to pay the same when a draft left with it for collection by the drawer shall have been paid. (First National Banh vs. Merchents' National Bank, 7 Hest Va., p. 544.)
XII. A bank is liable to pay a subsequent bond fide purchaser the amount of a check Which it has certified, notwithstanding the check was fraudulently raised, if before certification, from a smaller amonnt. (Louisiana National Bank vs. Citizens'Bank, 28 La. Anmul, p. 189.)
XIII. When a bank was chargeable with negligence in certifying a check, which was so drawn as to admit of a frandulent alteration of the amount being easily made, and the check was raisod: Held, that the bank was liable to a bona fide holder, for valne, for the increased amount. (Heluege vs. Hibernia Vational Bank, 28 La. Anmual, p. 520.)
[Note.-As the above case noquestionably declares the true rule of law, prulence would seem to dictate that cashiers should always insist upon such filling up of checks as to render alteration impracticable, before certifying.]
XIV. A certified check is not deemed dishonored ly delay between its date and the time when it is sold to a bona fide purchaser, for value, so that the latter takes it as overlue, and subject to equities; because, by certifying, the luank becomes the principal debtor, and liable indefinitely, like an acceptor of a bill of exchange. Hence, one who in good faith, and after making reasonable inquiry, bought a certified check, three or four months after its date, which had been stolen, was held entitled to recover its amount. (Nolan vs. The Bank of New Fork, 67 Barb., p. 24.)
XV. A check contained on its face this recital: "To loold as collateral for 1,000 P. T. Oil, pipage paid to Jan. 4, $1876 "$; across its face the cashier wrote "Good when properly indorsed." Held, that the check was not drawn in usual course of banking lousiness, and therefore the certificate of the cashier did not bind the bank. (Dorsey vs. Abrams et al., bankers, 85 Pa., p. 299. See, further, as to liability on checks, certified or otherwise, Dodge vs. National Exchange Bamk, 30 O., p. 1; Seemity Bank vs. National Bank of the Republic, 67 N. Y., p. 458; Andreas vs. German National Bank, 9 Heisk. [Temn.], p. 211.)

## Citizenship.

I. National banks are citizens of the State in which they are organized and located, and when sned by national bauks of otber States have a right to demand a removal of the suit from a State to the proper Federal court. (Chatham Na-

## Citizenship-Continued.

tional Bank vs. Mevchunts' National Bank, 4 Thompson \&. Cook, N. Y. Sup C., p. 196, and 1 Humter [J. Y.], p. 702; Davis vs. Cook, 9 Nevada, p. 134.)
(See also Title "Actions" $V$ and VI, supra.)
II. A national bank, being a citizen of the State in which it is located, may be required to give security for costs when suing in another State; and in the State of New York such security may be required, because the bank is regarded as a corporation created by a foreign State. (National Park Bank vs. Gunst, 1 Abbott's New Cases, p. 292.)

## Collections.

I. A bank receiving paper for collection undertakes to use due diligence in making demand at maturity, and giving the proper notices of non-payment. An unreasonable delay will charge the bank with liability for the amount; and proof that the paper would not have been paid, if presented, will constitute no defense. (Bank of Washington vs. Triplett, 1 Peters, p. 25 ; Bank of New Hanover vs. Kenner, 76 N. C., p. 340; Steele vs. Russell, 5 Nebr., p. 211 ; Capital State Bank vs. Lane, 52 Miss., p. 677; Fabens vs. Mercantile Bank,23 Pick. [Mass.], p.320.)
II. Aud if the bank receiving paper for collection, upon a sufficient consideration, transmits it to another bank to be collected, the receiving bank will be liable for the misconduct of such other bank, unless there is some agreement to the contrary. (Montgomery County Bank vs. Albany City Bank, 7 N. F., p. 459 ; Commercial Bank vs. Union Bank, 11 N. Y., p. 203; Kent vs. Dawson, 13 Blatchf., p. 237; First National Bank vs. First National Bank of Denver, 4 Dill., p. 290.)
III. A bank received a check upon itself for collection, being at the same time a large creditor of the drawer, and failed, without excuse, to notify the depositor of the non-payment of the check: Held, that the bank was chargeable for the negligence. (Bank of New Hanover vs. Kenner, supra.)
IV. A bank holding a check for collection, and accepting the certification of the bank upon which it is drawn, in lieu of payment, assumes the risk and thereby becomes liable to the owner for the amount, with interest from date of certification. (Essex County National Bank vs. Bank of Montreal, 7 Bissell, p. 193.)
V. The Corn Exchange National Bank of Chicago sent defendant, the Dawson Bank, at Wilmington, N. C., a draft drawn upon one Wiswall, living at Washington, N. C., for collection. Defendant by letter acknowledged the receipt of the draft, stating that it had been credited to the Corn Exchange Bank, and entered for collection. Thereupon defendant sent draft to Burbank \& Gallagher, bankers at Washington, N. C., for collection. The latter house collected the draft, but failed and passed into bankruptcy before remitting. In a suit brought by the assignee of the Corn Exchange National Bank against the Dawson Bank to recover the proceeds of the draft: Held, per Wallace, J., that the latter bank was liable for the amount. (Kent, assignee, $\mathfrak{f} \cdot \mathrm{c}$; vs. The Dawson Bank, 13 Blatchf., p. 237.)
[Note.-The court concedes that the anthorities are conflicting upon the point involved in this case. In New Yorl, Ohio, and in England, the decisions sustain the conclusions of Judge Wallace, while in Connecticut, Massachusetts, Illinois, and Pennsylvania precisely the contrary rule prevails. The point was made in this case that the law of Illinois should control the rights of parties, but it was held otherwise.]
VI. In an action by G against a bank it appeared that a note was made to G's order, indorsed by him, and sent through the house of B, a bauker, for collection, and by B indorsed to the defendant bank, "for collection and credit": Held, that B, by the indorsement, did not become the owner of the note, and had no right to pledge it, or direct its proceeds to be credited to him in payment of his indebtedness to the defendant bank. (Eirst National Bank vs. Gregg, 79 Pa., p. 384.)
VII. In such case, if the defendant bank had made advances, or given new credit to $B$ on the faith of the note, it would have been entitled to retain the amount out of the proceeds. (Ibid.)
VIII. A bank holding a customer's demand note has a lien upon the proceeds or drafts delivered to it for collection, after the giving of the note, though collected after the filing of a petition in bankruptcy, and can apply such proceeds upon the notes. (Re Farnsworth, 5 Biss., p. 223.)
IX. A collection agent who receives from his principal a bill of lading of merchandise, deliverable to order, and attaches to it a time draft, may, in the absence of special instructions, deliver the bill of lading to the drawee of

## Collections-Continued.

the draft, upon the latter's acceptance of the draft. It is not the duty of the agent to hold the bill after such acceptance. (National Bank of Commerce vs. Merchant's National Bank, 1 Otto, p. 92.)
X. Woolen \& Co., bankers at Indianapolis, sent to defendant, a bauk at Buffalo, a draft on one Bugbee; also bills of lading for sundry car-loads of lumber. The remittance was by letter, which merely stated that the draft and bills were sent to defendant for collection and remittance of proceeds to plaintiffs, Woolen $\mathcal{\&}$ Co. The draft was drawn hy, and to the order of, Coder \& Co., indorsed by them, by Mayhew, and the phaintiffs. By the terms of the draft the drawer, indorsers, and acceptor waived presentment for payment and notice of protest and non-payment. It was payable fifteen days after its date, and it was adnitted that by ordinary course of transit the lumber would reach its destination eight days prior to the maturity of the draft. There had been no business transactions between plaintiffs and defendants, save one collection similar to this. Defendants presented the draft to Bugbee for acceptance, and upon such acceptance delivered to him the bills of lading. Bugbee failed before the draft matured, and plaintiffs sued defendants for delivering the bills of lading to Bughee before payment of the draft. It was conceded that the draft was drawn for the price or value of the lumber: Held, per Wallace, J., that, the draft being on time, it must be presumed that it was the intent of parties that Bugbee shonld realize from sale of the lumber the funds to meet the draft at maturity. Therefore, upon his acceptance of the draft he was entitled to the bills of lading, and defendants were not liable for thins delivering them, but if the draft had not been upon time, a different rule might have prevailed. (Woolen \&f Webb vs. N. Y. and Eric Bank, 12 Blatchf., p. 359.)
XI. L. transmitted to a bank a draft indorsed "for collection on his account." The bank provisionally credited the draft, when received, to L., presented it for payment, and suremdered it to the drawee on receipt of his check for the amonnt. Instead of demanding the moner on this check the bank had it certified "good," and on the same day suspended payment. The next day the check was collected, and the money mingled with the other mones in the hands of the receiver: Held, that the receiver held the funds in trust for L. (Leni vs. Missouri Bank, 5 Dillon, p. 104.)
XII. The general power of a hatk to collect ceases by its suspension, as to paper previously desposited therewith. (Jocknsch vs. Tousey, 51 Tex., p. 129.)

## Compromises.

I. In adjusting and compromising contested claims against it, growing out of a legitimate banking transaction, a national bank may pay a larger sum than would have been exacter in satisfaction of them, so as to thereby obtain a transfer of stocks of railroad and other corporations, in the honest belief that, by turning them into money under nore favorable circumstances than then existed, a loss which it would otherwise suffer from the transaction might be averted or diminished. (First National Bank vs. National Exchange Bank, 2 Otto, p. 122.)
II. So, also, it may accept stocks in satisfaction of a doubtful debt, with a view to their subsequent conversion into mones, in order to make good or reduce an anticipated loss. (Ibid.)
(See, also, Title "Estate, real" I, post.)
III. A court has no power, under section 5324 of the Revised Statutes of the United States, to order the receiver of a national bank to compound debts which are not "bad or doubtful"; and a composition under such an order, of debts not bad or doubtful, is ineffectual. (Irice, Receiver, $f$ e., vs. Fates, 2 Thomp. Cases, p. 204. U. S. circuit court, western district Pa.)

## Comptroller.

I. The Comptroller appoints the receiver, and can therefore remove him. (Linnody vis. Gibsom, $\underset{\sim}{ }$ TVall., p. 498.)
II. The Comptroller's certificate, reciting the existence of the facts of which he is required to be satisficd, to justify the appointment of a receiver, under section 50 of the mational-bank act, is sufficient evidence of the validity of ouch appointment, in an action brought by such receiver. (Platt vs. Bebee,二 N. I. p. 339.$)$
III. The Comptroller minst anthorize any increase of the capital stoek of a national lank; and such increase must be certified by him as preseribed by section 23 of the act of Congress providing for the organization of national hanks. Clerleston vs. Peopie's Xetional Bami,5 S. C., p. 103, )

Comptroller-Continued.
IV. The Comptroller cannot subject the United States Goverument to the jurisdiction of a court, though he appears and answers to the suit. (Case vs. Terrill, 11 Wall., p. 199.)
(See, also, Title "Shareholders, individuai. mabilit'ty of," post.)
Conversion.
I. The conversion of a State into a national bank works no dissolution, only a change of the original corporation; nor does the latter thereby escape any of its liabilities. (Mayuard vs. Bank, 1 Brewster, Pa., p. 483; Kelsey vs. National Bank of Crawford Connty, 69 Pa., p. 426; Coffey vs. National Bank of the State of Missouri, 46 . Mo., p. 140.)

## Creditors of national banks.

I. The respective rights and liabilities existing between a national bank and its creditors and debtors become fixed when its insolvency occurs. * * * All the property and assets of the association then become a fund legally dedicated, first, to the satisfaction of any claim of the United States, for the redemption of its circulating notes, and, second, for a ratable distribution of the balance among its general creditors, upon the principle of equality. (Balsh vs. Wilson, 2 Thont. Case, p. 276; 25 Minn., p. 299.)

## Currency.

1. The word "currency," in a certificate of deposit, means money, including bank notes, which, though not an absolute legal tender, are used as money by authority of law, and are in circulation generally, at the locus in quo, on par with coin. (Klauber vs. Biggerstaff, 47 Wis., p. 551.)

## Curbency act.

I. The purpose of the Currency Act was, in part, to provide a currency for the whole country, and, in part, to create a market for the government loans. (Per Strong, J., in Tiffany vs. National Bank of the State of Missouri, 18 Wall., p. 413.)
II. National banks organized muder the act of Congress of June 3, 1864, are the instruments designed to be used to aid the government in the administration of an important branch of the public service; and Congress, which is the sole judge of the necessity for their creation, having brought them into existence, the States can exercise no control over them, nor in any wise affect their operation, except so far as Congress may see proper to permit. (Per Swayne, J., in Farmers and Mechanics' Nutional Bank vs. Dearing, 1 Otto, p. 29.)
III. The constitutionality of the act of Jume 3, 1864, is unquestioned. It rests on the same principle as the act creating the second Bank of the United States. The reasoning of Secretary Hamilton and of this court in McCulloch vs. The State of Maryland, 4 Wheut., $p .316$, and in Osborne vs. Bank U. S., 7 Wheat., p. 708, therefore applies.
IV. The power to create carries with it the power to preserve. The latter is a corollary of the former. (1bid., per Swayne, J., pp. 33, 34.)
Debtors of national banks.
I. Debtors of an insolvent national bank, when sued by the receiver, cannot olject that pleadings do not show, a compliance with all the steps prescribed by statutes as preliminary to the appointment of such receiver. (Cadle, Receiver, $\mathscr{C l}$ c., vs. Baker \& Co., 20 Wall., p. 650. )
II. Such ordinary debtors may be sued by receiver withont previous order of the Comptroller. (Bank vs. Kennedy, 1 Thatl., p. 19.)

## Derosits.

I. Certificates of.-A certificate of deposit was issued by a bank for a certain sum, subject to the order of the depositor at a certain date, payable on the return of the certificate: Hold, in an action on said certiticate against the bank, bronght by an assignee, that there could be no recovery without proof of an actual demand and refusal of payment. (Brown vs. MoELroy, 52 Ind., p. 404.)
II. In a suit against the bank, npon a stolen certificate of deposit giren by the defendant to the plaintift, reciting that he had deposited in the bank a certain number of dollars, payable to his order in current funds, on the return of the certificate properly indorsed: Held, first, that the instrument should be regarded as the promissory note of the bank, assignable under the statute of Indiana), but that it was not negotiable as an inland bill of exchange. heing made payable not in money, but "in current funds"; second, that the

## Deposits-Contiaued.

payee could recover on said stolen certilicate without giving a bond against a subsequent claim thereunder by another person. (Vational State Bank vs. Ringel, 51 Ind., p. 393.)
III. Where a bank issues a certificate of rleposit, payable on its return properly indorsed, it is liable thereon to a bond-fide holder, to whom it was transferred seven years after it was issued, notwithstanding the payment thereof to the original holder. Such certiticate is not dishonored until presented. (National Bank of Fort Ldcard vs. Washington County National Bank, 5 Hur., N. Y. Sup. Court, p. 605.)
IV. Under a statute prohibiting the circulation of bills or notes not payable on demand, banks have no power to issue time certiticates of deposit; and such certificates, if issued, are void They are equivalent to post notes. (Bank of Peru vs. Farnesworth, 18 Ill., p. 563; Bank of Orleans vs. Merrill, 2d Hill [ N. Y.], p. 295 ; Leavitt vs. Palmer, 3 N. Y. [Comst.] p. 19.) (See, also, "Currency" supra.)
V. General.-The relation between a bank and its depositors is that of debtor and creditor only, and is not fiduciary. Tlus, a note deposited for collection, if passed to the credit of the depositor in his general account, then overdrawn, becomes the property of the bank, which becomes indebted to him for the proceeds. Upon the bankruptey of the hank, the proceeds are assets available to the general creditors. And the fact that the account was made good by other deposits before collection of the note makes no difference. (In re Bank of Madison, 5 Bissell, p. 515.)
VI. A deposit is general, unless the depositor makes it special, or deposits it expressly in some particular capacity. And in case of a general deposit of money with a banker, a previous demand by the depositor, or some other person by his order, is indispensable to the maintenance of an action for the deposit, unless circumstances are shown which amount to a legal excuse. (Brahm vs. Adlins, 77 Ill., p. 263.)
VII. A national bank having become insolvent, a depositor therein assigned his deposit to a debtor of the bank: Held, that the latter could not offset such deposit against his debt, in an action thereon. (Fenango National Bank vs. Taylor, 5 b́ Pa., p. 14.) $^{\circ}$
VIII. A depositor was also indebted to the bank on bond and mortgage: Held, that he could offset his deposit against said indebtedness, the bank being in the hauds of a receiver. (MFatter of New Amsterdam Sarings Bank vs. Gartter, 54 How. [N. Y. Pr.] p. 385.)
IX. The claims of depositors in a suspended national bank are, when proved to the satisfaction of the Comptroller of the Currency, on the same footing as if they were reduced to judgments, and from date of such proof bear interest. (National Bank of the Commonuealth vs. Michigan National Bank, $94 U$. S. [4 Otto], p. 437.)
X. Special.-The taking of special deposits to keep, merely for the accommodation of the depositor, is not within the authorized business of national banks; and the cashiers of such banks have no power to bind them on any express contract accompanying, or any implied contract arising out of, snch taking. ( Filey vs. First National Bank, 47 Ft., p. 546.)
[Note.-To the same effect was the decision of the New York court of appeals in First Nat. Bank of Lyons vs. Ocean Nat. Bank, 60 N. Y., p. 278. But it is to be remembered that in both these cases only the act of the cashier was relied upon to bind the bank. In the latter case it was stated that there was no proof of even implied knowledge, or assent on the part of the directory. In the well-reasoned case of Weckler vs. Hirst Nat. Bank of Hagerstown, 42 Ma., p. 581, these cases are cited with decided approval; but a recent decision of the Supreme Court goes very far towards establishing a different doctrine. In National Bank vs, Graham, 100 U. S., p, 699, the Supreme Court held that section 5228 R. S. U. S. conferred upon a national bank power to receive and take charge of special deposits, such as the public securities of the government, and that such bank is liable in damages for the loss, through gross negligence, of such deposit, when it had been made with the knowledge and acquiescence of its ofticers and directors. The learned judge who delivered the opinion (Mr. Justice Swayne) cited numerous State decisions, only referring to the cases in Vermont as being in conflict with the weight of adjudications, and based the conclusion of the court upon the doctrine that "gross negligence, on the part of a gratuitons bailee, though not a fraud, was equivalent thereto in legal effect, and that the doctrine of ultra vires has no application in favor of a corporation, when guilty of a wrong."]

Deposits, sreclal-Continmed.
XI. A national bank receiving a special deposit for safe keeping, without reward, is liable only for gross negligence. The burden of proof is on the plaintiff, and gross negligence is not the omission of that care which every attentive and diligent person takes of his own goods, but the omission of that care which the most inattentive takes. (First National Bank, fyc., vs. Rex, 89 Penn., p. 308.)

## Directors of national banks.

1. Directors of a national bank may remove the president, both under the law of Congress and the articles of association, where the latter so provide. The power exists if the bank has adopted no by-laws. (Taylor vs. Hutton, 43 Barb., N. Y. Sup. Court, p. 195; S. C., 18 Abb. Pr. R., p. 16.)
II. In all cases where an act is to be done by a corporate body, a majority of the whole number of directors is necessary to constitute a valid meeting; but at a meeting when a fuorum is present the majority of those present may aet. A by-law adopted when less than a majority are present is void. (Lockwood vs. American National Bank, 9 Rhote Island, p. 308.)
(See Title "Officers," post.)
III. The power to compromise or release claims in favor of a bank is in the board of directors, and not within the scope of the cashiers anthority. (Chemical Bank vs. Kohner, 8 Daly [N. Y.], p. 530.

## Embezzlement.

I. When the president of national bank, having charge of its funds, converts them to his own nse, he embezzles and abstracts them within section 55 ( $R$. S., sec. ${ }^{5} 209$ ) of the national-bank act, unless he shows authority for thus using them. (In the matter of Fan Campen, 2 Bewedict, p. 419, per Blatehford, J.)
II. Although false entries in regard to such embezzlement are made on the books of such bauk by the clerk, but by the order of the president, the latter is chargeable as principal; and the intent to defraud the baink is to be inferred from the fact of such embezzlement. (Ibid.)
III. The cashier of a national bank was indicted under said section 55 for embezzling and willfully misapplying the moneys of the bank with intent to defraud, \&c. On trial it was proved that defendant took the moneys of the bank and used them in stock speculations, carried on in his own name, by depositing the same with a stock broker as "margins" for stocks bought on hisown account. Held, that the intent to injure or defraud was conclusively presumed upon proof of the act charged; and, therefore, evidence was not admissible to prove that the cashier used the funds with the knowledge and consent of the president and some of the directors of the bank, and on account of and for the benefit of the bank. (United States vs. Taintor, 11 Blatchf., p. 374.)
[Note.-This last case was decided in the United States circuit court, southern district of New York, Woodruff, Blatchford, and Benedict, JJ., all concurring in the decision.]
IV. A State court has no jurisdiction of the crime of embezzlement by an officer of a national bank situated within the State. (Commonwealth vs. Felton, 101 Mass., p. 204; State vs. Tuller, 34 Conn., p. 280.) But in this latter case it was also held that while a teller of such bank could not be punished for embezzling the funds of the bank, he could be convicted, under the statute of the State, for purloining property deposited with such bank for safekeeping; and in Commonwealth vs. Barry, 116 Mass., p. 1, it was decided that though an officer of a national bank, who has stolen its property, may be subject to punishment for embezzlement under the national law, he may also be punished for the same act, as a larceny, under the statute of the State.

## Estate, real.

I. The want of power of a bank, or of its trustee (receiver) in insolvency, to purchase and hold real estate, does not render void an arrangement whereby land subject to a lien in favor of the bank, and to other liens, is discharged of those other liens by funds from the assets of the bauk, the land being then sold, and the entire proceeds of such sale realized to the bank assets, provided the title does not pass through the bank or its trustee. (Zantzingers vs. Gunton, 19 Wall., p.32.)
II. In Union National Bank et al. vs. Mathews, 98 U. S., p. 658, the court recognized the doctrine that, "where a corporation is incompetent by its charter to take a title to real estate, a conveyance to it is not void, but only voidable,
0

Estate, Real-Continued.
and the sovereign alone can object. It is ralid maless assailed in a direct proceeding instituted for that purpose."
[Note.-Thus it would seem that a mortgage execnted to secure a present loan, or any other conveyance of real estate to a national bank, must be held valid until declared void in a direct proceeding instituted for that purpose by the United States Government.]
(See also, Hroten's Assignee vs. Armat, 31 Grattan, p. 238.)
III. The title to real estate taken by a national bauk, on adjustment of a liability in its favor, must be held valid until attacked by the Unifed States, in direct proceedings instituted for that purpose. Such title cannot lee impeached collaterally, in an cjectment suit. (Mapes et al. vs. Scott et al., 94 Ill., p. 379 ; National Bank vs. Whitney, 106 U. S., p. 99; Graham vs. National Bank, 32 N.J. Eq., p. 804 ; Warner vs. Dewitt, 4 Ill. App;, p. 305.)
(See, also, Title" Loans on meal restate," post.)
Estoppel.
I. A shareholder in a national bank, who has participated in its transactions as such, and received dividends, is estopped from denying the legality of its incorporation. The same rule applies to one accustomed to deal with a national bank as such, as by giving his promissory note to such bank. (Wheelock vs. Kost, 77 Ill., p. 296; Nalional Bank of Fairhaven vs. Phenix Warehousing Company, 6 Hun. [N. Y.], p. 71; Casey vs. Galli, 94 U. S., p.673, and numerous cases therein cited.)
II. The Manufacturers' National Bank of Chicago, defendant, being the city correspondent of the People's Bank of Bellecille, plaintiff, guaranteed to the latter bank the payment of certain notes of one Picket, pursuant to an agreement that thus guaranteed their amount should be, as it was, delited to the account of the Belleville bank. Such agreement, and the guarantee in pursuance thereof, were made by the vice-president of the defendant bank, with the assent of the president and cashier, but without the assent of the directors. Held, that under the circumstances the defendant bank was estopped from setting up, as a defense, that such grarantee was ultra vires. (People's Bank: vs. National Bank, 101 U. S., p. 181.)
[Note.-It will be observed that this decision stops far short of legalizing naked accommorlation paper made by a national bank.]
III. A national bank which has wrongfully converted to its own use the property of another, is estopped from denying its liability to account therefor apon the ground that it received and held the property in carrying on the business of a warehouseman, outside the powers conterred by its charter. (German National Bank vs. Meadowcroft, 2 Thomp. Cases, p. 462. Sup. Court Ill.)
Evidence.
I. Even if it be within the authority of the president of a national bank to bind the bank by an agreement with the acceptor of a draft, which is discounted by the bank, not to enforce the draft against him, yet oral evidence of such an agreement is not competent in defense of a suit by the bank against the acceptor. (Davis vs. Randall, 115 Mass., p. 547.)
II. The certificate of the Comptroller of the organization of a national bank is conclusive evidence as to the completeness of such organization, in a suit against one of its shareholders. (Casey vs. Galli, ante; Thatcher vs. West River National Bank, 19 Mich., p. 196.)
III. In ordering an assessment for the payment of the debts of an insolvent bank, the stock certificates and stock ledger of the bank must be taken by the Comptroller of the Currency, in the absence of fraud or mistake, as showing who the stockholders were at the time of the failure. (Davis vs. Essex, Baptist Society, 44 Conu., p. 582.)
IV. The maker of a certificate of deposit cannot overcome its effect, as proof of a deposit actually made, except by clear and satisfactory evidence. (First National Bank of Lacon vs. Meyers, 83 Ill., p. 507.)
Interest.
I. Under section 30, act of 1864, a national bauk in any State may take as high rate of interest as by the laws of such State a natural person may stipulate for, although State bauks of issue are restricted to a less rate. (Tiffany vs. National Bank of the State of Missowri, 18 Frall., p. 409.)
II. As the action was virtually brought to recover the penalty for usury, the statute (section 30) must receive a strict construction. (Ibid., p. 409.)
[Note.-In Missouri, natural persons may take ten per cent., but State

Inferest-Continued.
banks are restricted to eight per cent. In this ease the national bank had taken nine per cent.-Meld, legal.]
III. In a suit by a national bank upon a bill of exchange discounted by it, the acceptor cannot set up br was of counter-clam, or set-off, that the bank in disconuting a series of hins of said acceptor, the proceeds of which it used to pay other bills, knowingly took, and was paid, a greater rate of interest than that allowed by law. Bomotvs. Notioum Bamk, 98 U. S. [8,Otto], p. 555.)
IV. The act of June 3, 1864 (R.S. sec. 5198), having prescribed that, as a penalty for such taking, the person paying sucb unlawfin interest, or his legal representative, mar in an action of dot against the bank recover back twice the amount so paid, he can resoct to no wher node or form of procedure. (Brown vs. Second National Mank of Erie, 72 Pa., p. 209; Barnett vs. National Bank, 98 U. S., p. 555. )
[Note.-The above case of Barhett vs. National Bank, 98 U. S., p. 555, overrules several State adjudications, and settes several points in regard to usurious interest as aftecting loans by national banks. It holds that when suit is bronght by such bank to recover a loan made at usurious rate, stipulated for, but not paid, the entire interest thus agreed upon, but no part of the priacipal, is forfeited, and the latter may lee recovered in full; that when the usnrions interest has been paid, twice its sum may be recovered back by the borrower, but this can only be done by a suit directly brought for that purpose, which suit must be in the nature of an action of debt, commenced, of course, within the two years specified. Suppose, then, A borrows $\$ 1,000$ from a national bank on 90 days' time, and for the loan actually pays usurious interest in advance. Suppose his paper is protested and suit is brought upon it. It follows that while A cannot offset twice the usurious interest he has paid, nor any part thereof, in reduction of the face of his paper, the bank can recover from him not only the principal of the loan, but legal interest thereon from the date of maturity of the note or bill.]
(See, also, Natl. Bank vs. Dearing, 91 T.S., p. 29, and Title "Usury," post.)
V. On claims of creditors.-Where a national bank is put in charge of a receiver, under section 50 of the original Currency Act (R. S., sec. 5234), and a sufficient sum is realized from its assets to pay all claims against it and leave a surplus, the Comptroller ought to allow interest on the claims during the period of administration, before appropriating the smrplus to the stockholders of the bank. An action of assumpsit by the holder of such a claim will not lie against the Comptroller, nor against the receiver, but will lie against the bank. (Chemical National Bank vs. Bailey, 12 Blatchf., p. 480.)
VI. In such action interest is recoverable on all demands originating in contract conditioned for the payment of interest, and on all demands for money due and unpaid, by way of damages for non-payment after such demands became due. And interest is recoverable on a balance due a depositor in such loank, although he has made no formal demand of payment. (Ibid.) But, as to this last point, see the ruling of the Supreme Court.
VII. In the case of National Bank of the Commoncealth vs. Mechanies' National Bank, 4 Otto, p. 437, the United States Supreme Court decided that a depositor in a national bank, when it suspends payment and a receiver is appointed, is entitled from the date of his demand to interest on the deposit; that the claims of depositors in such bank at date of suspension, for the amount of their deposits, are, when proved to the satisfaction of the Comptroller of the Currency, placed upon the same footing as if reduced to judgments; that is to say, they draw interest from the time of such proof and allowance. It was also decided that, such interest being a liquidated sum at the time of the payment of the deposit, an action lies to recover it, and interest thereon.
VIII. When the Comptroller assesses shareholders to pay the debts of an insolvent national bank, such assessment bears interest from the date of the Comptroller's order. (Casey vs. Galli, ante.)
Judgments.
I. A judgment against a national bank in the hands of a receiver, upon a claim, ouly establishes the validity of such claim; the plaintiff can have no execution on such judgment, but must await pro rata distribution. (Bank of Bethel vs. Pahquioque Bank, 14 Wall., p. 383, and Clifford, J., p. 402.)

## Jurisdiction.

I. A United States district court has juristliction to anthorize a receiver of an insolvent national bank to compromise a debt. (Matter of Platt, 1 Ben., p. 534.)

## Jurisdiction-Continued.

II. A resident (citizen) of Kentucky ras a creditor of a national bank located ib Alabama, and commenced a suit on his clain against said bank in the supreme court of the State of New York, at the same time attaching certain moneys belonging to said bank, in the hands of the National Park Bank, in New York. Subsequently the receiver of the Alabama bank (which had failed) was, on his own motion, made party defendant to the action pending in the New York supreme court, and pleaded "want of jurisdiction," and other defenses. The supreme court overruled his plea to the jurisdiction, rendered judgment against the receiver on the merits, and ordered satisfaction to be made from the moneys attached. Thereupon the receiver filed his bill in chancery in the United States circuit court for the proper circnit, praying an injunction to restrain the collection of the judgment rendered by said supreme court, and that the moneys attached be paid to him as receiver. Held, that, by the provisions of the Currency Act, the State court was deprived of jurisdiction of the attachment proceedings; that the receiver was not estopped by the proceedings in said State court from asserting his rights in said circuit court, and that he was entitled to the relief prayed for in his bill. (Calle, Receiver, \&c., vs. Trecy, 11 Blatehf., p. 101.)
(See, also, Title " Receivers," VII, post.)
III. State courts have no jurisdiction of actions to recover penalties imposed by the National-Bank Aet. (Newell vs. National Bank of Somerset, 12 Bush. [Ky.], p. 57.)
(See, also, Title "Eubezzlement," IV, ante.)
IV. The United States circnit court has no juriseliction of a snit by a private person to restrain or interfere with the Treasurer of the United States or the Comptroller of the Currency in the discharge of their duties in respect to bonds deposited to secure the redemption of circulating notes of a national bank. (Fan Antucerp vs. Hulburd, 7 Blatelf., p. 426.)
V. An action will not lie against the Comptroller nor the receiver, upon a clain against an insolvent natioual bank, but will lie agaiust such bank. (Chemical National Bank vs. Bailey, ante. See, also, Bank of Bethel vs. Pahquioque Bank, ante.)
VI. A national bank cannot be sued in the United States district courts outside of the district where it is located. (Main ws. Second Nat. Bank of Chicago, 6 Bissell, p. 26.)
VII. Nor can such action be brought against a national bank in a State court, save in the county or city where it is located. (Crocker vs. Marine National Bank, 101 Mass., p. 240.)
(See, also, Title "Action," VII, ante; also "EmbezzLiement," IV, ante.) VIII. The provision of Section 5198, U. S. Rev. Stats., requiring that suits, actions, and proceedings against a national bank in any State, county, or municipal court must be brought in the county in which such bank is located, are held to apply to transitory actions only, and not to such actions as are by law local in their character. (Casey, Receiver, ge., vs. Adams, 2 Thomp. Cases, p. 102. U. S. Supreme Court.)
[NOTE.-The jurisdiction of the local court was sustained in this cause, although it seemed clear that a complete remedy might have been had in the U. S. circnit court at New Orleans, where the bank was situated.]
IX. National banks are not entitled, by force of the National-Bank Act, to have any suit in a State court, wherein they are parties defendant, removed to a Federal court. (TFilder ws. Union National Bank, 2 Thomp. Cases, p. 124.)

Loans in excess.
I. A loan by a national bank in excess of the restriction of section 29 of the act of 1864 (Revised Statutes, section 5200(), which provides that the total liabilities of any person (borrower) shall not exceed ten per centum of the capital stock, \&c., is not roid on that acconnt. The loan may be enforced, though the bank may be liable to proceedings for forfeiture of its privileges, de., for making it. (Stewart vs. National Lnion Bank of Maryland, 2 Abb., Thited States, p. 424. See, also, O'Hare vs. Second National Bank, 77 Pa., p. 96.$)$
II. In Samuel M. Shoemaker vs. The National Mechanics' Bank, and The same vs. The National Cnion Bank, appication for injunction, \&e., United States cirenit court, Baltimore, Md., Judge Giles held, * * * "As to the first charge in this bill against the defendant, in reference to the amount loaned to Bayne $\& \mathcal{C}$ Co., in violation of the twenty-ninth section of the act of June 3,1864 , I would only say that the loan made under such circumstances is

JoAŇ in mxoms-Contimued.
not void ; it can be euforced as any other loan made by the bank." (Vide 31 Md., $\mu$. 396.)
[LI. The validity of a loan in excess of the above-namen statutory restriction was established and set at rest by the decision of the United States Supreme Court, in the case. of Gold Mining Compeny vs. Rocky Mountain National Banh, 96 L. S. [; Olto ], i. 640 .
Loans on real estate.
I. A executed a note to $B$, ani, to secure payment thereof, also executed a deed of trust on lands, which was in effect a morterage, with a power of sale thereto annexed. A natioual bank, on the secrifity of the note and deed, loaned money to $B$, who therempon assigued them to the bank. The mote not being paid at matuity, the tmatee was proceeding to sell the lands pursnant to the power, when A filed a bill in chancery to enjoin the sale upon the ground that by sections 5136-37, Revised Statuites, the deed did not inure as a security for a loan made by the bank at the time of the assignment of said note aud deed : Held, that the bank was entitled to enforce collection of the note by a sale of the lands pursuant to the power in the deed of trust. (Enion National Bank of St. Louis vs. Mattheus, 98 E. S. [3 Otto], p. 621.) Mr. Justice Miller dissented, holding the note valid, but that the deed was inoperative as security to the bank.
[Note.-It is now well settled that a mortgage given to secure a loan from a national bank, executed directly to the bank when the loan is made, is valid, unless set aside by proceedings institnted for that purpose by the government. National Bank vs. Whituey, 103 U. S., p. 99. Graham vs. National Bank, 32 N. J. Eq., p. 804. Warmer vs. Dewitt, 4 Ill. App., p. 305.]
Loans on shares.
I. National banks are governed by the act of 1864 , which repealed the act of 1863, and cannot, therefore, make loans on the security of their own shares, unless to secure a pre-existiug debt, contracted in good faith. (Bank, fro., vs. Lanier, 11 Wall., p. 369.)
II. The placing of funds by one bank on permanent deposit with auother bank is a loan within the spirit of section 35 of act of 1864 . ( $\mathrm{Tbid}, \mathrm{p} .369$.)
III. Loans by such banks to their shareholders do not create a lien on the shares of such borrowers. (Ibid, p, 369.)
(See, also, Bullard rs. Bank, 18 Wall., p. 580 ; and "By-Laws," supra.)
IV. But a national bank has the right to make loans on negotiable notes secured by the stock of another corporation, of marketable values. (Shoemaker vs. National Mechanics' Bank, 1 Hugh., p. 101.) The same doctrine was also held in case of Germamia National Bank et al. vs. F. F. Case, receiver, fo., decided by the United States Suprene Court at its Iast term. It will be reported in 49 U . S.
Location.
I. Under sections $6,8,10,15,13$, and 44 of the original Currency Act ( 13 Stat. at Large, 101), respecting the location of banking associations, a national bank is to be regarded as located at the place specified in its organization certificate. If such a place is in a State, the association is located in that State. (Manufacturers' National Bank vs. Baack, 8 Blatchf., p. 13خ.)

## Orvicers.

1. Cashmer. The cashier is the general executive officer of a bank, having charge of its funds, notes, bills, and other choses in action. Either directly or through his subordinates he receives all moneys and notes of the bank, delivers up discounted paper when paid, draws checks to withdraw funds of the bank when deposited, and generally, as such executive officer, transacts most of the bank business. (United States vs. City Bank of Columbus, 21 How., p. 356, and numerous later decisions.)
II. But the cashier can make no declaration binding the bank not within the scope of his general powers. (Bank of Metropolis vs. Jones, 8 Pet., p. 12; S. P., 3 Watts ${ }^{9} S .$, Pa., p. $317 ; 3$ Gill [Md.], 1.96.)
III. A cashier who has made sale of corporate property, and holds a balance in his hands, is the agent of the board of directors, and not of the respective stockholders, and cannot be charged by an individual stockholder as holding such balance for his benefit. (Brown vs. Adams, 5 Biss., p. 181.)
IV. A cashier, without special authority, cannot bind his bank by an official indorsement of his individual note, and the onus is on the payee to show such

Officers, Cashier-Continued.
authority. (Hest Saint Louis Sacims lifut vs. Shacnet Co. Bank, 3 Dill, p. 403.)
Y. Although the cashier of a bank may. in threrdmary course of business, without the action of the directors, dinuose of the negotiable securities of the bank, he has not the power to pledge its assets for the payment of an antecedent delnt. (Slate of Tennessee vs. Faris, 50 How. [N. J.], p. 447.)
VI. A cashier has not the anthority to compromise or release a claim of the bank. (Chemical Bank rs. Fohner, 8 Daley [N. Y.], p.530.)
VII. Dinectors. It is the duty of directors of a bank to to use ordinary diligence in acquiring knowledge of its brsiness. They cannot be heard, when sued, to say that they were not apprised of facts the existence of which is shown by the books, accounts, and correspontence of the bank. They should control the subordinate officers of the bank in all important transactions. Therefore, under the circunstances proved in this particular case, they were held liable for the abstraction and sale of special deposits by the latter. (United Society, \&̧., vs. Underwood, 9 Bush [Gy.], p. 609; German Bank vs. Wulfekuhler, 19 Kansas, p. 60.)
VIII. The cashier of a national bank, who hat execnted no bond, embezzled its funds, discovery whereof might have been effected by use of slight diligence on the part of the directory. They, however, published, according to law, a statement of the condition of the bank, which showed that its affairs were being prudently and honestly administered, and from which the pablic had a right to believe that he was trastworthy. Afterward, persons who had seen this report became sureties on the ofticial bond of the cashier, and for his subsequent embezzlements were sought to be held liable thereon: Held, that such sureties, being mislead by the statement, were released. They had a right to believe that the directors, before publishing it, investigated the condition of the bank. (Graves vs. Lebanon Vational Bank, 10 Bush [Ky.], p. 23.)
IX. The mere fact that directors of a bank knew of and sanctioned overdrafts will not release from liability the sureties of a teller who canses a loss to the bank by permitting overdrafts; for the directors of a bank have no power to sanction overdrafts. (Market Stret Bauk vs. Shampe, 2 Mo., app., 545.)
X. President. A guarantee against loss for signing as surcties, given by a bank president without authority from the clirectass, to those whom he had solicited thus to sign a note, given to the lank to retire a prior note held by it against their principal, is held to be the individnal contract of the president, and not binding upon the bank. (First National Bank vs. Bemett, 33 Mich., p. 520.)
XI. A president of a bank bought the stock of A. for $\$ 1,000$, and in payment gave $u p$ to A. his note for that amount, which the bank held against A.: Held, that the President exceeded his powers, and that the bank could recover from A. the amount of the note thus sumendered. (Rhoads vs. Webl, 24 Minn., p. 292.)
XII. A president of a bank, who, with the cashier, had the general charge of its. business, permitted and directed the drawing of moneys from the bank by one irresponsible, without security, and for a business in which the president was interested with the party drawiug the funds. He requested the cashier not to say anything of it to the directors: Held, that the president was personally responsible for the moners thus drawn. (First National Bank of Sturgis vs Reed, 36 Mich., p. 263.) Guere: Would not an indictment for embezzlement lie miter the National-Bank Act:
XIII. The presitent of a bank, as such, has no authority to release the claims of the bank against any one. Such authority must come from the directors, by vote or implication. (Olney vs. Chudsey, z IR. I., p. 224.)
Post-notes.

1. Certificates of deposit, payable at a fixed future day, held to be equivalent te post-notes, and therefore voil, as prohibited by a State law. (See, ante, Title, " Deposits, Certificates of," IV, and cases there cited.)

## Regeivers.

I. The receiver of a national bank is the instrument of the Comptroller, and may be removed by him. (Kennedy vs. (ribson, 8 Wall., p. 505.)
II. Such receiver is the statutory assiguee of the assets of the bank, and may sue to collect the same in his own name, or in the name of the bank for his use. (Ibid., p. 506.)

Recervers-Contimuerl.
III. In such snit it is not becessary to make the hank or creditors parties. (Ibid., p. 506.$)$
IV. The receiver of a mational bank represents such bank and its creditors, but he in mo sense represents the United States Government, and cannot subject the govermment to the jurishiction of any court. (Case vs. Tervill, 11 Wall , p. 199.)
V. The decision of a receiver, rejecting a claim against his bank, is not final. Claimant may still suc. (Bauk of Bethel vs. Pahquioque Bank, 14 Wall., p, 3s3.)
VI. The clanse of section 50 , act of 1864 , which prescribes that the receiver shall be " under the direction of the Comptroller," means only that he shall be subject to his direction, not that he shali not aet withont orders. He may ant must collect the assets. That is what he is appointed for. (Bradley, J., in Bank vs. hennedy, 17 Hall., pp. 22-3.)
VII. Receivers of national banks are oficers of the United States, within the meaning of the act of Congress of March 3,1815 , giving United States courte jurisdiction of actions by United States otheers, and may sue in such courts. (Platt, receiver, fc., vs. Beach, 2 Ben., p. 303.)
[Norim.-The judge places stress upon the provision of section 31 of the act of 1864, which requires (in that particular instance) that the Secretary of the Treasury shall concur in the appointment of the receiver.]
VIII. Receiver not liable to be sued on a claim against the bank. (See Title "Jurisdiction," V, ante.)
SET-OFF.
I. In an action brought to enforce the individual liability of a shareholder of an insolvent bank, such shareholder cannot set off against such liability the amonnt due to him as a creditor of the bank. (Garrison vs. Howe, 17 N. Y., p. 458 ; In re Empire City Bank, 18 N. I., p. 199.)
[Nore.-Thongh these cases were deciled by a State tribunal (New York court of appeals), and the rulings were based upon provisions of a State constitution and a State statute, yet the principle they enmeiate is recognized and fully affirmed in Sawyer vs. Hoag, 17 Wall., p. 610, and Scammon vs. Kimball, 2 Otto, p. 342. See, also, Venango National Bank vs. Taylor, 56 Pa., p. 14.]
II. A creditor of an insolvent national bank, being such at date of its suspension, may set-off the amonnt of his claim against any claim held by the bank against him at the same date; as, for example, his note, even though such note had not then matured. (Berry vs. Brett, 6 Bos. [N. Y.], p.627; New Amsterdam Savings Bank vs. Gartter, 54 How. [P. R.], p. 385 ; Platt, receiver, vs. Bentley, 11 Am. Law Register, p. 171 ; Hade, receiver, vs. McVay, 31 O. St., p. 231 ; same case, Brown's National Bankrupt Cases, p. 353 ; and see the cases cited on p. 357, viz, 56 Maine, 167; 1 Paige [N. Y.], p. 444 ; 12 Gray [Mass.], p.233.)
III. Usurions interest paid cannot be set-offi. (Hade vs. MeVay, 31, O. St., p. 231 ; Barret vs. National Bank, 98 U.S., p. 555.

## Sharehommers.

I. General rules. A person is presumed to be the owner of stock when his name appears on the books of a company as a stockholder; and when be is sued as such, the burden of disproving such presumption is cast upon him. (Turnbull vs. Payson, 95 U. S. [5 Otto], p. 418.)
II. Shareholders have no standing in court to interfere for the protection of their company, until the board of directors has neglected, or refused on application, to take the proper steps to protect the interests of the company, (Fifth National Bank, fe., vs. Railroad Co., 2 Thomp. Cases, p. 190.)
III. Shares of stock in a national bank are salable and transferable like other personal property; and the statute recognizes this transferability by authorizing each association to prescribe the manner of their transfer. (Johnstom vs. Lafmin, 103 U. S., per Field, J., on p. 803.)
IV. This power can only go to the extent of prescribing conditions essential to the protection of the association against fraudulent transfers, or such as are designed to evade just responsibility. It must he exercised reasonably. Transfers cannot be clogged with useless restrictions, nor be made dependent on the consent of directors or stockholders. (Ibid.)
V. As between the parties to a sale, it, is enough that the certificate of stock is delivered, with authority to the purchaser, or any one he may name, to transfer it on the books of the association, and payment of the price. (Ibid., p. 804.)

## Shareholders-Continued.

VI. The entry of the transaction on the books of the association is required, not for the translation of title, but for the protection of parties and others dealing with the bank, to enable the bank to know who are its stockholders, entitled to vote and receive dividends. It is necessary to protect the seller against subsequent liability as stochholder, and, perhaps also, to protect the purchaser against proceedings by creditors of the seller. (Ibid., Field J., p. 804.)
VII. When a mational bank reduces its capital, cach shareholder is ontitled to a return of his proportional amount, and the bank cannot retain the funds as surplus, or for any other purpose; and having refused to permit shares thus retired to be transferred on its books, the bank is liable for the value of the shares to the holders. (Seeley vs. New York National Exchange Bank, 4 Abb. New Cases, p. 61.)
VIII. Inimidual liability of. The Comptrollei must decide when and for what amount the personal liability of the shareholders of an insolvent national bank shall be enforced. (Kennedy vs. Gibson, 8 Wall., p. 505.)
IX. His decision as to this is conchasive. Shareholders cannot controvert it. (Ibid., p. 505; Casey vs. Galli, 94 U. S. [4 Otto], p. 673; Germania National Bank et al. vs. Case, Receiver, U. S. Supreme Court, not yet reported.)
[Note.-These cases are decisive agaiust the ruling in Bowden vs. Morris, 1 Hugh., p. 378.]
X. In any suit brought to enforce such personal liability, snch decision of the Comptroller must be averred by the plaintifi, and, if put in issue, must be proved. (Kennedy vs. Gibson, supra.)
XI. The liability of shareholders is several, and not joint. (Ibid., p. 505.)
XII. The limit of such liabilities is the par value of the stock held by each one. (Ibid., p. 505.)
XIII. Where the whole amount is sought to be recovered, the proceeding must be at law; where less is required, the proceeding may be in equity, and in such case an interlocutory decree may be taken for contribution, and the case may stand over for the further action of the court, if such action should subsequently prove to be necessary, until the full amount of the liability is ẹxhansted. (Ibid., p. 505.)
XIV. In such equity suit, all shareholders within the jurisdietion of the court should be made parties defendant; but it is no defense that those not within the jurisdiction are not joined. (Kenncdy vs. Gibson, supra.)
XV. Suits to enforce personal liability of shareholders may properly be brought before other assets are exhausted. (Ibid., pp. 505-6.)
XVI. One Stevens bonght shares in a national bank, and cansed them to be transferred to one Elston, a porter in the oftice of his New York broker, and irresponsible. At the time of the transfer, there was no suspicion of the insolvency of the bank, and it remained in good credit for more than a year afterward: Held, that Stevens was liable as stockholder upon the failure of the bank. (Davis, Receiver, vs. Stevens, '2 Thomp, Cases, p. 158. U. S. circuit court southern district N. Y., per Waite, C. J.)
XVII. Where, before the failure of a bank, stock was transferred on its books to the name of an irresponsible person, for the purpose of escaping liability, and so stood at the time of the appointment of a receiver: Held, that the receiver could show who the real owner was, and that the latter was liable for the assessment. (Ibid.)
XVIII. Ratable hability of. Mr. Morse, in his Treatise on Banks, \& c., second edition, p. 503 , states the law in substance as follows: "The liability of each stockholder is precisely for his ratable proportion of that indebtedness of the bank which is to lie borne by the shareholders. It is for his share of such total indebtedness, not for his proportion of each item thereof. Neither are the solvent shareholders, or those who can be come at for collection, liable to assessment beyoud the proportional amount as above stated, by reason of the insolvency or inaccessibility of others of the shareholders. Those who are solvent and accessible have not the burden of paying oft the sum which is due from all together; only their own proportionate share." This theory was fully sustained by the United States Supreme Court, in the case of United States vs. Inox, 102 U. S., p. 422. Sce also the cases there cited.
XIX. Liability of executor, administrator, and heips of. Where stockholder died before failure of bank, stock not having been transferred to name of administrator: Hell, that the stoek is not to be regarded as having been at the time of the failure the property of the administrator, in such a sense as to constitute him a shareholder within the meaning of sec. 5152, U. S. Rev. Stat., so as to limit liability of the estate to funds actually in the hands of administrator. Held, also, that the provision of the act exempting execu-

Sharfholders, habimty of exteutor of, de.-Continucd.
tors, administrators and trustees from personal liahility was not intended to affect the liability to assessment of estates in process of settlement, but only to prevent a peroonal liability from ruming against persons acting in a trust capacity. who had received the stock for the benefit of trust estates. (Davis vs. Weed, 44 Conu., p. 569.)
XX. The liability of a stockholder is in the nature of a contract, and as such was a personal liability, for which his estate was holden at his death. (Dacis vs. Weed, supra, citing Hawthorne vs. Calef, 2 Wall., p. 22; Lowry vs. Jamen, 46 N. F., p. 119 ; Bailey vs. Hollister, 26 N. I., p. 112.)
XXI. Liability of teustee of. To protect trustee of stock from personal liability it must appear mpon the books that he held as such trustee. (Daris vs. Essex Baptist Society, 44 Conu., p. 582.)
XXII. Creditors have a right to know who have pledged their personal liability. (Ibid.)
XXIII. If a trustee wishes to disclose his trusteeship, there is no difficulty in giving notice upon the books of the bank. If he does not do so he is guilty of laches, for which others should not suffer. (Ibid.)
XXIV. The settlement of the affairs of an insolvent bank would be rendered a matter of great labor, expense, and delay if persons who appeaved upon the books of the bank as individual stockholders were permitted to relieve themselves by proof aliunde that they held the stock as executors, guardians, or trustees. (Ibid.)
[Note.]-The last-cited case, and Davis vs. Teed, supra, although reported in the Connecticut Reports, were decided by the United States district court.]
XXV. Liability of transferee of. The transferee of shares, when such transfer is absolute on the books of the bank, is liable to creditors to the amount of such shares, although in fact he holds them as collateral secnuity for a loan to the shareholder who transferred them. (Hale vs. Walker, 31 Lowa, p. 614 ; Adderley vs. Storm, 6 Hill, p. 624 ; Van Riker's case, 20 TFend., p. 614 ; Bocden, Receiver, vs. Santos et al., 1 Hugh., p. 158; Mavey vs. Clark, 1\% Mass., p. 330.)
[Note.-In the Bankers' Magazine for January, 1875, is a notice of the case of Mann, Receiver, vs. Dr. Cheeseman, decided by Blatchford, J., in the United States circuit conrt, in New York, in which the judge held that until there was a transfer of shares on the books of the bank, the shareholder whose name there appeared was liable for the debts of the bank; that an actual sale and the signing of the ordinary power of attorney on the back of the certificate will not relieve the seller. To the foregoing rulings of State and other subordinate tribunals may now be added the decision of the Supreme Court of the United States, in Germania Bank et al. vs. Case, Receiver, already cited. The Germania National Bank of New Orleans discounted a note for the firm of Phelps, McCullough \& Co. for $\$ 14,000$, at ninety days, taking as part security therefor the pledge of 100 shares of the Crescent City National Bank stock, with power of attorney to the Germania cashier to transfer, sell, \&e., on default in payment of the note. Phelps, McCullough \& Co. failed, and the note was protested at maturity. Prior to the maturity of the note, the Crescent City Bank sustained such heavy losses that it was notoriously in bad repute in New Orleans; and yet, when the note fell due, the cashier of the Germauia immediately transferred to his own bank, upon the books of the Crescent City Bank, the 100 shares so pledged. Afterwards, on the same day, he transferred 76 of these shares to one Waldo, a clerk of the Germania Bask; and on the day following transferred the remainder to said Waldo. It was proved that Waldo paid nothing, was the mere agent of the Germania Bank, which still owned the 100 shares as security for the payment of said note, and that one of the principal reasons for the transfers to Waldo was the possible liability of the shareholders of the Crescent City Bank for its debts in case of insolvency. Soon after the Crescent City Bank failed. Held, per Strong, J., that the transfers to said Waldo were void as against said receiver, and that although the Germania Bank only held said shares as collateral security for the payment of said discount, it was still liable as owner for the assessment in this case ordered by the Comptroller. The opinion is able and fortified by unmerous authorities. In this same case, at a former term, upon a motion to dismiss the appeals of certain of the appellants, the Supreme Court recognized the right of the Comptroller to make an additional assessment, if deemed necessarr; and for this reason sustained the appeals, holding that the matter in dispute was, or might be, over $\$ 5,000$, although the decrees appeated from were severally less than that amount. The assessment was for 70 per ceut.]
(See, also, Pullman vs. Cpton, $96 \mathrm{U} . \mathrm{S} .[6 \mathrm{Otto}], p .32 \mathrm{~s}$, as to liability of transferce.)

## Shares of stock.

I. A national bank whose certificates of stock specify that the shares are transferable on the books of the bank on surrender of the certificates, and not otherwise, and which suffers a shareholder to transfer without such surrender, is liable to a bona fide transferee, for vahue of same stock, who produces such certificate with usual power of attorney to transfer; and this is so though no notice had been given to the bank of the transfer. (Bank vs. Lanier, 11 Wall., p. 369.)
II. Shares are quasi negotiable. (Ibid., p. 369.)

## Surplus Fund.

I. Where the shares of a national bank are assessed for taxation at their par value, the surplus fund of such bank, in excess of the amount required by law to be kept on hand, is taxable. (First Nutional Bank vs. Peterborough, 56 N. H., p. 38.) But when such shares are assessed at their market value, and the amount of such surplus is taken into account in estimating such market value, it is not taxable. (State vs. City of Newark, 10 Froom [ N. J.], p. 380.)
II. Neither a divideud which has been declared, nor a portion of capital of a national bank remaining after a reduction has been made, can be retained by the directors to constitute a surplus fund. (Seeley ve. New York National Exchange Bank, 4 Abb. [Y. Y.], p. 61.)
III. The surphus fund which a national hank is rerqired, by section 5199 , U. S. Revised Statutes, to reserve from its net profits, is not excluded, in the valuation of its shares for taxation. (Strefford National Donk vs. Dover, 2 Thomp, Cases, p. 296, Sup. Court N. H., following National Banh vs. Commonweath, 0 Wall., p. 353 ; People vs. Commissioners, 94 U. S., p. 415.)
Taxation.
I. By ureense. The District of Columbia imposed a license tax on all the national banks in the District, the rate being 50 cents annually on each $\$ 1,000$ of the capital invested. The Citizens' National Bank refused to pay this assessment, aud a test case was made in the District criminal court, Mr. Justice MacArthur presiding. This court, after full argument, held the tax illegal and void, as being contrary to the mode of taxation prescribed by Congress, which mode was held to be exclusive.
II. Of insolvent banks. A tax levied upon the property of a national bank, subsequent to its insolvency, is subordinate to the rights of a receiver, even though he be appointed after such levy, (Ifodward vs. Ellsworth, 4 Colo., p. 590. )
(See Title "Surplus fund," supra.)
III. Of interest and mividends. Under the intemal-revenue act of July, 1870, interest paid and dividends declared during the last five months of 1870 are taxable, as well as those declared during the year 1871. (Blake vs. National Banks, 23 Wall., p. 307.)
IV. Of shares of stock. The act of 1864 , rightly construed, subjects the shares of the association in the hands of shareholders to taxation by the States, under certain limitations set forth in section 41, without regard to the fact that part or the whole of the capital ot such association is invested in national securities, which are declared loy law exempt frome State taxatiou. (Van Allen vs. Assessors, 3 Wall., 573. Chase, C. J., and other judges dissented.)
V. Act thas construed is constitutional. (Ibid, p. 573.)
VI. A certain statute of New York, which taxed shares of national-bank. stock, declared void, becanse shares of State banks were not taxed, although their capital was; the act of Congress preseribing that shares of national banks shall be taxed only as shares of State banks are. (Ibid, p. 573. The ruling as to taxing shares of stock reaffirmed in Branley vs. People, 4 Wall., p. 459; National Bank vs. Commonwealth, 9 Wall., p. 353.)
VII. In last case, held, that a State law requiring the cashier to pay the tax was valid. Held, also, that a certain State tax law virtually taxed "shares of moneyed corporations," \&c. (Ibid, p.353.)
VIII. Section 5219 of United States Revised Statutes applies to and includes as well the valuation of shares for taxation as the rate of tax to be imposed, and prohibits a State from discriminating, detrimentally to a national bank, as to either valuation or rate. Therefore, a statute of the State of New York which permitted a party, when being assessed, to deduct his just debts from the value of all his personal property, save such as was invested in shares of national-bank stock, was held void as to taxation of such shares. (People vs. Feaver, 100 U. S., p. 539, overruling the jndgment of New York court of a ppeals in same cause.)

Taxation of shares of sto $\quad$ - orminted.
IX. So in mother case, whem lual assessors vabed all other property below its cash worth, but assused shames of national-bank stock at par, or their full value: Held, that the rex vpon shares thus assessed ras invalid, and that, npon payment of the amonnt justly assessable, a court of equity would enjoin collection of the resinhw. (Pelton vs. Commercial National Bank of cleveland, 101 U. S., $A .14 \%$ )
X. Where it appeared that throughont a portion of ohio, including Lucas County, and perhaps all over the state, a settical rule with the equalizing officers was to value real est ate and ordinary personal property at one-third of their worth, while moneyed capital was fixed at three-fifths, and the State board of equalization, withont changing the valuation thus made of real estate and ordinary personalty, assessed nationti-bunk shares at par: Held, that such unequal valuation was in violation of the constitutional rights of such shareholders; and, on payment of the tax justiy due, equity would enjoin collection of the residue. (Cammings is. Derckints' Nalional Bank of Toledo, 101 U. S., p. 153.)
XI. Shares of stock in mational banks are persoual property, and thongh in one sense incorporeal, the law which created them could separate them from the person of their owner, for taxation, and qive them a situs of their own. (Tappan, Collector, rs. Bank, 19 Wall., p. 4!0.)
XII. Section 41 did thus separate them and give them a situs of their own. (Ibid, p. 490.)
XIII. This provision of the National Currency Act became a law of the property (in shares), and every State in which a bank was located acquired jurisdiction, for taxation, of all the shares, whether owned by residents or non-residents, and power to legislate accordingly. (1bid, p. 490.)
XIV. Under the act of Congress of February 10, 1868, enacting that each State legislature may direct the manner of taxing all shares of stock of national banks located within the State, subject to the restriction that the taxation shall not be greater than the rate assessed upon other moneyed capital in the hands of individual citizens of such State, and of a certain act of the legislature of Pennsylvania which provided that such shares shall be assessed for school, municipal and local purposes at the same rate as is now or may hereafter be assessed and imposed upon other monesed capital in the hands of individual citizens of the State: Held, that shares of national-bank stock may be valned for taxation for county, school, municipal, and local purposes, at an amount above their par ralue. (Hepburn vs. School Divectors of the boroufth of Carliste, 23 Wall., p. 480.)
[Note,-In this case it appeared that Heplumn owned several thousand dollars of national-bank stock, the par value of which was $\$ 100$ per share, and that it was valued for taxation, for a school tas, at $\$ 150$ per share. This assessment was held valid, notwithstanding that by a certain act of the State legislature, applicable to the county of Cumberland, in which the borough of Carlisle was situated, certain specified kinds of moneyed obligations were exempt from taxation except for State purposes. ]
XY. The rate of taxation of shares of a national bank by a State should be the same as, or not greater than, that upon the moneyed capital of the individual citizen which is liable to taxation; that is, no greater in proportion or percentage of tax on the valuation of shares should be levied than upon other moneyed taxable capitalin the hands of the citizen. (People vs. The Commissioners, \&'c., 4 Wall., p. 256.)
XVI. The act of Congress approved June 3, 1864 (R. S., sec. 5219), was not intended to curtail the power of the States on the subject of taxation, or to prohibit the exemption of particular kinds of property, but to protect the corporations formed under its authority from unfriendly discrimination by the States in the exercise of their taxing power. (Adams rs. Nashrille, $95 \mathrm{U} . \mathrm{S}$. [5 Otto], p.19. See, also, Saint Louis National Bank, National Bank of the State of Missouri, Third National Bank, Valley National Bank, and Merchants' National Bank of Saint Louis, vs. Papin, in United States circuit court, eastern district of Missouri, September term, 1876. Also, Gallatin Vational Bank of New York vs. Commissioners of Taxes, supreme court of New York, first department, general term, Norember, 1876. These latter cases are published in the Bankers' Magazine for December, 1876.)
XVII. Of town and ciry notes, etc. Section 3413, U. S. Revised Statutes, which enacts that every national bank, State bank, or banker, or association, shall pay a tax of ten per centum on the amount of notes of any town, city, or municipal corporation paid out by them, imposes the tax thus laid, not on the notes, but on their use as a circulating medium, and is therefore constitutional. (National Bank vs. Enited States, 101 U. S., p. 1.)

## Tbansfers of assets.

I. A preference of one creditor to auothre, within the meaning of section 5242, Revised Statutes. is a preference given by the bank to secure or pay a preexisting debt. Where a person, knowing that a national bank is embarrassed, makes to it a loan, taking as sectrity therefor a pledge of part of the assets of the bank, this transfer does not give him the preference prohibited by the statute. (Casey vs. Le Société de Crédit Mobilier, 2 Woods, p. 77. .)
II. Whey rot binming. Uuder said section 5242 , which declares void transfers of its property by a national bank, made in contemplation of insolvency, and with a view to give a preference to one creditor over another, or with a view to prevent the application of the assets of the bank in the manner prescribed by law, such a transfer is void if the insolvency is in the contemplation of the bank making the transfer, although the party to whom it is made does not know or contemplate the insolvency of the bank. (Case, Receiter, vs. Citizens' Bank, 2 Woods, p. 23.)
III. As to when a pledge of assets, even when intended as security for a loan to a national bank, will be held invalid, as against geveral creditors, see the cases of Casey, Recpiver, vs. Le Société de Crélit Mobilier; Same vs. National. Park Bank; and Some vs. Schuchardt, 96 C. S., [6 Otto], pp. 467, 492, 494.
Ulita vires.
I. What IS.-National lanks cannot sell milroad bonds for third parties on commission, or engage in business of that character. (Susan Weckler vs. First National Bank of Hagerstoun, court of appeals of Maryland, 42 Md., p. 581.)
II. In au action of deceit against a national bank, for alleged false representations of its teller in the sale to plaintiff of certain railroad bonds: Held, that the selling of such bonds on commission was not within the authorized business of a national bank, and being thus beyond the scope of its corporate powers, the defense of ultra vires was open to it, and it was not responsible for the deceit of its teller. (Ibid.)
III. A national bank has no inherent power to act as agent in the purchase of bonds or stocks for third persons, and its president cannot bind it by an agreement so to act withont special authority. (First National Bank of Allentown vs. Hoch, 89 Penn., $p$. 324.) Quere: If the bank has no such inherent power, how can it confer "special authority" on the president?
[NOTE. - Whether the purchase of promissory notes br a bank empowered to discount them is ultra vires, is a question upon which the adjudications are in conflict. That such purchase is valid, see Pape vs. Capitol Bank of Topeka, 20 Kans., p. 440 ; Smith vs. Exchange Bank 26 O., p. 141, \&o. Per contra, see Farmers and Mechanics' Bank vs. Baldwin, 93 Minn., p. 198 ; First. National Bank of Rochester vs. Peirson, 1 Thomp. Cases, p. 673. There is much in the point that if a national bank can purchase promissory notes, it can do so for such price as the seller may be willing to take; and thus the prohibitions as to usury may be practically nullified. But further, why should not the rule " expressio unius est exclusio alterius" control ?]
IV. What is not.-A uational bank took a lien upon real estate to secure a preexisting debt. Afterward the bank paid $\$ 500$ to discharge a prior lien upon the land, taking a note and mortgage on land in Kansas to stecure this advance. Lien and mortgage held valid and warranted by law. (Ornn vs. Merchants' National Bank, 16 Kans., p. 341.)
V. A chattel mortgaye taken by a national bank to secure a pre-existing debt is valid, ant will be enforced. (Spofford vs. First National Bank, 37 Iowa, p. 181.)
VI. A bank organized under the National-Bank Act has power to sell any immovalle it may own, and may reserve a mortgage and vendor's privilege (lien) thereos. (New Orleans National Bank vs. Raymond, 29 La Annual, $p$. 355.)
VII. It would seem that where a national bank had realized the consideration agreed upon for its guarautee of the paper of another, the doctrine of estoppel in pais precludes such bank from asserting that such guarantee is ultravires. (People's Bank vs. National Bank, 101 C. S., p. 181.)
VIII. A national bank has corporate power to enter into an agreement with a customer to exchange for him non-registered for registered United States bonds; and it is bound by an agreement to that effect, made for a sufficient consideration by its cashier. (Terkes vs. National Bank, 69 N. Y., p. 382.) (See, also, Title "Deposits, spicclal," ante.)
IX. A township in Vermont issued its bonds with interest coupons attached. Each coupon contained an express promise to pay, \&c. A national bank bought of these bonds, and sued the township in assumpsit, on unpaid ceu-

Ultha vires, what is yot-Continued.
pons: Held, that the action was in due form, and that a national bank conld legally buy, hold, aud sue upon such bonds aud upon the coupons. (North Beunington Bank vs. Bennington, 16 Blatchf., p. 53.)
Usury.
I. State laws relative to usury do not apply to national banks. (Farmers and Mechanics' National Bank vs. Dearing, 1 Otto, p. 29.)
II. The only forfeiture declared by the 30th section of the act of June 3, 1864, (Revised Statutes, section 5198), is of the entire interest which the note or lill carries with it, or which has been agreed to be paid thereon, when the rate knowingly reserved or charged by a national bank is in excess of that allowed by that section; and no loss of the entire debt is incurred by such bank as a penalty or otherwise, by reason of the provision of the usury law of a State. (Farmers and Mechanics' National bank is. Dearing, above cited ; National Exchange Bank vs. Moore, 2 Bond, p. 170 ; Barnett vs. National Bank, 98 U. S. [8 Otto], p. 555.)
III. If usurions interest has been paid to a national bank, twice the amount of interest thus paid may be recovered from such bank by the person paying the same, or his legal representative; but as this provision of the statute is penal and the same statute prescribes bow such recovery may be had, no other remedy can be resorted to. It must be recovered, if at all, in a snit in the uature of an action of debt. That the borrower from a national bank has paid usurious interest can avail him nothing, as a defense, or by way of a set off, when sued for the amount of the loan, by the bank. (Earnett vs. National Bank, above cited.)
(See Tille " Interest," ante.)
IV. While the National-Bank Act prescribes penalties for nsury, it does not make the contract (e.g. contract of indorser) void; and for the court so to decide would be to add a penalty not imposed by the statute. This the court will not do. (Oates vs. First National Bank of Montgomery, 100 C. S., p. 239.)
V. The assignee in bankruptey of a borrower from a mational bank may sue for and recover the penalty for having received usurious interest. (Hriyht vs. First National Bank of Greensburg, 2 Thomp. Cases, p. 13®, U. S. Cir. Court, Indiana.)
VI. The exacting of usurious interest by a national bank, upon the discount of a note, works a forfeiture of interest accruing after as well as before the maturity of the note. (National Bank of Uniontown vs. Stauffer, 2 Thomp. Cascs, p. 178, U. S. Cir. Court, western district Penn.)

## Visitorial powers.

I. Section 5241 U.S. Rev. Stats. prohibits a State court from compelling officers of a national bank to produce the bank books, for the purpose of ascertaining facts upon which to impose a State tax upon the deposits of depositors. (National Bank of Youngstown vs. Hughes, Auaitor, \&'c., 2 Thomp. Cases, p. 176. U. S. Circuit Court N. Dist. Ohio.).

Table showing the amonnts of gold coin, silver coin, mper curenoy, and chocks and drafts recetved by the mational banks in New Lork (il, in the otter reserve cities, and in the States and Territories on Jhene 30, 1851.

| Cities, States, and Territories. | No. of banks. | Gold coin. | Silver coin. | $\begin{aligned} & \text { Paper } \\ & \text { curency. } \end{aligned}$ | Checks, diafts. de. | Total. |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| New York City | 48 | \$460, 094 | \$15.947 | \$1, 706, 604 | \$165, 954, 164 | \$167, 437, 759 |
| Boston | 5 | 292.363 | 8,711 | 84R, 004 | 31. 939,002 | 33, 088, 080 |

INDEX OF TOWMS.*

* For list of States and reserve cities, see page ccxxur.

[^0]:    *The reserve cities, in addition to New York, Boston, Philadelphia, and Baltimore, are Albany, Pittsburgh, Washington, New Orleans, Louisville, Cincinnati, Cleveland, Chicago, Detroit, Milwaukee, Saint Louis, and San Francisco.

[^1]:    ${ }^{*}$ Much of the information regarding bills of exchange is gleaned from Macleod's Theory and Practice of Banking.

[^2]:    Since the end of the operations of 1879, we have endeavored to give new advantages to those who had carrent accounts with us, and we have granted them facilities for transfer from one place to another, free of cost, for all sums proceeding from disconnt operations, or the encashment of documents on demand. We have desired to proceed further with this plan, and we have just completed this first arrangement by giving to all those who had current accounts with us, without exception, the means of disposing by open cheques of the whole of the smns which stand to their credit. These cheques, which are subject to a commission when they represent a simple deposit of funds, will, on the contrary, be delivered grataitously when they are drawn against the proceeds of discounts or drafts on demand encashed by the bank, and they will be made payable in all our establishments indifterently. The cheques will thus become a powerful and very convenient means of exchange, which will simplify all transac-

[^3]:    * The capital is for vatious dates, the amount at a miform date in each year not beiug obtainable.
    $\dagger$ Yearly averages for twenţ-eight years. $\quad \ddagger$ Totals for twenty-cight years.

[^4]:    * Estimate of Director of the Mint, which includes bullion in process of coinage.

[^5]:    * The Navy pension fund, amounting to $\$ 14,000,000$ in 3 per cents., the interest upon which is applied to the payment of naval pensions exclusively, is not included in the table.

[^6]:    If the ratios of the loans of the banks in New York City to their capital, surphas, and net deposits be examined, it will be found that in October of 1879 and 1880 , thicy were 70.8 per cent., in 1878 but 65.4 per cent., in 1877 but 68 per cent., and in 1876, 65.1 per cent.; and that the loans are now proportionately higher than at any time since 1873. The means of the banks in Boston and the other reserve eities were more fully employed in October than they were at the comesponding dates for the two previous years, though the busiuess of the banks was not as mach extended as it was duriug the four years following the crisis of 1873.

    The ratios of the loans of the banks in the country districts were, on October 1, last.
